REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Reef Resources, LLC

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Reef Resources, LLC (the “Company”) as of December 31, 2020, the related statements of operations, changes in member’s equity and cash flows for the year then ended, and the related notes and schedules (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial condition of the Company as of December 31, 2020, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The Computation of Net Capital has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Computation of Net Capital is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1. Organization and Significant Accounting Policies

Organization

Reef Resources, LLC ("the Company") is a securities broker and dealer as approved by the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority. The Company's offices are located in Seattle, Washington. The Company locates investors for other companies and refers customers to other companies. The Company has claimed an exemption from Securities Exchange Act of 1934 Rule 15c3-3(k) by meeting the exemptive provisions of Rule 15c3-3(k)(2)(i) during the year ended December 31, 2020.

The Company is a limited liability company (or "LLC"), and as an LLC, the liability to the owner is generally limited to amounts invested.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts during the reporting period. Actual results could differ from the estimates that were used.

Revenue Recognition

The Company enters into arrangements with investment fund managers to introduce potential investors to the manager. To the extent the referred investor becomes an investor in the fund, the Company is entitled to receive fees from the manager based on the management and performance fees received by the manager for so long as the referred client maintains an investment in the manager's fund. The Company recognizes income from these arrangements in the quarter with respect to which the management and performance fees are earned by the fund manager at which point it becomes probable that significant reversal of the revenue recognized will not occur. The Company believes that its performance obligation under these arrangements is satisfied on the date the investor actually invests in the referred fund. The Company has no further obligations to the manager or the investor once the investment in the fund is made by the referred investor.

Receivables from contracts with customers are recognized in Accounts Receivable in the statement of financial condition when the underlying performance obligations have been satisfied and the Company has the right per the contract to bill the customer. Accounts receivable are stated at principal amounts and are primarily comprised of amounts contractually due from referral services. The Company provides an allowance for doubtful accounts based on an evaluation of customer past due account balances. When an account is deemed uncollectible, it is generally written off against the allowance. In determining whether to record an allowance for a specific customer, the Company considers a number of factors, including prior payment history and financial information for the customer. As of December 31, 2020, the Company has determined that no allowance for doubtful accounts is necessary.

The Company has no incremental costs to obtain or fulfill contracts.

All revenue and receivables were derived from one customer for the year ended December 31, 2020.

Cash

Cash includes cash in banks. On occasion, the Company has deposits in excess of federally insured limits.

Income Taxes

As an LLC, the Company is not taxed at the reporting level. Instead, its items of income, loss, deduction, and credit are passed through to its member owner. The Company does not file federal tax returns at the Company level as it is owned by a single member.

Considering the tax status of the Company and its ultimate parent, and applicable guidance from ASC 740, *Income Taxes*, and ASC 272, *Limited Liability Entities*, regarding single member LLCs that are disregarded for tax purposes, no federal or state income tax provision, or deferred tax asset or liability will be presented or recognized in these financial statements.

Subsequent Events

The Company has evaluated subsequent events through the date these financial statements were issued, which was February 9, 2021.

Note 2. Related Party Transactions

The Company has an expense sharing agreement with its member owner whereby the member owner pays for the majority of the Company's general and administrative expenses, including occupancy and payroll expenses. In accordance with the terms of the agreement and due to limited activity in 2020, there were no charges to the Company in 2020.

The expense sharing agreement also states the member owner will pay certain expenses for the Company (filing fees and direct operating expenses) for which he will be reimbursed. The Company did not owe the member owner any amounts under this arrangement at December 31, 2020.

Note 3. Commitments, Contingencies, and Guarantees

Management of the Company believes that there are no commitments, contingencies, or guarantees that may result in a loss or future obligation as of December 31, 2020.

Note 4. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1). Accordingly, the Company is required to maintain a minimum level of net capital (as defined) of 6 2/3% of total aggregate indebtedness or \$5,000, whichever is greater. At December 31, 2020, the required minimum net capital was \$5,000. The Company had computed net capital of \$10,737 at December 31, 2020, which was in excess of the required net capital level by \$5,737. In addition, the Company is not allowed to have a ratio of aggregate indebtedness to net capital (as defined) in excess of 15 to 1. At December 31, 2020, the Company's ratio of aggregate indebtedness to net capital was 0.1216 to 1.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Reef Resources, LLC

We have reviewed management's statements, included in the accompanying management statement regarding compliance with Rule 15c3-3 exemption report, in which (1) Reef Resources LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3 (k)(2)(i) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
