REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member
of Bhargava Wealth Management, LLC

We have audited the accompanying statement of financial condition of Bhargava Wealth Management, LLC (a limited liability company) as of December 31, 2016, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements. Bhargava Wealth Management, LLC's management is responsible for this financial statement. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of Bhargava Wealth Management, LLC as of December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

Notes to the Statement of Financial Condition

1. Organization

Bhargava Wealth Management, LLC (the "Company") is a Limited Liability Company organized under the laws of the State of Delaware in May, 2004. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company does not clear securities transactions or carry customers' accounts on a fully disclosed basis. Accordingly, the Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the Securities and Exchange Act of 1934 and is exempt from the remaining provisions of that rule. The Company earns service fees as marketing and sales representative with respect to soliciting prospective investors on behalf of its clients.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

The following is a summary of the significant accounting policies followed by the Company.

Cash

Cash consists of cash in banks, primarily held at one financial institution which at times may exceed federally insured limits.

Accounts Receivable

Accounts receivable is stated at its net realizable value, which represents the account balance less an allowance for balances not partially or fully collectable. The Company considers a receivable uncollectible when, based on current information or factors such as age and credit worthiness it is probable that the Company will not collect, in full, the receivable balance. An allowance is established when management believes that collection, after considering relevant factors, is in doubt.

Revenue Recognition

All revenues are recorded as earned. Fees are based on the terms of the client agreements. During the year, the Company earned a success fee in a foreign country. The fee was subject to withholding at the source of approximately \$75,000.

Income Taxes

The Company is a Limited Liability Company. Therefore, no provisions for federal or state taxes are made by the Company. Members of a Limited Liability Company are individually taxed on their pro-rata share of the Company's earnings. The Company's federal, state and local tax returns are subject to possible examination by the taxing authorities until expiration of the related statutes of limitations on those tax returns. In general, the federal and state income tax returns have a three year statute of limitations. The Company would recognize accrued interest and penalties associated with uncertain tax positions, if any, as part of the income tax provision.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period and disclosure of contingent assets and liabilities at the date of the financial statements.

3. Related Party Transactions

The Company has entered an expense-sharing arrangement with its member whereby the member provides the Company management services, office facilities and other support services. Total expense for year ending December 31, 2016 was approximately \$ 7,800. At December 31, 2016 the amount due to this member was approximately \$61,131.

4. Solicitation Agreements

The Company has entered into solicitation agreements with clients whereby the company earns service fees for acting as a marketing and sales representative with respect to solicitations for prospective investors on behalf of its clients. The Company earns management and incentive fees based on initial and subsequent capital contributions and capital appreciation of the investors' accounts.

5. Fair Value

The Company believes that the carrying amount of its financial instruments is a reasonable estimate of fair value as it is based upon closing prices. The Company accounts for its investments at fair value using market quotations that are considered to be Level 1 inputs. Level 1 inputs are defined as unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date. Gains and losses that are composed of both realized and unrealized gains and losses are presented net in the statement of operations

6. Net Capital Requirements

As a registered broker-dealer and member of FINRA, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1 (the "Rule"), which requires that net capital, as defined, be at least the greater of \$5,000 or 6.6667 % of aggregate indebtedness, as defined. The Rule prohibits the Company from distributing equity capital or paying cash dividends if its resulting net capital is less than one-tenth of aggregate indebtedness or 120% of the minimum dollar amount required, whichever is greater. Net capital and aggregate indebtedness change from day to day, but at December 31, 2015, the Company had net capital of \$197,874 which exceeded its requirement of \$7,713 by \$190,161. Aggregate indebtedness was \$115,690. The Company's net capital ratio was .58 to 1 of aggregate indebtedness to net capital.

7. Subsequent Events

This Statement of Financial Condition was approved by management and available for issuance on February 24, 2017. Subsequent events have been evaluated through this date.
