NOTE A – SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by the Company and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flows are summarized below:

Organization

Middle Market Transactions, Inc. (the Company) was incorporated in the State of Illinois effective August 11, 2004 and subsequently elected “S” Corporation status for federal income tax purposes. The Company has adopted a calendar year.

Description of Business

The Company, headquartered in St. Louis, Missouri, offers merger and acquisition services to sellers and buyers of privately held middle market companies, and is a member of FINRA. The Company, pursuant to SEC footnote 74, is considered a Non-Covered firm for exemption purposes and (1) does not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (2) does not carry accounts of or for customers; or (3) carry PAB accounts (as defined in Rule 15c3-3). Business activities are exclusive to receiving transaction-based compensation for identifying potential merger and acquisition opportunities for clients.

Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Revenue Recognition

The Company, along with a related entity, Patrick C. Nolan & Assoc. Ltd. (Nolan), contracts with entities seeking merger and acquisition services and receive a success fee upon closing of a transaction. The contracts with these entities provide for a single performance obligation, which is to complete the merger or acquisition transaction. The Company has a revenue sharing agreement with Nolan that provides a success fee in the calendar year a transaction is closed. The Company recognizes the success fee at the point in time the transaction has closed.

Middle Market Transactions, Inc.
Notes to Financial Statements
12/31/2021

Income taxes

The Company, with the consent of stockholders, has elected pursuant to the Internal Revenue Code to be taxed as an S corporation. Accordingly, the income taxes on the net earnings for the year are payable personally by the stockholders and no provision has been made for Federal income taxes. The Company is subject to the Illinois replacement income tax, which is 1.5% of taxable income.

The Company has recognized in the financial statements the effects of all tax positions and continually evaluates expiring statutes of limitations, audits, changes in tax law, and new authoritative rulings. The Company is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decrease within 12 months of the balance sheet date. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no interest or penalties paid in 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through February 16, 2022, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE B – NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-3 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1.

At December 31, 2021, the Company had net capital of \$175,751 which was \$170,751 in excess of its minimum required net capital of \$5,000.

In addition, the Company's ratio of aggregate indebtedness to net capital did not exceed 15 to 1 at December 31, 2021.

Report of Independent Registered Public Accounting Firm

To Pat C. Nolan, Chairman
Middle Market Transactions, Inc.

We have reviewed management's statements, included in the accompanying Exemption Statement for FYE December 31, 2021, in which (1) Middle Market Transactions, Inc. (the Company) identifies itself as a Non-Covered firm pursuant to Footnote 74 of the 2013 Release adopting amendments to Rule 17a-5 (Footnote 74), due to the Company limiting its business activities exclusively to receiving transaction-based compensation for identifying potential merger and acquisition opportunities for its clients and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth for Non-Covered firms pursuant to the Securities Exchange Act of 1934.
