Item 8. Financial Statements and Supplementary Data

Notes to Financial Statements

Note 8. Financial Instrument Risks:, page F-12

1. We note that the Partnership and the master fund may make investments in assets that are not traded on an exchange. Explain to us the Partnership's and master fund's policy for determining the fair value of these assets. Additionally, to the extent the Partnership or master fund have any such investments as of period end, tell us how you determined that it would not be necessary to disclose the Partnership's and master fund's methodology for calculating the fair value in the Accounting Policies footnote.

As appropriate, please respond to this comment within 10 business days or tell us when you will provide us with a response. Please submit a response letter on EDGAR that keys your responses to our comment and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your responses to our comment.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comment, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filings;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filings; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
