INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements included in this quarterly report on Form 10-Q, particularly those included in Part I, Item 2 – Management’s Discussion and Analysis of Financial Condition and Results of Operations (“MD&A”), may be considered “forward-looking statements” because the statements relate to matters which have not yet occurred. For example, phrases such as “we anticipate,” “believe” or “expect” indicate that it is possible that the event anticipated, believed or expected may not occur. If these events do not occur, the result which we expected also may, or may not, occur in a different manner, which may be more or less favorable to us. We do not undertake any obligation to update these forward-looking statements.

Any forward-looking statements included in MD&A, or elsewhere in this report, reflect our managing general partner’s best judgment based on known factors, but involve risks and uncertainties. Actual results could differ materially from those anticipated in any forward-looking statements as a result of a number of factors, including but not limited to those described in our filings with the Securities and Exchange Commission, particularly our registration statement on Form S-4, which became effective on October 27, 2004. Any forward-looking information provided by us pursuant to the safe harbor established by the Private Securities Litigation Reform Act of 1995 should be evaluated in the context of these factors.

NTS REALTY HOLDINGS LIMITED PARTNERSHIP
Notes to Financial Statements
(Unaudited)

The unaudited financial statements included herein should be read in conjunction with NTS Realty Holdings Limited Partnership's ("NTS Realty") 2004 annual report on Form 10-K as filed with the Securities and Exchange Commission on March 31, 2005. In the opinion of our managing general partner, all adjustments, consisting only of normal recurring accruals, necessary for a fair presentation have been made to the accompanying financial statements for the three and nine months ended September 30, 2005 and 2004. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year or any other interim period. As used in this quarterly report on Form 10-Q the terms "we," "us" or "our," as the context requires, may refer to NTS Realty or its interests in its properties.

Note 1 - Summary of Significant Accounting Policies

Organization and Distribution Policy

NTS Realty was organized in Delaware during 2003. Our registration statement on Form S-4 was made effective by the Securities and Exchange Commission ("SEC") on October 27, 2004 with respect to a proposed merger of NTS-Properties III; NTS-Properties IV; NTS-Properties V, a Maryland limited partnership; NTS-Properties VI, a Maryland limited partnership; and NTS-Properties VII, Ltd. (the "Partnerships") registered under the Securities Exchange Act of 1934, along with other real estate entities affiliated with their general partners, specifically Blankenbaker Business Center 1A and the NTS Private Group's assets and liabilities. Certain litigation as described in Note - 11 Commitments and Contingencies was settled in connection with the merger. The merger was completed on December 28, 2004 after a majority of the outstanding limited partnership interests of each Partnership were voted in favor of the merger. As a result of the merger, the Partnerships and Blankenbaker Business Center 1A ceased to exist by operation of law. Concurrent with the merger, ORIG, LLC, a Kentucky limited liability company ("ORIG"), affiliated with the Partnerships' general partners, contributed substantially all of its assets and liabilities to NTS Realty, including the NTS Private Group properties. We accounted for the merger using the purchase method. All purchase price allocations are final.

The Partnerships, NTS Private Group and Blankenbaker Business Center 1A are referred to as NTS Realty's Predecessors (the "Predecessors"). NTS Realty did not have significant operations until the merger on December 28, 2004. All operations prior to that are for the Predecessors and are reflected as such in the accompanying Statements of Operations. The Predecessors' operating results were substantially complete as of December 27, 2004 for the calendar year ended December 31, 2004.

In connection with the merger, we issued 11,381,608 limited partnership units to the former limited and general partners of the Partnerships and to ORIG. We refinanced approximately \$94.0 million of debt on the properties contributed by the Partnerships and ORIG with approximately \$119.0 million of new debt. Acquisition of the new debt required us to pay yield maintenance premiums on the refinanced debt, which totaled approximately \$5.8 million.

We are in the business of developing, constructing, owning and operating multifamily properties, commercial and retail real estate and land leases. From time to time, we may make investments in joint ventures consistent with those activities described in our partnership agreement. Following the merger and contribution and as of September 30, 2005, we own thirty-three properties, comprised of ten multifamily properties; nineteen office and business centers; three retail properties; and one ground lease. The properties are located in and around Louisville (22) and Lexington (3), Kentucky; Orlando (2) and Fort Lauderdale (3), Florida; Indianapolis (2), Indiana and Atlanta (1), Georgia. Our office and business centers aggregate approximately 1.7 million square feet. We own multifamily properties containing approximately 1,570 units and retail properties containing approximately 210,000 square feet of space, as well as one ground lease associated with a 120-space parking lot attached to one of our properties.

The consolidated financial statements of NTS-Properties V and NTS-Properties VI include the accounts of all wholly-owned properties and majority-owned joint ventures. Intercompany transactions and balances have been eliminated.

We pay distributions if and when authorized by our managing general partner. We are required to pay distributions on a quarterly basis, commencing in the first quarter of 2005, equal to sixty-five percent (65%) of our “net cash flow from operations” as this term is defined in regulations promulgated by the Treasury Department under the Internal Revenue Code of 1986, as amended; provided that if a law is enacted or existing law is modified or interpreted in a manner that subjects us to taxation as a corporation or otherwise subjects us to entity level taxation for federal, state or local income tax purposes, we will adjust the amount distributed to reflect our obligation to pay tax. Any distribution other than a distribution with respect to the final quarter of a calendar year shall be made no later than forty-five (45) days after the last day of such quarter based on our estimate of “net cash flow from operations” for the year. Any distribution with respect to the final quarter of a calendar year shall be made no later than ninety (90) days after the last day of such quarter based on actual “net cash flow from operations” for the year, adjusted for any excess or insufficient distributions made with respect to the first three quarters of the calendar year.

“Net cash flow from operations” may be reduced by the amount of reserves as determined by us each quarter. NTS Realty Capital will establish these reserves for, among other things, working capital or capital improvement needs. Therefore, there is no assurance that we will have “net cash flow from operations” from which to pay distributions in the future. For example, our partnership agreement permits our managing general partner to reinvest sales or refinancing proceeds in new and existing properties or to create reserves to fund future capital expenditures. Because “net cash flow from operations” is calculated after reinvesting sales or refinancing proceeds or establishing reserves, we may not have any “net cash flow from operations” from which to pay distributions.

We paid quarterly distributions of \$0.10 per unit to limited partners on May 13, 2005, July 15, 2005 and October 14, 2005.

Note 2 - Use of Estimates and Reclassifications in the Preparation of Financial Statements

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Certain reclassifications have been made to the September 30, 2004 and December 31, 2004 financial statements to conform to the September 30, 2005 classifications. These reclassifications have no effect on previously reported operations.

