L.P. II)  
Form 10-K for Fiscal Year Ended  
December 31, 2008  
Filed March 31, 2009  
File No. 000-51282**

Dear Mr. Pacucci:

We have reviewed your response letter dated November 23, 2009 and have the following additional comments. If you disagree with our comments, we will consider your explanation as to why our comments are not applicable. Please be as detailed as necessary in your explanation.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10-K for the year ended December 31, 2008  
General

1. Please revise future filings to provide an additional table that reflects value at risk for the Partnership's portfolio as a whole.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, page 19

Capital Resources, page 22

2. We have reviewed your response to comment 9 of our letter dated September 17, 2009, however, we continue to believe that additional disclosure would be appropriate. Please revise future filings to include a brief description of how you fund redemptions, similar to the description provided in your response.

Results of Operations, page 22

3. We have reviewed your response to prior comment 3. Please confirm that in future filings you will discuss the reasons why CGM pays interest on 80% of your average daily equity maintained in cash in your brokerage account. In addition, please disclose and quantify the remaining 20% of the interest that was retained by CGM and explain the purpose of such amount retained by CGM.
4. We note your response to prior comment 11. We continue to believe that a description of changes in interest income is relevant to the discussion of changes in your net asset value for each period presented. Please revise future filings to clarify how an increase or decrease in interest earned by the partnership will affect the net asset value of the partnership. In addition, please describe period to period changes in interest income.

Part III, page 31

Item 10. Directors, Executive Officers and Corporate Governance, page 31

5. We note your response to prior comment 14. Rule 405 defines the term executive officer, *when used with reference to a registrant*, to include any person who performs policy making functions for the registrant. It appears that the executive officers of your general partner perform policy making functions for the registrant and therefore should be considered executive officers of the registrant. Please revise future filings to include the Item 401 information for these persons, as previously requested, or provide further analysis of why you believe it is appropriate to omit this disclosure.
