## **INFORMATION REGARDING FORWARD-LOOKING STATEMENTS**

Some of the statements included in this quarterly report on Form 10-Q, particularly those included in Part I, Item 2 – Management’s Discussion and Analysis of Financial Condition and Results of Operations (“MD&A”), may be considered “forward-looking statements” because the statements relate to matters which have not yet occurred. For example, phrases such as “we anticipate,” “believe” or “expect” indicate that it is possible that the event anticipated, believed or expected may not occur. If these events do not occur, the result which we expected also may, or may not, occur in a different manner, which may be more or less favorable to us. We do not undertake any obligation to update these forward-looking statements.

Any forward-looking statements included in MD&A, or elsewhere in this report, reflect our managing general partner’s best judgment based on known factors, but involve risks and uncertainties. Actual results could differ materially from those anticipated in any forward-looking statements as a result of a number of factors, including but not limited to those described in our filings with the Securities and Exchange Commission, particularly our registration statement on Form S-4, which became effective on October 27, 2004. Any forward-looking information provided by us pursuant to the safe harbor established by the Private Securities Litigation Reform Act of 1995 should be evaluated in the context of these factors.

## **NTS REALTY HOLDINGS LIMITED PARTNERSHIP**

### *Notes to Financial Statements*

*(Unaudited)*

The unaudited financial statements included herein should be read in conjunction with NTS Realty Holdings Limited Partnership's ("NTS Realty") 2004 annual report on Form 10-K as filed with the Securities and Exchange Commission on March 31, 2005. In the opinion of our managing general partner, all adjustments, consisting only of normal recurring accruals, necessary for a fair presentation have been made to the accompanying financial statements for the three and six months ended June 30, 2005 and 2004. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year or any other interim period. As used in this quarterly report on Form 10-Q the terms "we," "us" or "our," as the context requires, may refer to NTS Realty or its interests in its properties.

#### **Note 1 - Summary of Significant Accounting Policies**

##### ***Organization and Distribution Policy***

NTS Realty was organized in the state of Delaware in 2003. Our registration statement on Form S-4 was made effective by the Securities and Exchange Commission ("SEC") on October 27, 2004 with respect to a proposed merger of NTS-Properties III; NTS-Properties IV; NTS-Properties V, a Maryland limited partnership; NTS-Properties VI, a Maryland limited partnership; and NTS-Properties VII, Ltd. (the "Partnerships") registered under the Securities Exchange Act of 1934, along with other real estate entities affiliated with their general partners, specifically Blankenbaker Business Center 1A and the NTS Private Group's assets and liabilities. Certain litigation as described in Note - 10 Commitments and Contingencies was settled in connection with the merger. The merger was completed on December 28, 2004 after a majority of the outstanding limited partnership interests of each Partnership were voted in favor of the merger. As a result of the merger, the Partnerships and Blankenbaker Business Center 1A ceased to exist by operation of law. Concurrent with the merger, ORIG, LLC, a Kentucky limited liability company ("ORIG"), affiliated with the Partnerships' general partners, contributed substantially all of its assets and liabilities to NTS Realty, including the NTS Private Group properties. We accounted for the merger using the purchase method. All purchase price allocations are final.

The Partnerships, NTS Private Group and Blankenbaker Business Center 1A are referred to as NTS Realty's Predecessors (the "Predecessors"). NTS Realty did not have significant operations until the merger on December 28, 2004. All operations prior to that are for the Predecessors and are reflected as such in the accompanying Statements of Operations. The Predecessors' operating results were substantially complete as of December 27, 2004 for the calendar year ended December 31, 2004.

In connection with the merger, we issued 11,381,608 limited partnership units to the former limited and general partners of the Partnerships and to ORIG. We refinanced approximately \$94.0 million of debt on the properties contributed by the Partnerships and ORIG with approximately \$119.0 million of new debt. Acquisition of the new debt required us to pay yield maintenance premiums on the refinanced debt, which totaled approximately \$5.8 million.

We are in the business of developing, constructing, owning and operating multifamily properties, commercial and retail real estate and land leases. Following the merger and contribution and as of June 30, 2005, we own thirty-two properties, comprised of nine multifamily properties; nineteen office and business centers; three retail properties; and one ground lease. The properties are located in and around Louisville (22) and Lexington (3), Kentucky; Orlando (2) and Fort Lauderdale (3), Florida; Indianapolis (1), Indiana and Atlanta (1), Georgia. Our office and business centers aggregate approximately 1.7 million square feet. We own multifamily properties containing approximately 1,350 units and retail properties containing approximately 210,000 square feet of space, as well as one ground lease associated with a 120-space parking lot attached to one of our properties.

The consolidated financial statements of NTS-Properties V and NTS-Properties VI include the accounts of all wholly-owned properties and majority-owned joint ventures. Intercompany transactions and balances have been eliminated.

We pay distributions if and when authorized by our managing general partner. We are required to pay distributions on a quarterly basis, commencing in the first quarter of 2005, equal to sixty-five percent (65%) of our “net cash flow from operations” as this term is defined in regulations promulgated by the Treasury Department under the Internal Revenue Code of 1986, as amended; provided that if a law is enacted or existing law is modified or interpreted in a manner that subjects us to taxation as a corporation or otherwise subjects us to entity level taxation for federal, state or local income tax purposes, we will adjust the amount distributed to reflect our obligation to pay tax. Any distribution other than a distribution with respect to the final quarter of a calendar year shall be made no later than forty-five (45) days after the last day of such quarter based on our estimate of “net cash flow from operations” for the year. Any distribution with respect to the final quarter of a calendar year shall be made no later than ninety (90) days after the last day of such quarter based on actual “net cash flow from operations” for the year, adjusted for any excess or insufficient distributions made with respect to the first three quarters of the calendar year.

