

**MORRIS PUBLISHING ANNOUNCES
2008 THIRD-QUARTER RESULTS**

AUGUSTA, Ga. (November 12, 2008)—Morris Publishing Group, LLC today reported a third-quarter loss from continuing operations of \$163.2 million compared to income from continuing operations of \$3.9 million last year. The third-quarter results reflect an impairment charge of \$170.7 million to completely write-off goodwill in light of the current market conditions.

The income tax benefit from continuing operations was \$7.2 million, compared to an income tax provision from continuing operations of \$2.4 million last year. The write-down of goodwill resulted in only a small income tax benefit for financial reporting purposes because most of the goodwill is not deductible for income tax purposes.

Including income from discontinued operations, net income was \$5.0 million during the third quarter of 2007.

Excluding the impairment charge, income from continuing operations before taxes was \$0.3 million compared to \$6.3 million last year.

Interest and loan amortization expense totaled \$6.8 million, down \$2.8 million from \$9.6 million last year. At the end of the third quarter, the Company had \$424 million in outstanding debt compared to \$526 million at the end of the same period last year.

Excluding the impairment charge, our operating income was \$6.9 million, down \$8.9 million from \$15.8 million during the third quarter last year.

Total operating revenues were \$78.2 million, down \$14.0 million, or 15.2%, from \$92.2 million, with both the print advertising and the online employment classified advertising declines accelerating due to the slowing economy and the secular changes in our industry.

Total advertising revenue was down \$14.3 million, or 19.0%, and circulation revenue, adjusted for the change in the way the company sells home delivery subscriptions in Florida, was down \$0.4 million, or 3.1%. The retail, national and classified advertising revenue categories were down 12.0%, 7.5% and 28.7%, respectively.

Total operating expenses, excluding the impairment charge, were \$71.4 million, down \$5.0 million, or 6.6%, from \$76.4 million, with labor and employee benefit costs down \$3.6 million, or 10.2%; newsprint ink and supplements costs up \$0.1 million, or 1.3%; and other operating costs, including depreciation and

amortization, down \$1.5 million, or 4.8%.

Commenting on the results, William S. Morris IV, Morris Publishing Group's chief executive officer and president said, "This quarter's acceleration of our decline in advertising revenue reflects one of the toughest advertising environments of our time.

"In response, we are focused on growing our online audience and positioning ourselves as the primary provider of local online information in all of our markets. Additionally, we are aggressively addressing our cost structure and are committed to driving efficiencies and improvements in all areas of our business as we move forward."

Including income from discontinued operations, net income during the first nine months of 2007 was \$10.7 million.

Excluding this year's impairment charge and \$9.3 million in pre-tax gains on repurchases of debt, income from continuing operations before taxes was \$2.2 million, down \$12.2 million from \$14.4 million last year.
