## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Significant accounting policies followed by the Company in the preparation of the accompanying financial statements are as follows:

### Nature of Operations

Tessera Capital Partners, LLC (“the Company”) was formed in June 2004 in the State of Delaware and is a limited liability company. The Company operates as a broker/dealer registered with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”). The Company provides sales and marketing, marketing support, and client services for LLC’s, LP’s and/or investment managers with products, funds or strategies falling under the definition of Regulation D offerings, which includes products such as single strategy hedge funds, fund of fund vehicles and funds relating to real estate and private equity. In addition, the Company also provides investment advisory services.

### Revenue Recognition

As noted above, the Company enters into agreements to provide marketing and sales services to Investment Advisers (“Adviser”) whereby the Company agrees to find prospective investors for the Adviser. Typically, the Company receives a fixed retainer for their marketing and sales efforts or may be reimbursed for certain related expenses. These agreements are generally terminatable by either party with sufficient cause and notification. Revenue from these agreements are recognized ratably over the period in which the services are rendered.

In the event the Adviser contracts to provide investment management services to such prospects, the Company may earn a fee based on the management fees charged by the Adviser. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company and the Adviser. Fee arrangements are based on a percentage applied to the customer’s assets under management. Fees are received quarterly and are recognized as revenue at that time as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

### Income Taxes

The Company is treated as a partnership for income tax purposes. The members of the Company are then taxed on their proportionate share of the Company’s taxable income. Accordingly, the Company is not subject to federal income taxes. Accordingly, the Company’s results of operations are presented without a provision for income taxes.

The Company has evaluated events and transactions that occurred through February 2, 2019, which is the date the financial statements were issued, for possible disclosure and recognition in the financial statements.