“Net cash flow from operations” may be reduced by the amount of reserves as determined by us each quarter. NTS Realty Capital will establish these reserves for, among other things, working capital or capital improvement needs. Therefore, there is no assurance that we will have “net cash flow from operations” from which to pay distributions in the future. For example, our partnership agreement permits our managing general partner to reinvest sales or refinancing proceeds in new and existing properties or to create reserves to fund future capital expenditures. Because “net cash flow from operations” is calculated after reinvesting sales or refinancing proceeds or establishing reserves, we may not have any “net cash flow from operations” from which to pay distributions.

We paid quarterly distributions of \$0.10 per unit to limited partners on May 13, 2005 and July 15, 2005.

## **Note 2 - Use of Estimates in the Preparation of Financial Statements**

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **Note 3 - Concentration of Credit Risk**

We own and operate multifamily, commercial and retail properties and a land lease in Louisville and Lexington, Kentucky, Fort Lauderdale and Orlando, Florida, Indianapolis, Indiana and Atlanta, Georgia.

Our financial instruments that are exposed to concentrations of credit risk consist of cash and equivalents. We maintain our cash accounts primarily with banks located in Kentucky. The total cash balances are insured by the FDIC up to \$100,000 per bank account. We may at times, in certain accounts, have deposits in excess of \$100,000.

## **Note 4 - Cash and Equivalents**

Cash and equivalents include cash on hand and short-term, highly liquid investments with initial maturities of three months or less. We have a cash management program which provides for the overnight investment of excess cash balances. Under an agreement with a bank, excess cash is invested in a mutual fund for U.S. government and agency securities each night. As of June 30, 2005, approximately \$2,193,000 of our overnight investment was included in cash and equivalents.

## **Note 5 - Cash and Equivalents - Restricted**

Cash and equivalents - restricted represents cash on hand and short-term, highly liquid investments with initial maturities of three months or less which have been escrowed with certain mortgage companies and banks for property taxes, insurance and tenant improvements in accordance with certain loan and lease agreements and certain security deposits.

## Note 6 - Property and Depreciation

Land, buildings and amenities are stated at cost. Costs directly associated with the acquisition, development and construction of a project are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which are 5-30 years for land improvements, 7-30 years for buildings and improvements and 5-30 years for amenities. Tenant improvements are generally depreciated over the life of the current term of the respective tenant lease.

Depreciation expense for the three and six months ended June 30, 2005 and 2004 was as follows:

Statement of Financial Accounting Standards No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets," specifies circumstances in which certain long-lived assets must be reviewed for impairment. If the carrying amount of an asset exceeds the sum of its expected future cash flows, the asset's carrying value must be written down to fair value. In determining the value of an investment property and whether the investment property is impaired, management considers several factors such as projected rental and vacancy rates, property operating expenses, capital expenditures and interest rates. The capitalization rate used to determine property valuation is based on the market in which the investment property is located, length of leases, tenant financial strength, the economy in general, demographics, environment, property location, visibility, age and physical condition among others. All of these factors are considered by management in determining the value of any particular investment property. The value of any particular investment property is sensitive to the actual results of any of these factors, either individually or taken as a whole. If the actual results differ from management's judgment, the valuation could be negatively or positively affected. Application of this standard during the six months ended June 30, 2005 and 2004 did not result in an impairment loss.

## Note 7 - Mortgages and Notes Payable

### ***Blankenbaker Business Center 1A***

Prior to the merger and pursuant to an agreement with the partnerships which formed Blankenbaker Business Center 1A, NTS Devco, an affiliate of the general partners of the partnerships, received a property management fee on a monthly basis. The fee was equal to 6% of the gross revenues. Also permitted by an agreement, NTS Devco received a repair and maintenance fee equal to 5.9% of costs incurred which related to capital improvements. These repair and maintenance fees were capitalized as part of land, buildings and amenities.

Blankenbaker Business Center 1A was charged the following amounts pursuant to an agreement with NTS Devco for the three and six months ended June 30, 2004. These charges included items which were expensed as operating expenses - affiliated and items which were capitalized as other assets or as land, buildings and amenities.

During the three and six months ended June 30, 2004, we were charged an immaterial fee for property maintenance fees from an affiliate of NTS Devco.

### **Note 10 - Commitments and Contingencies**

We, as an owner of real estate, are subject to various environmental laws of federal, state and local governments. Our compliance with existing laws has not had a material adverse effect on our financial condition and results of operations. However, we cannot predict the impact of new or changed laws or regulations on our current properties or on properties that we may acquire in the future.

## *Litigation*

On May 6, 2004, the Superior Court of the State of California for the County of Contra Costa granted its final approval of the settlement agreement jointly filed by the general partners (the “Former General Partners”) of the Partnerships, along with certain of their affiliates, with the class of plaintiffs in the action originally captioned *Buchanan, et al. v. NTS-Properties Associates, et al.* (Case No. C 01-05090) (the “California Litigation”) on December 5, 2003. At the final hearing, class members were given the opportunity to object to the final approval of the settlement agreement, the entry of a final judgment dismissing with prejudice the California Litigation, or an application of an award for attorneys’ fees and expenses to plaintiffs’ counsel. The Superior Court’s order provided, among other things, that: (1) the settlement agreement, and all transactions contemplated thereby, including the merger of the Partnerships into us, were fair, reasonable and adequate, and in the best interests of the class of plaintiffs; (2) the plaintiffs’ complaint and each and every cause of action and claim set forth therein is dismissed with prejudice; and (3) each class member who did not request to be excluded from the settlement released all known and unknown claims against the defendants, including those claims being pursued in a competing class action in Kentucky, which is discussed in further detail below.