Note 3 - Concentration of Credit Risk

We own and operate multifamily, commercial and retail properties and a land lease in Louisville and Lexington, Kentucky, Fort Lauderdale and Orlando, Florida, Indianapolis, Indiana and Atlanta, Georgia.

Our financial instruments that are exposed to concentrations of credit risk consist of cash and equivalents. We maintain our cash accounts primarily with banks located in Kentucky. The total cash balances are insured by the FDIC up to \$100,000 per bank account. We may at times, in certain accounts, have deposits in excess of \$100,000.

Note 4 - Cash and Equivalents

Cash and equivalents include cash on hand and short-term, highly liquid investments with initial maturities of three months or less. We have a cash management program which provides for the overnight investment of excess cash balances. Under an agreement with a bank, excess cash is invested in a mutual fund for U.S. government and agency securities each night.

Note 5 - Cash and Equivalents - Restricted

Cash and equivalents - restricted represents cash on hand and short-term, highly liquid investments with initial maturities of three months or less which have been escrowed with certain mortgage companies and banks for property taxes, insurance and tenant improvements in accordance with certain loan and lease agreements and certain security deposits.

Note 6 - Property and Depreciation

Land, buildings and amenities are stated at cost. Costs directly associated with the acquisition, development and construction of a project are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which are 5-30 years for land improvements, 7-30 years for buildings and improvements and 5-30 years for amenities. Tenant improvements are generally depreciated over the life of the current term of the respective tenant lease.

Depreciation expense for the three and nine months ended September 30, 2005 and 2004 was as follows:

		<i>(Unaudited)</i>	
		<i>Three Months Ended</i>	
		<i>September 30,</i>	
		<i>2005</i>	<i>2004</i>

NTS-Properties VII			306,672
NTS Private Group			1,329,871
Blankenbaker Business Center 1A			203,839

Depreciation expense included in discontinued operations was \$555,877 and \$717,526 for the nine months ended September 30, 2005 and 2004, respectively.

Statement of Financial Accounting Standards ("SFAS") No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets," specifies circumstances in which certain long-lived assets must be reviewed for impairment. If the carrying amount of an asset exceeds the sum of its expected future cash flows, the asset's carrying value must be written down to fair value. In determining the value of an investment property and whether the investment property is impaired, management considers several factors such as projected rental and vacancy rates, property operating expenses, capital expenditures and interest rates. The capitalization rate used to determine property valuation is based on the market in which the investment property is located, length of leases, tenant financial strength, the economy in general, demographics, environment, property location, visibility, age and physical condition among others. All of these factors are considered by management in determining the value of any particular investment property. The value of any particular investment property is sensitive to the actual results of any of these factors, either individually or taken as a whole. If the actual results differ from management's judgment, the valuation could be negatively or positively affected. Application of this standard during the nine months ended September 30, 2005 and 2004 did not result in an impairment loss.

Note 7- Investment in and Notes Receivable from Joint Venture

On September 12, 2005, we entered into a joint venture investment with an unaffiliated third party investor to acquire an approximately \$16 million mortgage loan secured by real property and improvements. We contributed \$200,000 as capital and hold a 45% interest in the joint venture, which we account for using the equity method. We loaned the joint venture \$1.8 million on a note receivable with an interest rate of 8%, which is due on December 31, 2011, with interest payable on each December 31. We also loaned the joint venture approximately \$7.0 million on a \$7.2 million note receivable due on September 30, 2006, and bearing interest monthly, of LIBOR plus 1.75%. This investment in and notes receivable from the joint venture were funded with borrowings on our revolving note payable to a bank.

The unaffiliated third party investor contributed \$400,000 as capital and holds a 55% interest in the joint venture. The investor also loaned the joint venture \$3.6 million on a note receivable with an interest rate of 8%, which is due on December 31, 2011. The principal repayments on the \$1.8 million and \$3.6 million notes are subordinated to the repayment of the balance due on the \$7.2 million note.

NTS Private Group

Prior to the merger, NTS Devco, an affiliate of NTS Private Group (the “Group”), received property management fees on a monthly basis. The fees were equal to 6% of the gross revenues from commercial and retail properties and \$100 monthly for each commercial land lease. Also pursuant to an agreement, NTS Devco received a repair and maintenance fee equal to 5% of costs incurred which related to capital improvements and major repair and renovation projects. These repair and maintenance fees were capitalized as part of land, buildings and amenities.

The Group was charged the following amounts by NTS Devco for the three and nine months ended September 30, 2004. These charges included items which were expensed as operating expenses - affiliated and items which were capitalized as other assets or as land, buildings and amenities.

Blankenbaker Business Center 1A

Prior to the merger and pursuant to an agreement with the partnerships which formed Blankenbaker Business Center 1A, NTS Devco, an affiliate of the general partners of the partnerships, received a property management fee on a monthly basis. The fee was equal to 6% of the gross revenues. Also permitted by an agreement, NTS Devco received a repair and maintenance fee equal to 5.9% of costs incurred which related to capital improvements. These repair and maintenance fees were capitalized as part of land, buildings and amenities.

Blankenbaker Business Center 1A was charged the following amounts pursuant to an agreement with NTS Devco for the three and nine months ended September 30, 2004. These charges included items which were expensed as operating expenses - affiliated and items which were capitalized as other assets or as land, buildings and amenities.

During the three and nine months ended September 30, 2004, we were charged an immaterial fee for property maintenance fees from an affiliate of NTS Devco.

Note 11 - Commitments and Contingencies

We, as an owner of real estate, are subject to various environmental laws of federal, state and local governments. Our compliance with existing laws has not had a material adverse effect on our financial condition and results of operations. However, we cannot predict the impact of new or changed laws or regulations on our current properties or on properties that we may acquire in the future.

Litigation

On May 6, 2004, the Superior Court of the State of California for the County of Contra Costa granted its final approval of the settlement agreement jointly filed by the general partners (the “Former General Partners”) of the Partnerships, along with certain of their affiliates, with the class of plaintiffs in the action originally captioned *Buchanan, et al. v. NTS-Properties Associates, et al.* (Case No. C 01-05090) (the “California Litigation”) on December 5, 2003. At the final hearing, class members were given the opportunity to object to the final approval of the settlement agreement, the entry of a final judgment dismissing with prejudice the California Litigation, or an application of an award for attorneys’ fees and expenses to plaintiffs’ counsel. The Superior Court’s order provided, among other things, that: (1) the settlement agreement, and all transactions contemplated thereby, including the merger of the Partnerships into us, were fair, reasonable and adequate, and in the best interests of the class of plaintiffs; (2) the plaintiffs’ complaint and each and every cause of action and claim set forth therein is dismissed with prejudice; and (3) each class member who did not request to be excluded from the settlement released all known and unknown claims against the defendants, including those claims being pursued in a competing class action in Kentucky, which is discussed in further detail below.

