REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Managing Member of
Equus Financial Consulting LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Equus Financial Consulting LLC (the "Company") as of December 31, 2019 and the related notes (collectively referred to as the "Financial Statement"). In our opinion, the Financial Statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2019 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This Financial Statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's Financial Statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Financial Statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the Financial Statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Financial Statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2018.

Equus Financial Consulting, LLC

Statement of Financial Condition

As of December 31, 2019

1. Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Equus Financial Consulting, LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a limited liability company formed in the State of Delaware. The Company's primary business focus is on private placements and life settlements. The Company provides services to a growing group of alternative assets managers to source qualified investors for their investment funds. In the life settlements market, the Company acts as a broker to arrange the sale of individual variable universal life insurance policies.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents are stated at market value. Cash equivalents include only securities having a maturity of three months or less at the time of purchase. The Company maintains its cash balances at one financial institution located in the United States. These balances are insured up to \$250,000 by the Federal Deposit Insurance Corporation. At times, cash balances may exceed the insured limits. The Company has not experienced any losses in such accounts. The Company held no cash equivalents at December 31, 2019.

Accounts Receivable

Accounts receivable are recorded at the invoiced amount and do not bear interest. The Company may record an allowance for doubtful accounts, which is the Company's best estimate of the amount of probable credit losses on the existing accounts receivable. The allowance is determined based on the historical write-off experience and age of the accounts receivable balances. The allowance for doubtful accounts is reviewed on a monthly basis. Past due balances over 90 days and over a specified amount are reviewed individually each month for collectability and specific bad debt reserves are recorded as deemed necessary. Account balances are written off and removed from the allowance for doubtful accounts calculation when the Company determines that it is probable the accounts receivable will not be recovered. At December 31, 2019, no allowance for doubtful accounts was deemed necessary.

Equus Financial Consulting, LLC

Statement of Financial Condition

As of December 31, 2019

Commissions Payable

The Company records commissions payable to contractors based on a percentage of revenue. Commissions are paid when cash is received for amounts invoiced. No commission payable is recorded for accounts receivable balances that are considered uncollectible and for which a reserve is recorded.

Income Taxes

No provision for federal and state income taxes has been made for the Company since, as a single member limited liability company, the Company is not subject to income taxes. The Company's income or loss is reportable by its member on his individual tax return.

The Company has determined that there are no uncertain tax positions which require adjustment or disclosure on this financial statement. The tax years that remain subject to examination by taxing authorities are 2016, 2017, 2018, 2019.

2. Commitments and Contingencies

The Company rents office space in Connecticut, and during 2019 rented office space and a corporate apartment in Texas.

The Company is subject to claims and lawsuits that arise primarily in the ordinary course of business. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material adverse effect on the financial position or operations of the Company.

The Company had no contingent liabilities and has not been named as a defendant in any lawsuit at December 31, 2019 or during the year then ended.

3. Net Capital and Aggregate Indebtedness Requirement

The Company is subject to Part 240 Rule 15c3-1 of the Securities Exchange Act of 1934 (SEC Rule 15c3-1). SEC Rule 15c3-1 requires the Company to maintain a minimum net capital balance and a maximum ratio of aggregate indebtedness to net capital not to exceed 15 to 1.

At December 31, 2019, the Company's net capital balance as defined by SEC Rule 15c3-1 was \$154,658 which exceeded the minimum requirement of \$42,311 by \$112,347. At December 31, 2019, the Company's aggregate indebtedness to net capital as defined by SEC Rule 15c3-1 was 4.10 to 1.0.

The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k)(2)(i).
