Dear Mr. Hsieh:

Please note that we have limited our review to only your financial statements and related disclosures and do not intend to expand our review to other portions of your document. We may ask you to provide us with supplemental information so we may better understand your disclosure. Please be as detailed as necessary in your explanation. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. Form 10-K for the Fiscal Year Ended December 31, 2006

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Liquidity and Capital Resources, page 44

1. We note that your discussion of cash flows from operating activities is essentially a recitation of the reconciling items identified on the face of the statement of cash flows. This does not appear to contribute substantively to an understanding of

your cash flows. Rather, it repeats items that are readily determinable from the financial statements. When preparing the discussion and analysis of operating cash flows, you should address material changes in the underlying drivers that affect these cash flows. These disclosures should also include a discussion of the underlying reasons for changes in working capital items that affect operating cash flows. Please tell us how you considered the guidance in Section IV.B.1 of SEC Release 33-8350.

Item 8. Financial Statements and Supplementary Data

Report of Independent Registered Public Accounting Firm, page F-1

2. Please revise the audit report here and on page 48 to provide the signature of your Independent Registered Public Accounting Firm. See Rule 2-02(a)(2) of Regulation S-X. Similar concerns apply to the consent of your Independent Registered Accounting Firm included in Exhibit 23.1.

Statement of Operations, page F-3

3. We note that bundled license arrangements for which you do not have VSOE of the maintenance are recognized ratably and are included in product revenues on your Statement of Operations. Further, we note that you recognize revenue using contract accounting. Please tell us whether this revenue is reported within product revenue, service revenue, or allocated to both using some allocation method. Also, please explain to us how each of these presentations comply with Rule 5-03(b)(1) of Regulation S-X.
4. We note that you derive substantially all of your revenues from contracts with international, federal, state and local governments and government agencies. Please tell us whether your arrangements are subject to fiscal funding clauses. If so, tell us how your accounting complies with paragraphs 32-33 of SOP 97-2.

Please respond to these comments within 10 business days or tell us when you will provide us with a response. Please submit all correspondence and supplemental materials on EDGAR as required by Rule 101 of Regulation S-T. If you amend your filing, you may wish to provide us with marked copies of any amendment to expedite our review. Please furnish a cover letter that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