On June 11, 2004, several class members who objected to the settlement agreement but whose objections were overruled by the Superior Court, filed an appeal in the Court of Appeal of the State of California, First Appellate District. On July 27, 2005, the Court of Appeal issued its decision affirming the Superior Court’s approval of the settlement, and rejecting the objectors’ arguments.

On February 27, 2003, two individuals filed a class and derivative action in the Circuit Court of Jefferson County, Kentucky captioned *Bohm, et al. v. J.D. Nichols, et al.* (Case No. 03-CI-01740) (the “Kentucky Litigation”) against certain of the Former General Partners and several individuals and entities affiliated with us. The complaint was amended to include the general partner of NTS-Properties III and the general partner of NTS-Properties Plus Ltd. The plaintiffs are seeking, among other things, compensatory and punitive damages in an unspecified amount, an accounting, a declaratory judgment and injunctive relief.

On March 2, 2004, the Former General Partners filed a motion to dismiss the Kentucky Litigation. After the motion to dismiss was briefed, the settlement agreement in the California Litigation (discussed above) received final court approval. Thereby, the Circuit Court of Jefferson County, Kentucky, instructed the plaintiffs in the Kentucky Litigation to file an amended complaint in light of the approved settlement of the California Litigation. The plaintiffs’ six opt-outs from the California Litigation filed a corrected second amended complaint on August 11, 2004.

On February 9, 2005, the Circuit Court instructed the defendants to file a responsive pleading only as to direct claims asserted by the plaintiffs in the Corrected Second Amended Complaint. On March 9, 2005, the Former General Partners, along with the other defendants, filed motions to dismiss the “corrected” second amended complaint.

On July 7, 2005, two of the plaintiffs in the Kentucky Litigation voluntarily dismissed their claims against the defendants. The Former General Partners believe that these dismissals affect the value and scope of plaintiffs’ claims. Accordingly, defendants remanded the hearing on the motion to dismiss originally scheduled for July 15, 2005, in order to properly advise the Court of the effect of the voluntary dismissals.

We and our legal counsel believe that the litigation pending in Kentucky is without merit, and therefore, are continuing to vigorously defend against it. No amounts have been accrued for the settlement of this action in our financial statements.

We do not believe there is any other litigation threatened against us other than routine litigation arising out of the ordinary course of business, some of which is expected to be covered by insurance, none of which is expected to have a material effect on our financial position or results of operations.

### ***Property Acquisition***

On June 27, 2005, NTS Realty issued a press release to announce that it entered into an Agreement of Sale (the "Agreement") with Great Lakes Property Group Trust to purchase The Lakes Apartments, located adjacent to Willow Lake Apartments, in Indianapolis, Indiana. The Lakes is a 230-unit luxury multifamily property consisting of amenities, including a fitness center, car wash, swimming pool and a lighted tennis court. During the last six months, The Lakes Apartments' occupancy has ranged from 93% to 97%.

Subject to the terms and conditions of the Agreement, NTS Realty has agreed to pay \$16.0 million for The Lakes Apartments. NTS Realty intends to finance a portion of the purchase price with a mortgage loan, which is currently being negotiated, and use cash reserves for the remainder. This acquisition is expected to close in the third quarter of 2005 and is not expected to produce significant operating results in 2005.

### **Note 11 - Segment Reporting**

Our reportable operating segments include – Multifamily, Commercial, Retail and Land Real Estate Operations. The following unaudited financial information of the operating segments has been prepared using a management approach, which is consistent with the basis and manner in which our management internally disaggregates financial information for the purpose of assisting in making internal operating decisions. We evaluate performance based on stand-alone operating segment net income or loss. Expenses at the Partnership level are represented in the non-segment column.

### ***NTS-Properties VII***

NTS-VII's reportable operating segments included only one segment - Multifamily Operations.

### ***NTS Private Group***

The Group's reportable operating segments included – Land, Retail and Commercial Real Estate Operations. The retail operations represented the Group's ownership and operating results relative to Springs Station, Bed, Bath & Beyond and Outlets Mall properties located in Louisville, Kentucky. The commercial operations represented the Group's ownership and operating results relative to suburban commercial office space located in Louisville, Kentucky. The land operations represented the Group's ownership and operating results relative to a ground lease located in Louisville, Kentucky.

The following unaudited financial information of the operating segments was prepared using a management approach, which was consistent with the basis and manner in which the Group's management internally disaggregated financial information to assist in making internal operating decisions. The Group's management evaluated performance based on stand-alone operating segment net income or loss.

#### ***Blankenbaker Business Center 1A***

Blankenbaker Business Center 1A's reportable operating segments included only one segment - Commercial Real Estate Operations.

#### **Note 12 - Subsequent Event**

The Board of Directors of the Company has approved a sale by the Partnership of an approximately 2 acre tract of vacant land adjoining the Outlets Mall property for a purchase price equal to \$225,000 per acre to an unaffiliated third-party purchaser pursuant to a contract dated August 8, 2005. Pursuant to the same contract, two affiliated entities owned and/or controlled directly or indirectly by J.D. Nichols, Director and Chairman, and Brian F. Lavin, Director, Chief Executive Officer and President of our Managing General Partner, have agreed to sell an adjoining tract of land to the same unaffiliated third-party purchaser at the same per-acre purchase price and on the same terms and conditions as the sale of our property. The unaffiliated third-party purchaser would not have agreed to purchase our property unless it was also sold simultaneously with the tract owned by the affiliated entities. Our property has a carrying value of approximately \$115,000 and is included in land, buildings and amenities on our balance sheet at June 30, 2005. Closing is expected to occur by year-end 2005, subject to the purchaser's due diligence results. The Partnership will have the right to repurchase our property from the purchaser in the event construction has not commenced on the tract within 2 years of delivery of the deed.

