Form 10-K for Fiscal Year Ended December 31, 2018

26. Segment Information, page 123

1. Please tell us whether the three businesses in the Acetyl Chain segment (intermediate chemistry, emulsion polymers and ethylene vinyl acetate) are operating segments aggregated into one reportable segment. In this regard, your disclosures on page 124 reference the criteria in ASC 280-10-50-11. However, your disclosure on page 4 indicates that the newly created Acetyl Chain reportable segment is also an operating segment. If the three businesses are individual operating segments, please provide us with your detailed analysis of the aggregation requirements in ASC 280-10-50-11.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
