**Re: SuperCom Ltd.
Amendment No. 1 to Registration Statement on Form F-1
Filed August 26, 2013
File No. 333-189810**

Dear Mr. Trabelsi:

We have limited our review of your registration statement to those issues we have addressed in our comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. Where you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments.

Prospectus Cover Page

1. We note your response to prior comment 2. Please include the names of the lead underwriters in the next amendment to the registration statement. Please be advised that we will defer further review of any amendment that does not include the names of the lead underwriters in response to our comment and we will proceed with our review only when the lead underwriters are named in an amendment to the registration statement.

2. We note that you are reflecting the receipt of \$24 million of offering proceeds from the issuance of shares being registered in this offering within your pro forma balance sheet. Please explain to us why reflecting the cash impact of the issuance of these shares as a pro forma adjustment is factually supportable. Within your discussion, please

confirm to us and revise the filing to disclose, if true, that the \$24 million offering is a firm commitment offering from an underwriter.

Notes to Unaudited Pro Forma Condensed Combined Financial Statements, page 33

Note 1. Description of Transaction and Basis of Presentation, page 33

3. We note that you agreed to pay an additional \$12.5 million of contingent consideration for earn-out payments based upon performance and milestones. We further note that you determined the fair value of this contingent consideration to be \$7 million. Please revise your filing to clearly explain how you determined the \$7 million fair value for this contingent consideration. Disclose the significant assumptions and how the significant assumptions were determined.

Note 3. Pro forma Adjustments Related to the Acquisitions, page 33

4. Reference is made to adjustment (c). Please revise this Note to clearly disclose how the \$1 million depreciation and amortization adjustment for the fixed assets and intangible assets purchased as part of this acquisition was calculated. Your revisions should include disclosures of the significant assumptions underlying the adjustment and how the significant assumptions were determined.
5. Reference is made to adjustments (d) and (f). We note you are to pay \$10 million of cash consideration for the SmartID Division of OTI by paying \$5 million upon closing and an additional \$5 million by February 13, 2014. Please tell us and revise this Note to explain why you reflected the entire \$10 million payment as a credit to cash considering that a portion of the consideration is to be paid upon closing and the balance due will be paid at a later date. Also, revise the Note to explain in further detail what portion of the cash pro forma adjustment amount relates to the elimination of certain assets and liabilities of OTI's SmartID Division which are not to be acquired or assumed by you.
6. Reference is made to adjustment (e). Please tell us and revise your filing to explain why your \$1.7 million adjustment for deferred tax assets related to this acquisition impacted your accumulated deficit. Please tell us the authoritative accounting literature that you considered when determining the required pro forma tax related adjustments associated with this pending acquisition.

Note 6. Purchase Price Allocation, page 34

7. We note you allocated \$4.5 million and \$10 million of the purchase price to “software and other IP” and “customer contracts,” respectively. Please revise the filing to provide management’s significant assumptions and the basis for the significant assumptions used in determining the fair value of these intangible assets, including the estimated useful lives thereof.

9. We note you disclosed that you adjusted all share and per share numbers in the prospectus, other than your historical financial statements, for a 1 share for 4.250002 shares reverse stock split that was effected on August 23, 2013. Please revise your historical financial statements to reflect the reverse stock split based upon the guidance in 260-10-55-12 of the FASB Accounting Standards Codifications and SAB Topic 4(C) or alternatively, please tell us how you complied with this guidance. Please consider the impact of this comment on your pro forma financial statements and related Notes beginning on page 30.
10. Further to the above, please explain to us how your independent auditors considered referencing and dual-dating their audit opinions on pages F-2 and F-3 related to the reverse stock split that was effected on August 23, 2013.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Act of 1933 and all applicable Securities Act rules require.