On June 11, 2004, several class members who objected to the settlement agreement but whose objections were overruled by the Superior Court, filed an appeal in the Court of Appeal of the State of California, First Appellate District. On July 28, 2005, the Court of Appeal issued its decision affirming the Superior Court’s approval of the settlement, and rejecting the objectors’ arguments. On October 5, 2005, the Court of Appeal of the State of California, First Appellate District entered a Remittitur Order stating that the time for appeal had expired and that the judgment of the Appellate Court was final. This effectively concludes the litigation. The matter was then sent back to the Superior Court of the State of California for the County of Contra Costa in order to conduct ministerial proceedings (if any) to effectuate the settlement.

On February 27, 2003, two individuals filed a class and derivative action in the Circuit Court of Jefferson County, Kentucky captioned *Bohm, et al. v. J.D. Nichols, et al.* (Case No. 03-CI-01740) (the “Kentucky Litigation”) against certain of the Former General Partners and several individuals and entities affiliated with us. The complaint was amended to include the general partner of NTS-Properties III and the general partner of NTS-Properties Plus Ltd. The plaintiffs are seeking, among other things, compensatory and punitive damages in an unspecified amount, an accounting, a declaratory judgment and injunctive relief.

On March 2, 2004, the Former General Partners filed a motion to dismiss the Kentucky Litigation. After the motion to dismiss was briefed, the settlement agreement in the California Litigation (discussed above) received final court approval. The Circuit Court of Jefferson County, Kentucky, instructed the plaintiffs in the Kentucky Litigation to file an amended complaint in light of the approved settlement of the California Litigation. The plaintiffs’ six opt-outs from the California Litigation filed a corrected second amended complaint on August 11, 2004.

On February 9, 2005, the Circuit Court instructed the defendants to file a responsive pleading only as to direct claims asserted by the plaintiffs in the Corrected Second Amended Complaint. On March 9, 2005, the Former General Partners, along with the other defendants, filed motions to dismiss the “corrected” second amended complaint.

On July 7, 2005, two of the plaintiffs in the Kentucky Litigation voluntarily dismissed their claims against the defendants. The Former General Partners believe that these dismissals affect the value and scope of plaintiffs’ claims. Accordingly, defendants remanded the hearing on the motion to dismiss originally scheduled for July 15, 2005, in order to properly advise the Court of the effect of the voluntary dismissals. A hearing on the motion to dismiss has been rescheduled for January 30, 2006.

Our legal counsel and we believe that the litigation pending in Kentucky is without merit, and therefore, are continuing to vigorously defend against it. No amounts have been accrued for the settlement of this action in our financial statements.

We do not believe there is any other litigation threatened against us other than routine litigation arising out of the ordinary course of business, some of which is expected to be covered by insurance, none of which is expected to have a material effect on our financial position or results of operations.

Hurricane Wilma

On October 23, 2005, Hurricane Wilma (the “Hurricane”) struck the peninsula of Florida. Our properties in Ft. Lauderdale, Florida were damaged by this storm. The commercial properties involved are the Lakeshore Business Center Phases I, II and III. While these properties are covered by insurance, the deductible for hurricane damage is two percent (2%) of the insured value. For Lakeshore Business Center Phases I, II and III, these amounts are approximately \$190,000, \$185,000 and \$84,000, respectively. At this time we are working to determine the extent of the damage to our properties and the cost to repair. The cost to repair could exceed each of our deductibles totaling approximately \$459,000.

We also have business interruption insurance coverage for our properties in an amount equivalent to the rent for one year. At this time, we are not certain when full utility service will be restored. Once full utility service is restored, there may be an extended time period before storm damage can be identified and repaired. Although we generally require our tenants to maintain business interruption insurance to cover such occurrences, the Hurricane may have an unknown impact on our tenants’ ability to pay rent and our ability to collect those rents due us.

We have not made any provision or accrual in our financial statements as of and for the periods ended September 30, 2005 related to the Hurricane damages, losses or uncollectible amounts.

Note 12 - Segment Reporting

Our reportable operating segments include – Multifamily, Commercial, Retail and Land Real Estate Operations. The following unaudited financial information of the operating segments has been prepared using a management approach, which is consistent with the basis and manner in which our management internally disaggregates financial information for the purpose of assisting in making internal operating decisions. We evaluate performance based on stand-alone operating segment net income or loss. Expenses at the Partnership level are represented in the non-segment column.

NTS-Properties VII

NTS-VII's reportable operating segments included only one segment - Multifamily Operations.

NTS Private Group

The Group's reportable operating segments included – Land, Retail and Commercial Real Estate Operations. The retail operations represented the Group's ownership and operating results relative to Springs Station, Bed, Bath & Beyond and Outlets Mall properties located in Louisville, Kentucky. The commercial operations represented the Group's ownership and operating results relative to suburban commercial office space located in Louisville, Kentucky. The land operations represented the Group's ownership and operating results relative to a ground lease located in Louisville, Kentucky.

The following unaudited financial information of the operating segments was prepared using a management approach, which was consistent with the basis and manner in which the Group's management internally disaggregated financial information to assist in making internal operating decisions. The Group's management evaluated performance based on stand-alone operating segment net income or loss.

Note 13 – Real Estate Transactions

During the three and nine months ended September 30, 2005, we had a property acquisition summarized as follows:

<i>Property</i>	<i>Our Ownership</i>	<i>Date</i>	<i>Purchase Price</i>
The Lakes Apartments	100%	August 26, 2005	\$ 15,975,000

On August 29, 2005, we announced that on August 26, 2005, we closed on our Agreement of Sale with Great Lakes Property Group Trust to purchase The Lakes Apartments, located adjacent to Willow Lake Apartments, in Indianapolis, Indiana. The Lakes is a 230-unit luxury multifamily property which includes amenities such as a fitness center, car wash, swimming pool and a lighted tennis court.

