REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
of FNBB Capital Markets, LLC

Opinion on the Financial Statements

We have audited the accompanying statements of financial condition of FNBB Capital Markets, LLC (the Company) as of December 31, 2018 and 2017, the related statements of income, changes in member's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the years then ended, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of FNBB Capital Markets, LLC as of December 31, 2018 and 2017, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of FNBB Capital Markets, LLC's management. Our responsibility is to express an opinion on FNBB Capital Markets, LLC's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to FNBB Capital Markets, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Auditor's Report on Supplemental Information

The supplemental information contained in Schedule I: Computation of Net Capital Under SEC Rule 15c3-1, Schedule II: Computation for Determination for Reserve Requirements Under SEC Rule 15c3-3, and Schedule III: Information for Possession or Control Requirements Under SEC Rule 15c3-3 has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, Schedule I: Computation of Net Capital Under SEC Rule 15c3-1, Schedule II: Computation for Determination of Reserve Requirements Under SEC Rule 15c3-3, and Schedule III: Information for Possession or Control Requirements Under SEC Rule 15c3-3 are fairly stated, in all material respects, in relation to the financial statements as a whole.

FNBB CAPITAL MARKETS, LLC

BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Description of Business

FNBB Capital Markets, LLC (the “Company”) is a Financial Industry Regulatory Authority (FINRA) registered broker/dealer under the Securities Exchange Act of 1934. The Company was initially approved to offer retirement products consisting of mutual funds and variable annuities to member banks of its sole member.

Effective July 28, 2005, in order to allow the Company to offer expanded services to member banks of First National Bankers Bank (FNBB) due to restrictions within FNBB’s charter, FNBB transferred its interest in the Company to First National Bankers’ Bankshares, Inc. (the “Parent” or “FNBB, Inc.”), and coincident therewith, the Parent became the sole member of the Company. The Company is a wholly owned subsidiary of the Parent. The Company was approved by FINRA in December 2005 to offer the sale of general securities including but not limited to mutual funds and variable insurance products to individual and corporate customers. In 2017, the Company reinstated its Registered Investment Advisory registration with the state of Alabama to provide advisory services on certain retirement products sold by the Company. In March 2005, the Company executed an agreement with a third-party clearing broker/dealer to introduce customer accounts and accept customer funds and securities. The Company also began executing contracts with registered representatives and brokers for the sale of these products.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash and interest-bearing deposits. At times during the year, the Company’s cash accounts exceeded the related amount of federal depository insurance. The Company has not experienced any loss in such accounts and believes it is not exposed to any significant credit risk.

The Company considers financial instruments with a maturity of less than 90 days at the time of origination to be cash equivalents.

Required Clearing Deposit

The Company has an interest bearing deposit with its clearing broker pursuant to its clearing agreement, discussed above, that is considered to be a required clearing deposit.

Furniture and Equipment, Net

Furniture and equipment is recorded at cost. Depreciation is recorded on a straight-line basis using an estimated useful life of 3-10 years. All furniture and equipment is fully depreciated at December 31, 2018 and 2017.

FNBB CAPITAL MARKETS, LLC

BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Company accounts for income tax under applicable guidance contained in the Accounting Standards Codification (ASC). Accordingly, the Company also applies this guidance pursuant to the tax sharing agreement described in Note 4. Pursuant to the applicable ASC, an asset liability approach requires the recognition of deferred tax assets and liabilities for the expected tax consequences that have been recognized in the Company's financial statement or tax returns. In estimating future tax consequences, applicable guidance contained in the accounting standards generally considers all expected future events other than enactments of changes in tax law or rates. The amount of current taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax assets or liabilities are recognized based on the rates expected to apply when these assets or liabilities are expected to be realized or settled. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The Company adopted the accounting guidance related to accounting for uncertainty in income taxes, which sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. In management's judgment, the Company does not have any tax positions that would result in a loss contingency considering the facts, circumstances, and information available at the reporting date.

Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Fair Value

Cash and required clearing deposit are considered short-term instruments, the carrying amounts are a reasonable estimate of fair value.

FNBB CAPITAL MARKETS, LLC
BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

Accounting Standards Adopted

In May 2014, the Financial Accounting Standards Board ("FASB") issued ASU No. 2014-09, Revenue from Contracts with Customers ("ASC 606"). This ASU implements a common revenue standard that clarifies the principles for recognizing revenue. The core principle of ASC 606 is that an entity should recognize revenue to depict the transfer of control for promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve that core principle, an entity is required to identify the contract(s) with a customer, identify the performance obligations in the contract, determine the transaction price, allocate the transaction price to the performance obligations in the contract, and recognize revenue when (or as) the entity satisfies a performance obligation. ASC 606 further requires that companies disclose sufficient information to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. ASC 606 provides companies an option of two transition methods, the full retrospective method or the modified retrospective method. ASC 606 is effective for annual reporting periods beginning after December 15, 2017. (See Note 3 for further information.)

Receivables and Credit Policies

Commissions receivable are uncollateralized clearing broker obligations due under normal trade terms requiring payments within 30 days. The Company generally collects receivables within 30 days and does not charge interest on commissions receivable with invoice dates over 30 days old.

