disclosure that addresses more comprehensively how cash is transferred through your organization, whether through dividends or any other means, and quantify cash flows and transfers of other assets by type and the direction of transfer. In this regard, we note disclosure on page 11 of Sands China Ltd.'s prospectus dated July 7, 2021 that describes transfers of cash between Sands China and its subsidiaries that appears to be relevant to our comment. You should describe and quantify not only dividends but any other transfers or distributions, such as interest or principal payments on intercompany loans or advances and intragroup transfers of cash and other assets, between and among you and your Chinese (including Hong Kong and Macao-based) subsidiaries. Similarly, quantify distributions that a Chinese subsidiary has made to you or to U.S. investors, the source, and their tax consequences. In this regard, we note disclosure in your Form 10-Q for the quarter ending June 30, 2022 regarding an intercompany term loan agreement with Sands China Ltd. We also note disclosure in your 2021 10-K regarding unrestricted cash available to be repatriated to the U.S. and intercompany royalties and intercompany services. Quantify the amount, if any, of available unrestricted cash held by non-U.S. subsidiaries that was repatriated to the U.S., and quantify intragroup transfers of cash and other assets related to intercompany royalty and/or service arrangements. Finally, please disclose your intentions, if any, to resume the company's quarterly dividend program.