## **ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

For the Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A"), financial information for the three and six months ended June 30, 2004 was treated as if the Partnerships, ORIG and the NTS Private Group were combined on a historical basis.

The following discussion should be read in conjunction with the financial statements and historical financial statements appearing in Item 1 and the cautionary statements below. This discussion treats our statements of operations and cash flow information for the three and six months ended June 30, 2004 as if it were combined with our predecessors.

### **Critical Accounting Policies**

#### ***General***

A critical accounting policy is one that would materially affect our operations or financial condition, and requires management to make estimates or judgments in certain circumstances. These judgments often result from the need to make estimates about the effect of matters that are inherently uncertain. Critical accounting policies discussed in this section are not to be confused with accounting principles and methods disclosed in accordance with U.S. generally accepted accounting principles ("GAAP"). GAAP requires information in financial statements about accounting principles, methods used and disclosures pertaining to significant estimates. The following disclosure discusses judgments known to management pertaining to trends, events or uncertainties known which were taken into consideration upon the application of those policies and the likelihood that materially different amounts would be reported upon taking into consideration different conditions and assumptions.

#### ***Distribution Policy***

We pay distributions if and when authorized by our managing general partner. We are required to pay distributions on a quarterly basis, commencing in the first quarter of 2005, equal to sixty-five percent (65%) of our "net cash flow from operations" as this term is defined in regulations promulgated by the Treasury Department under the Internal Revenue Code of 1986, as amended; provided that if a law is enacted or existing law is modified or interpreted in a manner that subjects us to taxation as a corporation or otherwise subjects us to entity level taxation for federal, state or local income tax purposes, we will adjust the amount distributed to reflect our obligation to pay tax. Any distribution other than a distribution with respect to the final quarter of a calendar year shall be made no later than forty-five (45) days after the last day of such quarter based on our estimate of "net cash flow from operations" for the year. Any distribution with respect to the final quarter of a calendar year shall be made no later than ninety (90) days after the last day of such quarter based on actual "net cash flow from operations" for the year, adjusted for any excess or insufficient distributions made with respect to the first three quarters of the calendar year.

"Net cash flow from operations" may be reduced by the amount of reserves as determined by us each quarter. NTS Realty Capital will establish these reserves for, among other things, working capital or capital improvement needs. Therefore, there is no assurance that we will have "net cash flow from operations" from which to pay distributions in the future. For example, our partnership agreement permits our managing general partner to reinvest sales or refinancing proceeds in new and existing properties or to create reserves to fund future capital expenditures. Because "net cash flow from operations" is calculated after reinvesting sales or refinancing proceeds or establishing reserves, we may not have any "net cash flow from operations" from which to pay distributions.

#### ***Impairment and Valuation***

Statement of Financial Accounting Standards ("SFAS") No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets," specifies circumstances in which certain long-lived assets must be reviewed for impairment. If this review indicates that the carrying amount of an asset exceeds the sum of its expected future cash flows, the asset's carrying value must be written down to fair value. In determining the value of an investment property and whether the investment property is impaired, management considers several factors such as projected rental and vacancy rates, property operating expenses, capital expenditures and interest rates. The capitalization rate

used to determine property valuation is based on among others, the market in which the investment property is located, length of leases, tenant financial strength, the economy in general, demographics, environment, property location, visibility, age and physical condition. All of these factors are considered by management in determining the value of any particular investment property. The value of any particular investment property is sensitive to the actual results of any of these factors, either individually or taken as a whole. If the actual results differ from management's judgment, the valuation could be negatively or positively affected.

The merger was accounted for using the purchase method of accounting in accordance with SFAS No. 141 "Business Combinations." NTS Realty was treated as the purchasing entity. The portion of each partnership's assets and liabilities acquired from unaffiliated third parties was adjusted to reflect its fair market value. That portion owned by affiliates of the general partners of the Partnerships was reflected at historical cost. The assets and liabilities contributed by NTS Private Group were adjusted to reflect their fair market value, except for that portion owned by Mr. Nichols, which was reflected at historical cost due to his common control over the contributing entities.

In accordance with SFAS No. 141, we have allocated the purchase price of each acquired investment property among land, buildings and improvements, other intangibles, including acquired above market leases, acquired below market leases and acquired in place lease origination cost, which is the market cost avoidance of executing the acquired leases. Allocation of the purchase price is an area that requires complex judgments and significant estimates. We used the information contained in a third party appraisal as the primary basis for allocating the purchase price between land and buildings. A pro rata portion of the purchase price was allocated to the value of avoiding a lease-up period for acquired in-place leases. The value of in-place leases is amortized to expense over the remaining current term of the respective leases. A portion of the purchase price was allocated to the estimated lease origination cost based on estimated lease execution costs for similar leases and considered various factors including geographic location and size of leased space. We then evaluated acquired leases based upon current market rates at the acquisition date and various other factors including geographic location, size and the location of leased space within the property, tenant profile and the credit risk of the tenant in determining whether the acquired lease is above or below market. After acquired leases were determined to be at, above or below market, we allocated a pro rata portion of the purchase price to any acquired above or below market lease based upon the present value of the difference between the contractual lease rate and the estimated market rate. We also consider an allocation of purchase price to in-place leases that have a customer relationship intangible value. The characteristics we consider in allocating these values include the nature and extent of existing business relationships with the tenant, growth prospects for developing new business with the tenant and the tenant's credit quality and expectations of lease renewals. We currently do not have any tenants with whom we have developed a relationship that we believe has any current intangible value.