Receivables from brokers consist of commissions and fees earned on the sale of retirement products, insurance and general securities.

Commissions receivable, net of trading costs, are stated at the amount billed. Payments of commissions receivable are allocated to the specific transactions identified on the clearing broker statement, carrier statements or, if unspecified, are applied to the earliest unpaid amounts.

The carrying amount of commissions receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected.

Management individually reviews all commissions receivable balances that exceed 30 days from the invoice date and based on an assessment of current creditworthiness, writes off the portion, if any, of the balance that will not be collected. Additionally, management estimates an allowance for the aggregate remaining commissions receivable based on historical collectability. In the opinion of management, at December 31, 2018 and 2017, all commissions were considered collectible and no allowances was necessary.

FNBB CAPITAL MARKETS, LLC

BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

2. Other Assets

At December 31, 2018 and 2017, the Company has other assets recorded of \$37,500 and \$67,500, respectively, related to payments to certain employees in consideration of their employment with the Company. These amounts are forgivable loans which are interest bearing and are forgiven ratably over a range of five years. Annual amortization expense during each of the years ended December 31, 2018 and 2017 was \$30,000.

3. Revenue from Contracts with Customers

Revenue Recognition

The Company adopted ASC 606 on January 1, 2018 using the modified retrospective method. This method requires recognition of the cumulative effect, if any, to the opening balance of members' equity at January 1, 2018. The adoption of ASC 606 did not have a material impact on the Company's financial statements. Therefore, no adjustment to the opening balance of members' equity was required.

In adopting ASC 606, the Company elected to use a practical expedient permitted by the standard. The portfolio approach was used to assess collectively contracts with similar characteristics to evaluate risk over the impact of ASC 606. This approach was used for revenues from trade of securities as well as mutual funds, retirement products, and advisory fees.

The Company evaluated the effects of ASC 606 on revenue recognition from insurance commissions on a contract basis and determined no impact to the financial statements.

Significant Judgments

Revenue from contracts with customers includes commissions, marketing and distribution fees, and asset management fees. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

FNBB CAPITAL MARKETS, LLC

BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

3. Revenue from Contracts with Customers (continued)

Brokerage Commissions

The Company employs a clearing broker in order to buy and sell securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument is identified, the pricing is agreed upon, and the risks and rewards of ownership have been transferred to/from the customer.

Distribution Fess (12b-1 fees) from Mutual Funds and Retirement Products

The Company enters into arrangements with managed accounts or other pooled vehicles (funds) to distribute shares to investors. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date, and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are related to performance obligations that in some instances have been satisfied in prior periods.

Insurance Commissions

The Company acts as broker in the sale of life insurance policies to its customers. The Company may receive commissions paid by the carrier at the inception of the policy or over time for as long as the policy remains active, on a monthly or annual basis. The Company believes that its performance obligation is the sale of new policies and as such is fulfilled on the date of issuance. Any initial up-front (first year) commissions are known fixed amounts and are recognized on the issuance date. Annual renewal commissions, which are variable amounts, are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved (typically, the cancellation of a policy prior to a certain period or the determination of a policy asset value at a particular point in time that cannot be determined in advance). In addition, the uncertainty of these variable recurring amounts is dependent on the value of the assets at future points in time and are influenced by market conditions.

FNBB CAPITAL MARKETS, LLC

BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

3. Revenue from Contracts with Customers (continued)

Investment Advisory Fees

The Company provides investment advisory services for retirement products on a continuous basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fee arrangements are based on a percentage applied to the customers' assets under management. Fees are received monthly and quarterly and are recognized as revenue to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the assets under management at future points in time as well as the length of time the participants remain in the plan, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the plan assets and the participant activities are known, which are usually monthly or quarterly. Advisory fees recognized in the current period are related to performance obligations that in some instances have been satisfied in prior periods.

Costs to Obtain or Fulfill a Contract with a Customer

The Company incurs costs to obtain revenue contracts with its customers, such as sales commissions paid to employees for obtaining new contracts with clients. These costs are not incremental and are therefore expensed during the period of time that the services are provided to the customer.

The Company has recorded as a liability certain estimated costs incurred but not paid associated with providing services where the performance obligation has been met. As of December 31, 2018 and 2017, the amount of the liability for costs incurred but not paid was \$35,878 and \$34,372. During the years 2018 and 2017, the Company recognized payroll expense of \$656,303 and \$608,810, respectively, directly related to obtaining revenue from contracts.

Accrual of Revenue from Contracts with Customers

Revenue from contracts is accrued in circumstances where the Company believes the performance obligation has been met. The Company estimates revenue based on historical data and has recorded as an asset estimated revenue earned but not paid. As of December 31, 2018 and 2017, the amount of the asset for revenue earned but not paid was \$98,705 and \$152,542.

