**ITEM 8.01****Other Events**

On March 31, 2011, Morris Publishing Group, LLC filed Form 12b-25 (designated as an "NT 10-K" in the EDGAR filing system) with the Securities and Exchange Commission ("SEC") disclosing its inability to timely file with the SEC its annual report on Form 10-K for the year ended December 31, 2010, stating that the report would be filed not later than April 15, 2011, the 15th calendar day following the due date for the missed report. Due to unexpected delays in completing our consolidated financial statements to be included in the 2010 Form 10-K, including a review of the proper treatment of previously reported items, today we determined that we will be unable to file the 10-K with the SEC within the time specified on the Form 12b-25. Currently, we expect to file the Form 10-K with the SEC within the next week.

As previously described in Form 8-K filed on April 6, 2011, the Form 10-K will include the correction of errors in the accounting for previously reported items, including the accounting for the issuance of the new Floating Rate Secured Notes due 2014 related to our plan of reorganization under Chapter 11 of the Bankruptcy Code (the "Restructuring"). The debt modification in the Restructuring should have been accounted for as debt extinguishment rather than troubled debt restructuring.

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