The acquisition was accounted for using the purchase method of accounting in accordance with SFAS No. 141 "Business Combinations." The assets and liabilities purchased were recorded at their fair market value at the date of the acquisition. We allocated the purchase price for the property to net tangible and identified intangible assets acquired based on fair values (including land, buildings, tenant improvements, acquired above and below market leases and the origination cost of acquired in-place leases) and acquired liabilities. No customer relationship intangibles exist. At the date of the acquisition, the carrying value of mortgages and other liabilities approximated fair market value. We retained an independent appraiser to assess fair value based on estimated cash flow projections that utilize discount and capitalizations rates deemed appropriate and available market information.

On September 13, 2005, we announced that we entered into an agreement to sell one of our office buildings located in Jefferson County, Kentucky to an unaffiliated local non-profit corporation for \$5.6 million.

On September 30, 2005, we entered into separate agreements to sell Golf Brook Apartments and Sabal Park Apartments, our multifamily properties located in Orlando, Florida, to an unaffiliated Florida corporation. We are scheduled to receive an aggregate purchase price of approximately \$71.5 million for the properties at closing.

We anticipate the transactions to sell the office building and multifamily properties to take place in the fourth quarter of 2005 and the first quarter of 2006, respectively.

We have presented separately as discontinued operations in all periods the results of operations for the properties being sold. The assets and liabilities held for sale have been separately identified on our balance sheets at September 30, 2005 and December 31, 2004.

The components of discontinued operations are outlined below and include the results of operations for the respective periods in which we owned such assets during the three and nine months ended September 30, 2005 and 2004.

The components of long-lived assets held for sale consist primarily of land, buildings and amenities for the properties being sold. The components of long-lived liabilities held for sale include the accrued property tax liabilities and security deposit liabilities for the properties being sold.

Note 14 - Subsequent Event

On November 1, 2005, we announced that we entered into two agreements to purchase two multifamily properties located in Nashville, Tennessee and one multifamily property located in Chesterfield County, Virginia from an unaffiliated Delaware limited partnership. Subject to the terms and conditions of the Agreements, we have agreed to pay approximately \$117.25 million for the properties.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

For the Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A"), financial information for the three and nine months ended September 30, 2004 was treated as if the Partnerships, ORIG and the NTS Private Group were combined on a historical basis.

The following discussion should be read in conjunction with the financial statements and historical financial statements appearing in Item 1 and the cautionary statements below. This discussion treats our statements of operations and cash flow information for the three and nine months ended September 30, 2004 as if it were combined with our predecessors.

Critical Accounting Policies

General

A critical accounting policy is one that would materially affect our operations or financial condition, and requires management to make estimates or judgments in certain circumstances. These judgments often result from the need to make estimates about the effect of matters that are inherently uncertain. Critical accounting policies discussed in this section are not to be confused with accounting principles and methods disclosed in accordance with U.S. generally accepted accounting principles ("GAAP"). GAAP requires information in financial statements about accounting principles, methods used and disclosures pertaining to significant estimates. The following disclosure discusses judgments known to management pertaining to trends, events or uncertainties known which were taken into consideration upon the application of those policies and the likelihood that materially different amounts would be reported upon taking into consideration different conditions and assumptions.

Distribution Policy

We pay distributions if and when authorized by our managing general partner. We are required to pay distributions on a quarterly basis, commencing in the first quarter of 2005, equal to sixty-five percent (65%) of our "net cash flow from operations" as this term is defined in regulations promulgated by the Treasury Department under the Internal Revenue Code of 1986, as amended; provided that if a law is enacted or existing law is modified or interpreted in a manner that subjects us to taxation as a corporation or otherwise subjects us to entity level taxation for federal, state or local income tax purposes, we will adjust the amount distributed to reflect our obligation to pay tax. Any distribution other than a distribution with respect to the final quarter of a calendar year shall be made no later than forty-five (45) days after the last day of such quarter based on our estimate of "net cash flow from operations" for the year. Any distribution with respect to the final quarter of a calendar year shall be made no later than ninety (90) days after the last day of such quarter based on actual "net cash flow from operations" for the year, adjusted for any excess or insufficient distributions made with respect to the first three quarters of the calendar year.

"Net cash flow from operations" may be reduced by the amount of reserves as determined by us each quarter. NTS Realty Capital will establish these reserves for, among other things, working capital or capital improvement needs. Therefore, there is no assurance that we will have "net cash flow from operations" from which to pay distributions in the future. For example, our partnership agreement permits our managing general partner to reinvest sales or refinancing proceeds in new and existing properties or to create reserves to fund future capital expenditures. Because "net cash flow from operations" is calculated after reinvesting sales or refinancing proceeds or establishing reserves, we may not have any "net cash flow from operations" from which to pay distributions.

Impairment and Valuation

Statement of Financial Accounting Standards (“SFAS”) No. 144 “Accounting for the Impairment or Disposal of Long-Lived Assets,” specifies circumstances in which certain long-lived assets must be reviewed for impairment. If this review indicates that the carrying amount of an asset exceeds the sum of its expected future cash flows, the asset’s carrying value must be written down to fair value. In determining the value of an investment property and whether the investment property is impaired, management considers several factors such as projected rental and vacancy rates, property operating expenses, capital expenditures and interest rates. The capitalization rate used to determine property valuation is based on among others, the market in which the investment property is located, length of leases, tenant financial strength, the economy in general, demographics, environment, property location, visibility, age and physical condition. All of these factors are considered by management in determining the value of any particular investment property. The value of any particular investment property is sensitive to the actual results of any of these factors, either individually or taken as a whole. If the actual results differ from management’s judgment, the valuation could be negatively or positively affected.

The merger was accounted for using the purchase method of accounting in accordance with SFAS No. 141 “Business Combinations.” NTS Realty was treated as the purchasing entity. The portion of each partnership’s assets and liabilities acquired from unaffiliated third parties was adjusted to reflect its fair market value. That portion owned by affiliates of the general partners of the Partnerships was reflected at historical cost. The assets and liabilities contributed by NTS Private Group were adjusted to reflect their fair market value, except for that portion owned by Mr. Nichols, which was reflected at historical cost due to his common control over the contributing entities.