### ***Recognition of Rental Income***

Under GAAP, we are required to recognize rental income based on the effective monthly rent for each lease. The effective monthly rent is equal to the average monthly rent during the term of the lease, not the stated rent for any particular month. The process, known as "straight-lining" or "stepping" rent generally has the effect of increasing rental revenues during the early phases of a lease and decreasing rental revenues in the latter phases of a lease. Due to the impact of "straight-lining," on a historical combining basis, rental income exceeded the cash collected for rent by approximately \$108,000 and \$441,000, respectively for the three and six months ended June 30, 2005. If rental income calculated on a straight-line basis exceeds the cash rent due under the lease, the difference is recorded as an increase in deferred rent receivable and included as a component of accounts receivable on the relevant balance sheet. If the cash rent due under the lease exceeds rental income calculated on a straight-line basis, the difference is recorded as a decrease in deferred rent receivable and is recorded as a decrease of accounts receivable on the relevant balance sheet. We defer recognition of contingent rental income, such as percentage or excess rent, until the specified target that triggers the contingent rental income is achieved. We periodically review the collectability of outstanding receivables. Allowances are generally taken for tenants with outstanding balances due for a period greater than ninety days and tenants with outstanding balances due for a period less than ninety days but that we believe are potentially uncollectible.

### ***Recognition of Lease Termination Income***

We recognize lease termination income upon receipt of the income. We accrue lease termination income if there is a signed termination agreement, all of the conditions of the agreement have been met and the tenant is no longer occupying the property.

### ***Cost Capitalization and Depreciation Policies***

We review all expenditures and capitalize any item exceeding \$1,000 deemed to be an upgrade or a tenant improvement with an expected useful life greater than one year. Land, buildings and amenities are stated at cost. Depreciation expense is computed using the straight-line method over the estimated useful lives of the assets. Buildings and improvements have estimated useful lives between 5-30 years, land improvements have estimated useful lives between 7-30 years and amenities have estimated useful lives between 5-30 years. Acquired above and below market leases are amortized on a straight-line basis over the life of the related leases as an adjustment to rental income. Acquired in place lease origination cost is amortized over the life of the lease as a component of amortization expense.

### **Results of Operations**

This section describes our results of operations for the three and six months ended June 30, 2004 as if it were combined with our Predecessors' operations without adjustment. As of June 30, 2005, we owned nineteen office and business centers, nine multifamily properties, three retail properties and one ground lease. We generate substantially all of our operating income from property operations.

Net loss for the three months ended June 30, 2005 and 2004 was approximately \$(573,853) and \$(177,615), respectively. The increased net loss is primarily due to increased operating expenses and interest expense, partially offset by decreased legal and professional expenses related to the merger and class action litigation as well as increased revenues. The net loss for the six months ended June 30, 2005 and 2004 was approximately \$(1,062,127) and \$(1,099,200), respectively. The decreased net loss is primarily due to decreased legal and professional expenses related to the merger and class action litigation, as well as increased revenues and other income.

Occupancy levels at our properties by segment as of June 30, 2005 and 2004 were as follows:

	<u>June 30, 2005</u>	<u>June 30, 2004</u>
Commercial .....	84%	84%
Multifamily .....	92%	90%
Retail.....	100%	100%
Land.....	N/A	N/A

We believe the changes in occupancy on June 30 from year to year are temporary effects of each property's specific mix of lease maturities and are not indicative of any known trend or uncertainty.

The average occupancy levels at our properties by segment for the three and six months ended June 30, 2005 and 2004 were as follows:

	<u>Three Months Ended</u>		<u>Six Months Ended</u>	
	<u>June 30, 2005</u>	<u>June 30, 2004</u>	<u>June 30, 2005</u>	<u>June 30, 2004</u>
Commercial .....	84%	84%	84%	83%
Multifamily .....	91%	88%	89%	87%
Retail.....	100%	100%	100%	100%
Land.....	N/A	N/A	N/A	N/A

We believe the changes in average occupancy from period to period are temporary effects of each property's specific mix of lease maturities and are not indicative of any known trend or uncertainty.

The leasing and renewal negotiations for our commercial properties are primarily handled by leasing agents that are employees of NTS Development Company. All advertising for the commercial properties is coordinated by NTS Development Company's marketing staff located in Louisville, Kentucky.

In an effort to continue to improve occupancy at our multifamily properties, we have on-site leasing staff, who are employees of NTS Development Company, at each of the multifamily properties. The staff handles all on-site visits from potential tenants, coordinates local advertising with NTS Development Company's marketing staff, makes visits to local companies to promote fully furnished apartments, and negotiates lease renewals with current residents.

The following discussion relating to changes in our results of operations includes only material line items within our Statements of Operations or line items for which there was a material change between the three and six months ended June 30, 2005 and 2004.

#### ***Rental Income and Tenant Reimbursements***

Rental income and tenant reimbursements for the three months ended June 30, 2005 and 2004 were approximately \$8,802,000 and \$8,363,000, respectively. The increase of \$439,000, or 5%, was primarily the result of increased revenues in the commercial and multifamily segments. The commercial segment increase was primarily the result of increased average occupancy at Atrium Center, Lakeshore Business Center Phase III, Peachtree Corporate Center, Plainview Point Office Center Phase III and Plainview Center, as well as decreased free rent at Lakeshore Business Center Phase III. The commercial segment increase is partially offset by decreased average occupancy at Commonwealth Business Center Phase I, Lakeshore Business Center Phases I and II, Springs Medical Office Center and Plainview Point Office Center Phases I and II. The multifamily segment increase was primarily due to increased average occupancy at Park Place Apartments Phases I, II and III, The Willows of Plainview Phase II, The Park at the Willows and Sabal Park Apartments, partially offset by decreased average occupancy at The Willows of Plainview Phase I and Willow Lake Apartments and decreased average rent per unit at The Willows of Plainview Phases I and II and Park Place Apartments Phases I and III.