FNBB CAPITAL MARKETS, LLC
BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

3. Revenue from Contracts with Customers (continued)

Disaggregated Revenue from Contracts with Customers

The following table presents revenue by major source:

	2018	2017
Revenue from contracts with customers		
Brokerage commissions	\$264,092	\$237,840
Distribution fees (12b-1 fees) from mutual funds and retirement products	448,984	478,383
Insurance commissions	276,092	305,438
Investment advisory fees	<u>70,952</u>	<u>7,504</u>
Total Revenue from contracts with customers	<u><u>\$1,060,120</u></u>	<u><u>\$1,029,165</u></u>

4. Income taxes

Pursuant to a tax-sharing agreement (the "Agreement") with the Parent, the Company's tax expense is determined on a separate return basis; and therefore, the Company is required to recognize an allocation of income taxes in its separate financial statements in accordance with the Agreement. For the years ended December 31, 2018 and 2017, the income tax expense recorded of \$17,436 and \$7,340 respectively, is classified as current in the accompanying statements of income. In accordance with the terms of the Agreement, the Parent made estimated tax payments to the Company for the estimated tax expense during 2018 and 2017 totaling \$0 and \$7,400 respectively. Accordingly, the difference between the actual recorded income tax expense and the estimated tax payments received is included in amounts due to affiliates in the accompanying statements of financial condition. Amounts due to affiliates relating to income tax totaled \$8,411 and \$154,638 as of December 31, 2018 and 2017, respectively.

5. Related party transactions

The Company operates in facilities that are owned by the Parent. During 2018 and 2017, the Company was charged with certain operating expenses relating to salaries and benefits, rent, and insurance totaling \$810,343 and \$760,881, respectively, by the Parent. In addition, certain other operating expenses, including telephone, utilities, and other overhead costs were allocated to the Company by the Company's Parent in 2018 and 2017. The Company has amounts due to the Parent at December 31, 2018 and 2017, of \$44,289 and \$189,010 respectively, relating to income taxes (see Note 4) and salaries and employee benefits expenses.

FNBB CAPITAL MARKETS, LLC

BIRMINGHAM, AL

NOTES TO FINANCIAL STATEMENTS

6. Regulatory requirements

The Company, as a registered broker/dealer in securities, is subject to the uniform Net Capital Rule (SEC Rule 15c3 – 1 under the Securities Exchange Act of 1934), which requires the maintenance of minimum net capital, as defined in the Rule of \$50,000, or 6.67% of aggregate indebtedness, whichever is greater. Also, the Uniform Net Capital Rule precludes the withdrawal of equity capital if the ratio of aggregate indebtedness to net capital exceeds 10 to 1. At December 31, 2018, the Company had net capital of \$980,451, which was \$930,451 in excess of its required net capital of \$50,000. The Company had aggregate indebtedness of \$70,810 at December 31, 2018. The Company's ratio of aggregate indebtedness to net capital ratio was .07 to 1 at December 31, 2018.

The Company is required to maintain a blanket fidelity bond, in a form substantially similar to the standard form of Brokers Blanket Bond promulgated by the Surety Association of America, covering officers and employees which provides against loss. The Financial Industry Regulatory Authority has allowed the Company to use the Parent's fidelity bond in the amount of \$100,000.

The Company acts as an introducing broker or dealer, promptly transmitting all funds and delivering all securities received in connection with its activities as a broker or dealer and does not otherwise hold funds or securities for or owe money or securities to customers. The Company operates under Section (k) (2) (ii) of Rule 15c3-3 of the Securities Exchange Act of 1934 and is therefore exempt from the requirement of Rule 15c3-3.

7. Contingencies

In the normal course of business activities, the Company is subject to regulatory examinations or other inquiries. These matters could result in censures, fines or other sanctions. Management believes that outcome of any resulting actions will not be material to the Company's Statement of Financial Condition. However, the Company is unable to predict the outcome of these matters.

8. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued February 13, 2019 and determined no subsequent events that require disclosure have occurred as of this date.

FNBB CAPITAL MARKETS, LLC
BIRMINGHAM, AL

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
of FNBB Capital Markets, LLC

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) FNBB Capital Markets, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which FNBB Capital Markets, LLC claimed an exemption from 17 C.F.R. §240.15c3-3:(k)(2)(ii) (exemption provisions) and (2) FNBB Capital Markets, LLC stated that FNBB Capital Markets, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. FNBB Capital Markets, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about FNBB Capital Markets, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

EXEMPTION REPORT

FNBB Capital Markets, LLC (the “Company”) is a registered broker-dealer subject to SEC Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. §240.17a-5, “Reports to be made by certain brokers and dealers”). This Exemption Report was prepared as required by 17 C.F.R. § 240.17a-5(d)(1) and (4). To the best of its knowledge and belief, the Company states the following:

- 1) The Company claimed an exemption from 17 C.F.R. § 240.15c3-3 under the following provisions of 17 C.F.R. § 240.15c3-3(k)(2)(ii).
- 2) The Company met the identified exemption provisions in 17 C.F.R. § 240.15c3-3(k)(2)(ii) throughout the most recent fiscal year without exception.

FNBB Capital Markets, LLC

I, Laura Boudreaux, affirm that, to my best knowledge and belief, this Exemption Report is true and correct.
