Significant accounting policies followed by the Company in the preparation of the accompanying financial statements are as follows:

Nature of Operations

Tessera Capital Partners, LLC ("the Company") was formed in June 2004 in the State of Delaware and is a limited liability company. The Company operates as a broker/dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company provides sales and marketing, marketing support, and client services for LLC's, LP's and/or investment managers with products, funds or strategies falling under the definition of Regulation D offerings, which includes products such as single strategy hedge funds, fund of fund vehicles and funds relating to real estate and private equity. Accordingly, the Company is not subject to federal income taxes. Accordingly, the Company's results of operations are presented without a provision for income taxes.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of income and expenses during the reported period. Actual results could differ from those estimates. The Company has evaluated events and transactions that occurred through February 1, 2018, which is the date the financial statements were issued, for possible disclosure and recognition in the financial statements.