In accordance with SFAS No. 141, we have allocated the purchase price of each acquired investment property among land, buildings and improvements, other intangibles, including acquired above market leases, acquired below market leases and acquired in place lease origination cost, which is the market cost avoidance of executing the acquired leases. Allocation of the purchase price is an area that requires complex judgments and significant estimates. We used the information contained in a third party appraisal as the primary basis for allocating the purchase price between land and buildings. A pro rata portion of the purchase price was allocated to the value of avoiding a lease-up period for acquired in-place leases. The value of in-place leases is amortized to expense over the remaining current term of the respective leases. A portion of the purchase price was allocated to the estimated lease origination cost based on estimated lease execution costs for similar leases and considered various factors including geographic location and size of leased space. We then evaluated acquired leases based upon current market rates at the acquisition date and various other factors including geographic location, size and the location of leased space within the property, tenant profile and the credit risk of the tenant in determining whether the acquired lease is above or below market. After acquired leases were determined to be at, above or below market, we allocated a pro rata portion of the purchase price to any acquired above or below market lease based upon the present value of the difference between the contractual lease rate and the estimated market rate. We also consider an allocation of purchase price to in-place leases that have a customer relationship intangible value. The characteristics we consider in allocating these values include the nature and extent of existing business relationships with the tenant, growth prospects for developing new business with the tenant and the tenant’s credit quality and expectations of lease renewals. We currently do not have any tenants with whom we have developed a relationship that we believe has any current intangible value.

Recognition of Rental Income

Under GAAP, we are required to recognize rental income based on the effective monthly rent for each lease. The effective monthly rent is equal to the average monthly rent during the term of the lease, not the stated rent for any particular month. The process, known as “straight-lining” or “stepping” rent generally has the effect of increasing rental revenues during the early phases of a lease and decreasing rental revenues in the latter phases of a lease. Due to the impact of “straight-lining,” on a historical combining basis, rental income from continuing operations exceeded the cash collected for rent by approximately \$102,000 and \$519,000, respectively for the three and nine months ended September 30, 2005. If rental income calculated on a straight-line basis exceeds the cash rent due under the lease, the difference is recorded as an increase in deferred rent receivable and included as a component of accounts receivable on the relevant balance sheet. If the cash rent due under the lease exceeds rental income calculated on a straight-line basis, the difference is recorded as a decrease in deferred rent receivable and is recorded as a decrease of accounts receivable on the relevant balance sheet. We defer recognition of contingent rental income, such as percentage or excess rent, until the specified target that triggers the contingent rental income is achieved. We periodically review the collectability of outstanding receivables. Allowances are generally taken for tenants with outstanding balances due for a period greater than ninety days and tenants with outstanding balances due for a period less than ninety days but that we believe are potentially uncollectible.

Recognition of Lease Termination Income

We recognize lease termination income upon receipt of the income. We accrue lease termination income if there is a signed termination agreement, all of the conditions of the agreement have been met and the tenant is no longer occupying the property.

Cost Capitalization and Depreciation Policies

We review all expenditures and capitalize any item exceeding \$1,000 deemed to be an upgrade or a tenant improvement with an expected useful life greater than one year. Land, buildings and amenities are stated at cost. Depreciation expense is computed using the straight-line method over the estimated useful lives of the assets. Buildings and improvements have estimated useful lives between 5-30 years, land improvements have estimated useful lives between 7-30 years and amenities have estimated useful lives between 5-30 years. Acquired above and below market leases are amortized on a straight-line basis over the life of the related leases as an adjustment to rental income. Acquired in place lease origination cost is amortized over the life of the lease as a component of amortization expense.

Results of Operations

This section describes our results of operations for the three and nine months ended September 30, 2004 as if it were combined with our Predecessors’ operations without adjustment. As of September 30, 2005, we owned nineteen office and business centers, ten multifamily properties, three retail properties and one ground lease. We generate substantially all of our operating income from property operations.

Net loss from continuing operations for the three months ended September 30, 2005 and 2004 was \$(838,636) and \$(755,719), respectively. The increase in net loss from continuing operations is primarily due to increased loss on disposal of assets, interest expense and total operating expenses, partially offset by increased revenues and interest and other income.

Net loss from continuing operations for the nine months ended September 30, 2005 and 2004 was \$(2,357,322) and \$(2,381,924), respectively. The decrease in net loss from continuing operations is primarily due to increased revenues and interest and other income, partially offset by increased total operating expenses, interest expense and loss on disposal of assets.

Occupancy levels at our continuing properties by segment as of September 30, 2005 and 2004 were as follows:

	<u>September 30, 2005</u>	<u>September 30, 2004</u>
Commercial	80.0%	84.2%
Multifamily	91.1%	85.6%
Retail	99.5%	99.5%
Land	N/A	N/A

We believe the changes in occupancy on September 30 from year to year are temporary effects of each property's specific mix of lease maturities and are not indicative of any known trend or uncertainty.

The average occupancy levels at our continuing properties by segment for the three and nine months ended September 30, 2005 and 2004 were as follows:

	<u>Three Months Ended</u>		<u>Nine Months Ended</u>	
	<u>September 30, 2005</u>	<u>September 30, 2004</u>	<u>September 30, 2005</u>	<u>September 30, 2004</u>
Commercial	83.1%	83.6%	82.9%	82.8%
Multifamily	91.3%	85.6%	89.4%	85.2%
Retail	99.5%	99.7%	99.5%	99.9%
Land	N/A	N/A	N/A	N/A

We believe the changes in average occupancy from period to period are temporary effects of each property's specific mix of lease maturities and are not indicative of any known trend or uncertainty.

The leasing and renewal negotiations for our commercial properties are primarily handled by leasing agents that are employees of NTS Development Company. All advertising for the commercial properties is coordinated by NTS Development Company's marketing staff located in Louisville, Kentucky.

In an effort to continue to improve occupancy at our multifamily properties, we have on-site leasing staff, who are employees of NTS Development Company, at each of the multifamily properties. The staff handles all on-site visits from potential tenants, coordinates local advertising with NTS Development Company's marketing staff, makes visits to local companies to promote fully furnished apartments, and negotiates lease renewals with current residents.

The following discussion relating to changes in our results of operations includes only material line items within our Statements of Operations or line items for which there was a material change between the three and nine months ended September 30, 2005 and 2004.

Rental Income and Tenant Reimbursements

Rental income and tenant reimbursements from continuing operations for the three months ended September 30, 2005 and 2004 were approximately \$7,509,000 and \$7,007,000, respectively. The increase of \$502,000, or 7%, was primarily the result of increased average occupancy at our multifamily segment, as well as decreased free rent at our commercial segment. Approximately \$202,000 of the increase is also due to the acquisition of The Lakes Apartments in August 2005.

Rental income and tenant reimbursements from continuing operations for the nine months ended September 30, 2005 and 2004 were approximately \$21,838,000 and \$20,902,000, respectively. The increase of \$936,000, or 4%, was primarily the result of increased average occupancy at our multifamily segment, as well as decreased free rent at our commercial segment. Approximately \$202,000 of the increase is also due to the acquisition of The Lakes Apartments in August 2005.

