1. Basis of Presentation:

These unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information, as well as the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. The financial statements included herein reflect all normal recurring adjustments that, in the opinion of management, are necessary for a fair presentation. The results for interim periods are not necessarily indicative of trends or of results to be expected for the full year ending March 31, 2006.

These financial statements should be read in conjunction with the financial statements and notes thereto for the fiscal year ended March 31, 2005, included in the registrant's Annual Report on Form 10-KSB.

2. Nature of Business and Plan of Operation:

The objectives of the Company are to seek, investigate and, if such investigation warrants, acquire an interest in business opportunities presented to it by persons or firms who, or which, desire to seek the perceived advantages of a publicly registered corporation. The Company has no recurring source of revenue and has incurred operating losses since inception. These conditions raise substantial doubt about the Company's ability to continue as a going concern as expressed by the Company's independent accountants in their report on the Company's March 31, 2005 financial statements. The interim financial statements do not contain any adjustments which might be necessary if the Company is unable to continue as a going concern.

## ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

### *General*

This report contains both historical and prospective statements concerning the Company and its operations. Prospective statements (known as "forward-looking statements") may or may not prove true with the passage of time because of future risks and uncertainties. The Company cannot predict what factors might cause actual results to differ materially from those indicated by prospective statements.

The objectives of the Company are to seek, investigate and, if such investigation warrants, acquire an interest in business opportunities presented to it by persons or firms who, or which, desire to seek the perceived advantages of a publicly registered corporation. The Company has no recurring source of revenue and has incurred operating losses since inception. These conditions raise substantial doubt about the Company's ability to continue as a going concern, as expressed by the Company's independent accountants in their report on the Company's March 31, 2005, financial statements. The interim financial statements do not contain any adjustments, which might be necessary, if the Company is unable to continue as a going concern.

### *Financial Condition and Liquidity*

During the six month period ended September 30, 2005, the Company used \$14,014 of cash for operating activities, compared to \$14,404 used for operating activities for the six month period ended September 30, 2004. The Company has no recurring revenue from operating activities. As of September 30, 2005, the Company had a cash balance of \$4,513 and no accounts payable. Management believes that the Company will have to raise additional funds to meet operating expenses for the next twelve months.

## ITEM 3. CONTROLS AND PROCEDURES

An evaluation was performed by the Company's principal executive officer and principal financial officer of the effectiveness of the design and operation of the Company's disclosure controls and procedures. And on that evaluation, the Company's principal executive officer and principal financial officer concluded that disclosure controls and procedures were effective as of September 30, 2005, in ensuring that all material information required to be filed in this quarterly report has been made known to them in a timely fashion.

There has been no change in the Company's internal controls over financial reporting during the quarter ended September 30, 2005, that will materially affect, or is likely to materially affect, the Company's internal controls over financial reporting.