Rental income and tenant reimbursements for the six months ended June 30, 2005 and 2004 were approximately \$17,386,000 and \$16,653,000, respectively. The increase of \$733,000, or 4%, was primarily the result of increased revenues in the commercial and multifamily segments. The commercial segment increase was primarily the result of increased average occupancy at Plainview Point Office Center Phase III, Atrium Center, Lakeshore Business Center Phase III, Peachtree Corporate Center and Plainview Center, as well as decreased free rent at Lakeshore Business Center Phase III. The commercial segment increase is partially offset by decreased average occupancy at Commonwealth Business Center Phase I, Lakeshore Business Center Phase I, Springs Medical Office Center and Plainview Point Office Center Phases I and II, as well as increased free rent for Blankenbaker Business Center 1A and 1B. The multifamily segment increase was primarily the result of increased average occupancy at Park Place Apartments Phases I and II, Golf Brook Apartments and Sabal Park Apartments, as well as increased average rent per unit at Golf Brook Apartments, Sabal Park Apartments, Park Place Apartments Phase II and The Park at the Willows. The multifamily segment increase is partially offset by decreased average occupancy at The Willows of Plainview Phase I and Willow Lake Apartments, as well as decreased average rent per unit at The Willows of Plainview Phases I and II, Willow Lake Apartments and Park Place Apartments Phases I and III.

Quarter-ending occupancy percentages represent occupancy only on a specific date; therefore, the above analysis considers average occupancy percentages, which are more representative of the period-to-period results.

### ***Operating Expenses and Operating Expenses - Affiliated***

Operating expenses for the three months ended June 30, 2005 and 2004 were approximately \$2,186,000 and \$1,986,000, respectively. The increase of \$200,000, or 10%, was primarily due to our multifamily segment, which included increased repairs and maintenance expenses at all of our multifamily properties, increased landscaping expense at Sabal Park Apartments, increased utilities expense at The Willows of Plainview Phases I and II and The Park at the Willows, as well as increased tax consulting fees at Park Place Apartments Phases I, II and III. The multifamily segment increase was partially offset by decreased landscaping expenses at Park Place Apartments Phases I, II and III.

Operating expenses for the six months ended June 30, 2005 and 2004 were approximately \$4,281,000 and \$4,042,000, respectively. The increase of \$239,000, or 6%, was primarily due to our multifamily segment, which included increased landscaping expenses at Sabal Park Apartments, Golf Brook Apartments, Park Place Apartments Phases I, II and III and Willow Lake Apartments, increased repairs and maintenance expenses at all of our multifamily properties, partially offset by decreased tax consulting fees at Willow Lake Apartments.

Operating expenses-affiliated for the three months ended June 30, 2005 and 2004 were approximately \$990,000 and \$996,000, respectively. The decrease of \$6,000 was not a significant change and is not indicative of any known trend or uncertainty. There were no offsetting material changes. Operating expenses-affiliated for the six months ended June 30, 2005 and 2004 were approximately \$1,970,000 and \$2,073,000, respectively. The decrease of \$103,000, or 5%, was primarily due to a decrease in personnel costs for our commercial segment.

Operating expenses - affiliated are for the services performed by employees of NTS Development Company, an affiliate of our general partners. These employee services include property management, leasing, maintenance, security and other services necessary to manage and operate our business.

### ***Management Fees***

Management fees for the three months ended June 30, 2005 and 2004 were approximately \$424,000 and \$460,000, respectively. Management fees for the six months ended June 30, 2005 and 2004 were approximately \$813,000 and \$906,000, respectively. The decreases of \$36,000, or 8%, and \$93,000, or 10%, respectively, were primarily the result of a change in the management fee calculation pursuant to the terms of an agreement with NTS Development Company.

### ***Real Estate Taxes***

Real estate taxes for the three months ended June 30, 2005 and 2004 were approximately \$582,000 and \$447,000, respectively. Real estate taxes for the six months ended June 30, 2005 and 2004 were approximately \$1,144,000 and \$925,000, respectively. The increases of \$135,000, or 30%, and \$219,000, or 24%, respectively, were primarily the result of reduced periodic expense in 2004 due to adjustments to the accrued tax liability for the reduction of the tax assessments at Willow Lake Apartments.

### ***Professional and Administrative Expenses and Professional and Administrative Expenses - Affiliated***

Professional and administrative expenses for the three months ended June 30, 2005 and 2004 were approximately \$786,000 and \$703,000, respectively. The increase of \$83,000, or 12%, was primarily the result of increased administrative costs incurred by NTS Realty, partially offset by decreased legal and professional fees in relation to the merger and to the class action litigation.

Professional and administrative expenses for the six months ended June 30, 2005 and 2004 were approximately \$1,525,000 and \$1,802,000, respectively. The decrease of \$277,000, or 15%, was primarily due to decreased legal and professional fees related to the merger and to the class action litigation, partially offset by increased administrative expenses incurred by NTS Realty. Professional and administrative expenses for the six months ended June 30, 2005 included approximately \$141,000 and \$510,000 in merger and litigation expenses, respectively. Professional and administrative expenses for the six months ended June 30, 2004 included approximately \$941,000 and \$475,000 in merger and litigation expenses, respectively.

Professional and administrative expenses - affiliated for the three months ended June 30, 2005 and 2004 were approximately \$344,000 and \$284,000, respectively. Professional and administrative expenses - affiliated for the six months ended June 30, 2005 and 2004 were approximately \$697,000 and \$538,000, respectively. The increases of \$60,000, or 21%, and \$159,000, or 30%, were primarily due to increased personnel costs at all of our properties.