Quarter-ending occupancy percentages represent occupancy only on a specific date; therefore, the above analysis considers average occupancy percentages, which are more representative of the period-to-period results.

Operating Expenses and Operating Expenses - Affiliated

Operating expenses from continuing operations for the three months ended September 30, 2005 and 2004 were approximately \$1,873,000 and \$1,718,000, respectively. The increase of \$155,000, or 9%, was primarily a result of overall increased operating expenses at The Lakes Apartments due to their acquisition in August 2005. The increase is also due to increased landscaping expenses, bad debt expense and repairs and maintenance expenses at our multifamily segment.

Operating expenses from continuing operations for the nine months ended September 30, 2005 and 2004 were approximately \$5,217,000 and \$4,950,000, respectively. The increase of \$267,000, or 5%, was primarily due to our multifamily and commercial segments. The multifamily segment increase was primarily due to increased repairs and maintenance expenses and landscaping expenses at our multifamily segment, as well as overall increased operating expenses due to the acquisition of The Lakes Apartments in August 2005. The increase is also due to increased bad debt expense at our commercial segment. The increase is partially offset by decreased tax consulting fees at Willow Lake Apartments for our multifamily segment and decreased bad debt expense at Outlets Mall for our retail segment.

Operating expenses-affiliated from continuing operations for the three months ended September 30, 2005 and 2004 were approximately \$805,000 and \$822,000, respectively. The decrease of \$17,000, or 2%, was not a significant change and is not indicative of any known trend or uncertainty. There were no offsetting material changes.

Operating expenses-affiliated from continuing operations for the nine months ended September 30, 2005 and 2004 were approximately \$2,372,000 and \$2,536,000, respectively. The decrease of \$164,000, or 6%, was primarily due to a decrease in personnel costs at our commercial segment.

Operating expenses - affiliated are for the services performed by employees of NTS Development Company, an affiliate of our general partners. These employee services include property management, leasing, maintenance, security and other services necessary to manage and operate our business.

Management Fees

Management fees from continuing operations for the three months ended September 30, 2005 and 2004 were approximately \$356,000 and \$384,000, respectively. Management fees from continuing operations for the nine months ended September 30, 2005 and 2004 were approximately \$1,010,000 and \$1,149,000, respectively. The decreases of \$28,000, or 7%, and \$139,000, or 12%, respectively, were primarily the result of a change in the management fee calculation pursuant to the terms of our agreement with NTS Development Company.

Real Estate Taxes

Real estate taxes from continuing operations for the three months ended September 30, 2005 were approximately \$472,000 and \$517,000, respectively. The decrease of \$45,000, or 9%, was primarily due to our commercial segment as a result of reduced tax assessments at Lakeshore Business Center Phases I, II and III and Atrium Center. The decrease is partially offset by our multifamily segment as a result of the acquisition of The Lakes Apartments, as well as reduced periodic expense in 2004 due to adjustments to the accrued tax liability for the reduction of the tax assessments at Willow Lake Apartments.

Real estate taxes from continuing operations for the nine months ended September 30, 2005 were approximately \$1,395,000 and \$1,202,000, respectively. The increase of \$193,000, or 16%, was primarily due to our multifamily segment as a result of reduced periodic expense in 2004 due to adjustments to the accrued tax liability for the reduction of the tax assessments at Willow Lake Apartments, as well as the acquisition of The Lakes Apartments. The increase is partially offset by our commercial segment as a result of reduced tax assessments at Lakeshore Business Center Phases I, II and III and Atrium Center.

Professional and Administrative Expenses and Professional and Administrative Expenses - Affiliated

Professional and administrative expenses from continuing operations for the three months ended September 30, 2005 and 2004 were approximately \$647,000 and \$631,000, respectively. The increase of \$16,000, or 3%, was not significant and is not indicative of any known trend or uncertainty. There were no offsetting material changes.

Professional and administrative expenses from continuing operations for the nine months ended September 30, 2005 and 2004 were approximately \$2,172,000 and \$2,425,000, respectively. The decrease of \$253,000, or 10%, was primarily due to decreased legal and professional fees related to the merger and the class action litigation, partially offset by our increased administrative expenses. Professional and administrative expenses for the nine months ended September 30, 2005 included approximately \$142,000 and \$735,000 in merger and litigation expenses, respectively. Professional and administrative expenses for the nine months ended September 30, 2004 included approximately \$1,412,000 and \$602,000 in merger and litigation expenses, respectively.

Professional and administrative expenses – affiliated from continuing operations for the three months ended September 30, 2005 and 2004 were approximately \$346,000 and \$298,000, respectively. Professional and administrative expenses – affiliated from continuing operations for the nine months ended September 30, 2005 and 2004 were approximately \$1,043,000 and \$836,000, respectively. The increases of \$48,000, or 16%, and \$207,000, or 25%, were primarily due to increased personnel costs.

Professional and administrative expenses - affiliated are for the services performed by employees of NTS Development Company, an affiliate of our general partners. These employee services include legal, financial and other services necessary to manage and operate our business.

Professional and administrative expenses - affiliated consisted of the following:

Depreciation and Amortization

Depreciation and amortization expenses from continuing operations for the three months ended September 30, 2005 and 2004 were approximately \$1,912,000 and \$1,815,000, respectively. Depreciation and amortization expenses from continuing operations for the nine months ended September 30, 2005 and 2004 were approximately \$5,667,000 and \$5,410,000, respectively. The increases of \$97,000, or 5%, and \$257,000, or 5%, respectively, were primarily due to the amortization of intangible assets, partially offset by the revision of our fixed asset lives subsequent to our acquisition of them.

Interest Expense

Interest expense from continuing operations for the three months ended September 30, 2005 and 2004 was approximately \$1,831,000 and \$1,624,000, respectively. Interest expense from continuing operations for the nine months ended September 30, 2005 and 2004 was approximately \$5,243,000 and \$4,936,000, respectively. The increases of \$207,000, or 13%, and \$307,000, or 6%, respectively, were primarily due to additional loan proceeds obtained in December 2004, March 2005 and August 2005. The increases were partially offset by lowered interest rates due to refinancing approximately \$94.0 million of debt.

Loss on Disposal of Assets

The loss on disposal of assets from continuing operations for the three and nine months ended September 30, 2005 and 2004 can be attributed to assets that were not fully depreciated at the time of replacement, spread amongst the majority of our properties. These replacements include heating and air conditioning units, common area renovations, stairwell upgrades, access control upgrades, roof replacements, lighting upgrades and fire sprinkler replacements, among others.

