Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Redrock Trading Partners, LLC (the Company) as of December 31, 2017, and the related statement of operations, changes in members' equity and cash flows for the year then ended, and the related notes to the financial statements (collectively, the financial statements). In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2017, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplementary information contained in Schedule 1 – Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission (the Supplemental Information) has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The Supplemental Information is the responsibility of the Company's management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplementary information contained in Schedule 1 – Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission is fairly stated, in all material respects, in relation to the financial statements as a whole.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the 2017 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

We have served as the Company's auditor since 2016.

REDROCK TRADING PARTNERS, LLC
NOTES TO FINANCIAL
STATEMENTS

Note 1

Nature of Business and Summary of Significant Accounting Policies (As Restated)

Nature of Business

Redrock Trading Partners, LLC was formed on May 24, 2004 in the State of Arizona as a Limited Liability Corporation (LLC). The LLC was re-domiciled in Georgia on August 12, 2006. The Company is a registered broker-dealer under the provisions of the Securities Exchange Act of 1934. The Company began operations as a broker-dealer in April 2005. The Company provides services on behalf of clients for the purchase and/or sale of securities and private placements.

Restatement

The 2017 financial statements were restated due to a misstatement in the supplementary information contained in Schedule 1 – Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission (Note 3).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments with a maturity of 90 days or less at the time of purchase to be cash equivalents.

Revenue Recognition

The Company receives revenue for private placement fees and other miscellaneous services. Revenue is recognized when the services for the transactions are completed under the terms of each engagement and when collection is reasonably assured.

Income Taxes

The Company is recognized as a partnership for income tax purposes under the provisions of the Internal Revenue Code for Limited Liability Companies. As a result, income and losses of the Company are passed through to the members for income tax reporting purposes. Accordingly, no provision has been made for federal or state income taxes. The tax returns of the past three years have not been audited, and could be subject to audit.

Fair Value of Financial Instruments

The Company's financial assets and liabilities are reported in the statement of financial condition at market or fair value or at carrying amounts of approximate current fair value. Financial instruments consist principally of cash and payables.

 Note 1

 Nature of Business and Summary of Significant Accounting Policies (As Restated) (Continued)

Fair Value of Financial Instruments (continued)

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy, which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are items (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the market participants would use in pricing the asset or liability.

The carrying amounts of cash and cash equivalents, accounts payable, and accrued expenses, approximate fair value given their short-term nature.

New Authoritative Accounting Guidance

In May 2014, the Financial Accounting Standards Board ("FASB") issued new authoritative literature, "Revenue from Contracts with Customers", which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to its customers. The new standard will supersede much of the existing authoritative literature for revenue recognition. The standard and related amendments will be effective for the Company in the first quarter of 2018. Entities are allowed to transition to the new standard by either retrospective application or recognition of the cumulative effect. The Company is currently evaluating the newly issued guidance, including which transition approach will be applied and the estimated impact it will have on the financial statements.

 Note 2

 Concentrations of Credit Risk

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2017, the Company had no cash in excess of the FDIC insured limits. The Company has not experienced any losses in such accounts.

REDROCK TRADING PARTNERS, LLC

Note 3

Net Capital Requirements (As Restated)

The Company, as a registered broker-dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). Rule 15c3-1 requires the maintenance of minimum net capital of \$5,000, as defined, and requires that aggregate indebtedness, as defined, shall not exceed 15 times net capital. At December 31, 2017, the Company had net capital, as defined, of \$36,644, which exceeded the required net capital of \$5,000 by \$31,644. At December 31, 2017, the Company had a ratio of aggregate indebtedness to net capital less than 0.01 to 1.

Note 4

Fidelity Bond

As a FINRA member, the Company is required to maintain minimum fidelity bond coverage of \$100,000. The Company possessed adequate fidelity bond coverage covering the policy year February 16, 2017 to February 16, 2018.

Note 5

Subsequent Events

Management has evaluated subsequent events through the date on which the financial statements were available to be issued and is unaware of any events requiring recognition or disclosure in the financial statements or notes thereto.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of 17 C.F.R. § 240.15c3-3.