Professional and administrative expenses - affiliated are for the services performed by employees of NTS Development Company, an affiliate of our general partners. These employee services include legal, financial and other services necessary to manage and operate our business.

Professional and administrative expenses - affiliated consisted of the following:

#### ***Depreciation and Amortization***

Depreciation and amortization expenses for the three months ended June 30, 2005 and 2004 were approximately \$2,129,000 and \$2,000,000, respectively. Depreciation and amortization expenses for the six months ended June 30, 2005 and 2004 were approximately \$4,272,000 and \$4,072,000, respectively. The increases of \$129,000, or 6%, and \$200,000, or 5%, respectively, were primarily due to the amortization of intangible assets, partially offset by the revision of our fixed asset lives subsequent to their acquisition by NTS Realty.

#### ***Interest Expense***

Interest expense for the three months ended June 30, 2005 and 2004 was approximately \$1,926,000 and \$1,740,000, respectively. Interest expense for the six months ended June 30, 2005 and 2004 was approximately \$3,753,000 and \$3,507,000, respectively. The increases of \$186,000, or 11%, and \$246,000, or 7%, respectively, were primarily due to additional loan proceeds obtained in December 2004 and March 2005. The increases are partially offset by lowered interest rates and extended amortization schedules due to refinancing approximately \$94.0 million of debt.

#### ***Loss on Disposal of Assets***

The loss on disposal of assets for the three and six months ended June 30, 2005 can be attributed to assets that were not fully depreciated at the time of replacement spread amongst the majority of our properties. These replacements include heating and air conditioning units, stairwell upgrades, lighting upgrades and fire sprinkler replacements, among others.

## Liquidity and Capital Resources

Our most liquid asset is our cash and equivalents, which consist of cash and short-term investments, but do not include any restricted cash. Operating income generated by the properties will be the primary source from which we generate cash. Other sources of cash include the proceeds from mortgage loans and notes payable. Our main uses of cash will relate to capital expenditures, required payments of mortgages and notes payable, distributions and property taxes.

<i>Six Months Ended</i>		
	<i>June 30, 2005</i>	<i>June 30, 2004</i>
Operating activities .....	\$ 2,136,671	\$ 4,838,225
Investing activities .....	(4,988,139)	(1,064,344)
Financing activities .....	12,998,225	(3,246,040)
<b>Net increase in cash and equivalents .....</b>	<b>\$ 10,146,757</b>	<b>\$ 527,841</b>

### *Cash Flow from Operating Activities*

Net cash provided by operating activities decreased from approximately \$4,838,000 to \$2,137,000 for the six months ended June 30, 2004 and 2005, respectively. The decrease was primarily a result of cash used to pay accounts payable.

### *Cash Flow from Investing Activities*

Net cash used in investing activities increased from approximately \$1,064,000 to \$4,988,000 for the six months ended June 30, 2004 and 2005, respectively. The increase was primarily due to externally escrowing \$2,000,000 for specific capital expenditures at Blankenbaker Business Center 1A and 1B. The increase was also the result of increased capital expenditures, which included roof replacements at Willow Lake Apartments, Park Place Apartments Phases I and II and Blankenbaker Business Center II, HVAC replacements at Blankenbaker Business Center 1A and 1B, tenant improvements at Commonwealth Business Center Phase I, Springs Office Center, Blankenbaker Business Center 1A and 1B and Lakeshore Business Center Phase II, vacant suite improvements at Atrium Center and Lakeshore Business Center Phases I and II and lobby renovations at Atrium Center.

### *Cash Flow from Financing Activities*

For the six months ended June 30, 2004, we used approximately \$3,246,000 in net cash from financing activities. Net cash provided by financing activities was approximately \$12,998,000 for the six months ended June 30, 2005. The change was primarily the result of \$30,000,000 in loan proceeds obtained in March 2005. The increase is partially offset by the payoff of the revolving note payable of approximately \$14,971,000.

### *Future Liquidity*

Our future liquidity depends significantly on our properties' occupancy remaining at a level which provides for debt payments and adequate working capital, currently and in the future. If occupancy were to fall below that level and remain at or below that level for a significant period of time, our ability to make payments due under our debt agreements and to continue paying daily operational costs would be greatly impaired. In the next twelve months, we intend to operate the properties in a similar manner to their operation in recent years. Cash reserves which consist of unrestricted cash as shown on our balance sheet were approximately \$12,721,000 on June 30, 2005. As part of the merger, we refinanced approximately \$94.0 million of debt with approximately \$119.0 million of new debt. The refinancing, among other things, lowered interest rates and extended the amortization schedules. The refinancing of this debt allowed us to generate cash flow to pay capital expenditures, principal and interest expenses from mortgages and notes payable and deferred fees and expenses to NTS Development Company. Subject to our distribution policy, we anticipate making quarterly distributions to our limited partners.

On April 14, 2005, NTS Realty announced that the board of directors of its managing general partner, NTS Realty Capital, Inc., approved a quarterly distribution of \$0.10 per unit on NTS Realty's limited partnership units. The distribution was paid on May 13, 2005, to limited partners of record at the close of business on April 27, 2005.

On June 14, 2005, NTS Realty announced that the board of directors of its managing general partner, NTS Realty Capital, Inc., approved another quarterly distribution of \$0.10 per unit on NTS Realty's limited partnership units. The distribution was paid on July 15, 2005, to limited partners of record at the close of business on June 30, 2005.