Discontinued Operations

Discontinued operations, net were approximately \$114,000 and \$571,000 for the three and nine months ended September 30, 2005, respectively, as compared to approximately \$258,000 and \$785,000 for the three and nine months ended September 30, 2004, respectively. The \$144,000 and \$214,000 decreases are primarily due to decreased revenues at our commercial segment due to a tenant vacating the entire building. The decreases are also due to increased interest expense and loss on disposal of assets at our multifamily segment.

Liquidity and Capital Resources

Our most liquid asset is our cash and equivalents, which consist of cash and short-term investments, but do not include any restricted cash. Operating income generated by the properties will be the primary source from which we generate cash. Other sources of cash include the proceeds from mortgage loans and notes payable. Our main uses of cash will relate to capital expenditures, required payments of mortgages and notes payable, distributions and property taxes.

Cash Flow from Operating Activities

Net cash provided by operating activities decreased from approximately \$7,449,000 to \$6,835,000 for the nine months ended September 30, 2004 and 2005, respectively. The decrease was primarily a result of cash used to pay accounts payable.

Cash Flow from Investing Activities

Net cash used in investing activities increased from approximately \$1,896,000 to \$32,687,000 for the nine months ended September 30, 2004 and 2005, respectively. The increase was primarily due to the acquisition of The Lakes Apartments as well as increased capital expenditures, which included tenant, vacant suite and common area improvements at our commercial segment, roof replacements at our multifamily, retail and commercial segments and HVAC replacements and access control system upgrades at our commercial and multifamily segments. The increase is also due to the cash used to fund our joint venture investment and notes receivable.

Cash Flow from Financing Activities

For the nine months ended September 30, 2004, we used approximately \$4,861,000 in net cash from financing activities. Net cash provided by financing activities was approximately \$25,250,000 for the nine months ended September 30, 2005. The change was primarily the result of \$44,000,000 in loan proceeds obtained during 2005. The increase is partially offset by the payoff of the note payable of approximately \$15,000,000.

Future Liquidity

Our future liquidity depends significantly on our properties' occupancy remaining at a level which provides for debt payments and adequate working capital, currently and in the future. If occupancy were to fall below that level and remain at or below that level for a significant period of time, our ability to make payments due under our debt agreements and to continue paying daily operational costs would be greatly impaired. In the next twelve months, we intend to operate the properties in a similar manner to their operation in recent years. Cash reserves which consist of unrestricted cash as shown on our balance sheet were approximately \$1,972,000 on September 30, 2005. As part of the merger, we refinanced approximately \$94.0 million of debt with approximately \$119.0 million of new debt. The refinancing, among other things, lowered interest rates and extended the amortization schedules. The refinancing of this debt allowed us to generate cash flow to pay capital expenditures, principal and interest expenses from mortgages and notes payable, deferred fees and expenses to NTS Development Company and quarterly distributions to our limited partners pursuant to our distribution policy.

We made quarterly distributions of \$0.10 per unit to our limited partners on May 13, 2005, July 15, 2005 and October 14, 2005.

We expect to incur capital expenditures of approximately \$6.3 million during the next twelve months primarily for tenant origination costs necessary to continue leasing our properties. This discussion of future liquidity details our material commitments.

Joint Venture Investment

On September 12, 2005, we entered into a joint venture investment with an unaffiliated third party investor to acquire an approximately \$16 million mortgage loan secured by real property and improvements. We contributed \$200,000 as capital and hold a 45% interest in the joint venture, which we account for using the equity method. We loaned the joint venture \$1.8 million on a note receivable with an interest rate of 8%, which is due on December 31, 2011, with interest payable on each December 31. We also loaned the joint venture approximately \$7.0 million on a \$7.2 million note receivable due on September 30, 2006, and bearing interest monthly, of LIBOR plus 1.75%. This investment in and notes receivable from the joint venture were funded with borrowings on our revolving note payable to a bank.

The unaffiliated third party investor contributed \$400,000 as capital and holds a 55% interest in the joint venture. The investor also loaned the joint venture \$3.6 million on a note receivable with an interest rate of 8%, which is due on December 31, 2011. The principal repayments on the \$1.8 million and \$3.6 million notes are subordinated to the repayment of the balance due on the \$7.2 million note.

Property Transactions

On August 29, 2005, we announced that on August 26, 2005, we closed on our Agreement of Sale with Great Lakes Property Group Trust to purchase The Lakes Apartments, located adjacent to Willow Lake Apartments, in Indianapolis, Indiana. The Lakes is a 230-unit luxury multifamily property which includes amenities such as a fitness center, car wash, swimming pool and a lighted tennis court.

We also announced that on August 24, 2005, we closed on a \$20.0 million line of credit from PNC Bank, National Association. We used a portion of the proceeds from the line of credit to pay the purchase price for The Lakes Apartments pending permanent financing. We intend to use proceeds from the line of credit to assist in future acquisitions and other working capital needs.

On September 13, 2005, we announced that we entered into an agreement to sell one of our office buildings located in Jefferson County, Kentucky to an unaffiliated local non-profit corporation for \$5.6 million.

On September 30, 2005, we announced that we entered into separate agreements to sell Golf Brook Apartments and Sabal Park Apartments, our multifamily properties located in Orlando, Florida, to an unaffiliated Florida corporation. We are scheduled to receive an aggregate purchase price of approximately \$71.5 million for the properties at closing.

We anticipate the transactions to sell the office building and multifamily properties to take place in the fourth quarter of 2005 and the first quarter of 2006, respectively.

On November 1, 2005, we announced that we entered into two agreements to purchase two multifamily properties located in Nashville, Tennessee and one multifamily property located in Chesterfield County, Virginia from an unaffiliated Delaware limited partnership. Subject to the terms and conditions of the Agreements, we have agreed to pay approximately \$117.25 million for the properties.

The properties in Nashville consist of apartment complexes with 292 units and 301 units, respectively, while the Richmond property has 240 units. We anticipate the transaction to purchase these properties to take place in the first quarter of 2006.

We anticipate using substantially all of the proceeds from the sale of our office building and two multifamily properties for reinvestment in the three multifamily properties we have agreed to purchase. Additional financing will be required to purchase the three multifamily properties. There are significant and potentially material financial risks associated with our ability to execute these transactions. The sale and reinvestment are expected to qualify for the “like-kind” exchange investment rules pursuant to Section 1031 of the Internal Revenue Code. We expect this to minimize any taxable gain to our unit holders as a result of the sale and reinvestment transactions.

We have presented separately as discontinued operations in all periods the results of operations for our properties being sold.

The components of discontinued operations are outlined below and include the results of operations for the respective periods in which we owned such assets during the three and nine months ended September 30, 2005 and 2004.

Hurricane Wilma

On October 23, 2005, Hurricane Wilma (the “Hurricane”) struck the peninsula of Florida. Our properties in Ft. Lauderdale, Florida were damaged by this storm. The commercial properties involved are the Lakeshore Business Center Phases I, II and III. While these properties are covered by insurance, the deductible for hurricane damage is two percent (2%) of the insured value. For Lakeshore Business Center Phases I, II and III, these amounts are approximately \$190,000, \$185,000 and \$84,000, respectively. At this time we are working to determine the extent of the damage to our properties and the cost to repair. The cost to repair could exceed each of our deductibles totaling approximately \$459,000.

We also have business interruption insurance coverage for our properties in an amount equivalent to the rent for one year. At this time, we are not certain when full utility service will be restored. Once full utility service is restored, there may be an extended time period before storm damage can be identified and repaired. Although we generally require our tenants to maintain business interruption insurance to cover such occurrences, the Hurricane may have an unknown impact on our tenants’ ability to pay rent and our ability to collect those rents due us.

We have not made any provision or accrual in our financial statements as of and for the periods ended September 30, 2005 related to the Hurricane damages, losses or uncollectible amounts. While our exposure to loss relative to physical damage to our buildings is likely limited to our deductible of approximately \$459,000, it is unknown what financial impact the event will have on our ability to collect current and future amounts due us under our lease agreements with tenants at the affected properties; our ability to renew or induce new tenants to lease space at these properties; or what additional costs or expenditures may be necessary to return our property to its former level of operation.

Website Information

Our website address is www.ntsdevelopment.com. Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) of the Securities Exchange Act are available and may be accessed free of charge through the “About NTS” section of our website as soon as reasonably practicable after we electronically file this material with, or furnish it to, the SEC. Our website and the information contained therein or connected thereto are not incorporated into this Quarterly Report on Form 10-Q.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our primary market risk exposure with regard to financial instruments is expected to be our exposure to changes in interest rates. We refinanced substantially all of our debt acquired at the time of our merger with instruments which bear interest at a fixed rate with the exception of approximately \$28 million at variable rates. We anticipate that a hypothetical 100 basis point increase in interest rates would result in an approximate \$6,500,000 decrease in the fair value of our fixed rate debt while increasing interest expense on our variable rate debt by approximately \$282,000 annually.

ITEM 4 - CONTROLS AND PROCEDURES

Our managing general partner established disclosure controls and procedures to ensure that our material information is made known to the officers of our managing general partner who certify our financial reports, to our management and to the board of directors of our managing partner.

As of September 30, 2005, our managing general partner’s Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective to ensure that the information required to be disclosed by us in the reports that we file or submit under Securities and Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

PART II - OTHER INFORMATION

ITEM 1 - LEGAL PROCEEDINGS

On May 6, 2004, the Superior Court of the State of California for the County of Contra Costa granted its final approval of the settlement agreement jointly filed by the general partners (the “Former General Partners”) of the Partnerships, along with certain of their affiliates, with the class of plaintiffs in the action originally captioned *Buchanan, et al. v. NTS-Properties Associates, et al.* (Case No. C 01-05090) (the “California Litigation”) on December 5, 2003. At the final hearing, class members were given the opportunity to object to the final approval of the settlement agreement, the entry of a final judgment dismissing with prejudice the California Litigation, or an application of an award for attorneys’ fees and expenses to plaintiffs’ counsel. The Superior Court’s order provided, among other things, that: (1) the settlement agreement, and all transactions contemplated thereby, including the merger of the Partnerships into us, were fair, reasonable and adequate, and in the best interests of the class of plaintiffs; (2) the plaintiffs’ complaint and each and every cause of action and claim set forth therein is dismissed with prejudice; and (3) each class member who did not request to be excluded from the settlement released all known and unknown claims against the defendants, including those claims being pursued in a competing class action in Kentucky, which is discussed in further detail below.

On June 11, 2004, several class members who objected to the settlement agreement but whose objections were overruled by the Superior Court, filed an appeal in the Court of Appeal of the State of California, First Appellate District. On July 28, 2005, the Court of Appeal issued its decision affirming the Superior Court’s approval of the settlement, and rejecting the objectors’ arguments. On October 5, 2005, the Court of Appeal of the State of California, First Appellate District entered a Remittitur Order stating that the time for appeal had expired and that the judgment of the Appellate Court was final. This effectively concludes the litigation. The matter was then sent back to the Superior Court of the State of California for the County of Contra Costa in order to conduct ministerial proceedings (if any) to effectuate the settlement.

On February 27, 2003, two individuals filed a class and derivative action in the Circuit Court of Jefferson County, Kentucky captioned *Bohm, et al. v. J.D. Nichols, et al.* (Case No. 03-CI-01740) (the “Kentucky Litigation”) against certain of the Former General Partners and several individuals and entities affiliated with us. The complaint was amended to include the general partner of NTS-Properties III and the general partner of NTS-Properties Plus Ltd. The plaintiffs are seeking, among other things, compensatory and punitive damages in an unspecified amount, an accounting, a declaratory judgment and injunctive relief.

On March 2, 2004, the Former General Partners filed a motion to dismiss the Kentucky Litigation. After the motion to dismiss was briefed, the settlement agreement in the California Litigation (discussed above) received final court approval. The Circuit Court of Jefferson County, Kentucky, instructed the plaintiffs in the Kentucky Litigation to file an amended complaint in light of the approved settlement of the California Litigation. The plaintiffs’ six opt-outs from the California Litigation filed a corrected second amended complaint on August 11, 2004.

On February 9, 2005, the Circuit Court instructed the defendants to file a responsive pleading only as to direct claims asserted by the plaintiffs in the Corrected Second Amended Complaint. On March 9, 2005, the Former General Partners, along with the other defendants, filed motions to dismiss the “corrected” second amended complaint.

On July 7, 2005, two of the plaintiffs in the Kentucky Litigation voluntarily dismissed their claims against the defendants. The Former General Partners believe that these dismissals affect the value and scope of plaintiffs’ claims. Accordingly, defendants remanded the hearing on the motion to dismiss originally scheduled for July 15, 2005, in order to properly advise the Court of the effect of the voluntary dismissals. A hearing on the motion to dismiss has been rescheduled for January 30, 2006.

Our legal counsel and we believe that the litigation pending in Kentucky is without merit, and therefore, are continuing to vigorously defend against it. No amounts have been accrued for the settlement of this action in our financial statements.