We expect to incur capital expenditures of approximately \$7.3 million during the next twelve months primarily for tenant origination costs necessary to continue leasing our properties. This discussion of future liquidity details our material commitments.

### ***Property Acquisition***

On June 27, 2005, NTS Realty issued a press release to announce that it entered into an Agreement of Sale (the "Agreement") with Great Lakes Property Group Trust to purchase The Lakes Apartments, located adjacent to Willow Lake Apartments, in Indianapolis, Indiana. The Lakes is a 230-unit luxury multifamily property consisting of amenities, including a fitness center, car wash, swimming pool and a lighted tennis court. During the last six months, The Lakes Apartments' occupancy has ranged from 93% to 97%.

Subject to the terms and conditions of the Agreement, NTS Realty has agreed to pay \$16.0 million for The Lakes Apartments. NTS Realty intends to finance a portion of the purchase price with a mortgage loan, which is currently being negotiated, and use cash reserves for the remainder. This acquisition is expected to close in the third quarter of 2005 and is not expected to produce significant operating results in 2005. We expect the acquisition to be accretive to operating results and our cash available for distributions in 2006.

### **Website Information**

Our website address is [www.ntsdevelopment.com](http://www.ntsdevelopment.com). Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) of the Securities Exchange Act are available and may be accessed free of charge through the "About NTS" section of our website as soon as reasonably practicable after we electronically file this material with, or furnish it to, the SEC. Our website and the information contained therein or connected thereto are not incorporated into this Quarterly Report on Form 10-Q.

## **ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Our primary market risk exposure with regard to financial instruments is expected to be our exposure to changes in interest rates. We refinanced substantially all of our debt acquired at the time of our merger with instruments which bear interest at a fixed rate with the exception of an approximate \$14.0 million mortgage payable. We anticipate that a hypothetical 100 basis point increase in interest rates would result in an approximate \$6,800,000 decrease in the fair value of our fixed rate debt while increasing interest expense on our variable rate debt by approximately \$139,000 annually.

## **ITEM 4 - CONTROLS AND PROCEDURES**

Our managing general partner established disclosure controls and procedures to ensure that our material information is made known to the officers of our managing general partner who certify our financial reports, to our management and to the board of directors of our managing partner.

As of June 30, 2005, our managing general partner's Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective to ensure that the information required to be disclosed by us in the reports that we file or submit under Securities and Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

## **PART II - OTHER INFORMATION**

### **ITEM 1 - LEGAL PROCEEDINGS**

On May 6, 2004, the Superior Court of the State of California for the County of Contra Costa granted its final approval of the settlement agreement jointly filed by the general partners (the “Former General Partners”) of the Partnerships, along with certain of their affiliates, with the class of plaintiffs in the action originally captioned *Buchanan, et al. v. NTS-Properties Associates, et al.* (Case No. C 01-05090) (the “California Litigation”) on December 5, 2003. At the final hearing, class members were given the opportunity to object to the final approval of the settlement agreement, the entry of a final judgment dismissing with prejudice the California Litigation, or an application of an award for attorneys’ fees and expenses to plaintiffs’ counsel. The Superior Court’s order provided, among other things, that: (1) the settlement agreement, and all transactions contemplated thereby, including the merger of the Partnerships into us, were fair, reasonable and adequate, and in the best interests of the class of plaintiffs; (2) the plaintiffs’ complaint and each and every cause of action and claim set forth therein is dismissed with prejudice; and (3) each class member who did not request to be excluded from the settlement released all known and unknown claims against the defendants, including those claims being pursued in a competing class action in Kentucky, which is discussed in further detail below.

On June 11, 2004, several class members who objected to the settlement agreement but whose objections were overruled by the Superior Court, filed an appeal in the Court of Appeal of the State of California, First Appellate District. On July 27, 2005, the Court of Appeal issued its decision affirming the Superior Court’s approval of the settlement, and rejecting the objectors’ arguments.

On February 27, 2003, two individuals filed a class and derivative action in the Circuit Court of Jefferson County, Kentucky captioned *Bohm, et al. v. J.D. Nichols, et al.* (Case No. 03-CI-01740) (the “Kentucky Litigation”) against certain of the Former General Partners and several individuals and entities affiliated with us. The complaint was amended to include the general partner of NTS-Properties III and the general partner of NTS-Properties Plus Ltd. The plaintiffs are seeking, among other things, compensatory and punitive damages in an unspecified amount, an accounting, a declaratory judgment and injunctive relief.

On March 2, 2004, the Former General Partners filed a motion to dismiss the Kentucky Litigation. After the motion to dismiss was briefed, the settlement agreement in the California Litigation (discussed above) received final court approval. Thereby, the Circuit Court of Jefferson County, Kentucky, instructed the plaintiffs in the Kentucky Litigation to file an amended complaint in light of the approved settlement of the California Litigation. The plaintiffs’ six opt-outs from the California Litigation filed a corrected second amended complaint on August 11, 2004.

On February 9, 2005, the Circuit Court instructed the defendants to file a responsive pleading only as to direct claims asserted by the plaintiffs in the Corrected Second Amended Complaint. On March 9, 2005, the Former General Partners, along with the other defendants, filed motions to dismiss the “corrected” second amended complaint.

On July 7, 2005, two of the plaintiffs in the Kentucky Litigation voluntarily dismissed their claims against the defendants. The Former General Partners believe that these dismissals affect the value and scope of plaintiffs’ claims. Accordingly, defendants remanded the hearing on the motion to dismiss originally scheduled for July 15, 2005, in order to properly advise the Court of the effect of the voluntary dismissals.

We and our legal counsel believe that the litigation pending in Kentucky is without merit, and therefore, are continuing to vigorously defend against it. No amounts have been accrued for the settlement of this action in our financial statements.
