of SeaCap Securities LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of SeaCap Securities LLC (the "Company") (a Delaware limited liability company), as of December 31, 2020, and the related notes to the financial statement. In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of SeaCap Securities LLC as of December 31, 2020 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

The standard requires that a lessee recognize on the balance sheet assets and liabilities relating to leases with terms of more than 12 months. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will depend on its classification as a finance or operating lease, and is effective for the Company beginning in January 2019. The Company does not have any direct leases, and any expenses related to leases is through the expense sharing agreement with the Parent.

Note 4 - Concentration of Credit Risk

The Company maintains cash in bank accounts which at times may exceed federally insured limits. The Company has not experienced any loss in this account and believes it is not subject to any significant credit risk.

Note 5 - Related Party Transactions

These include professional fees, use of fixed assets, travel, insurance, subscriptions, taxes, personnel, benefits and other general and administrative services. The total amount of intercompany charges incurred by the Company was approximately \$24,000. ,

Note 6 - Fair Value

Effective January 1, 2008, the company adopted Statement of Financial Accounting Standards ("SFAS") ASC 820 "Fair Value Measurements and Disclosures," for assets and liabilities measured at fair value on a recurring basis. The adoption of ASC 820 had no effect on the Company's financial statements. ASC 820 accomplished the following key objectives:

Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date;

Establishes a three-level hierarchy (the "Valuation Hierarchy") for fair value Measurements;

Requires consideration of the Company's creditworthiness when valuing liabilities; and

Expands disclosures about instruments measured at fair value.

SEACAP SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

The Valuation Hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the Valuation Hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the Valuation Hierarchy and the distribution of the Company's financial assets within it are as follows:

Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 – inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3- inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Certain financial instruments are carried at cost on the balance sheet, which approximates fair value due to their short-term, highly liquid nature. These instruments include cash and cash equivalents, account receivable, accrued expenses and other liabilities, and deferred revenue.

Note 7 - Risk and Uncertainties – COVID-19

Subsequent to December 31, 2020, the pandemic caused by the spread of COVID-19 has impacted most countries, communities, and markets. The extent to which the COVID-19 pandemic may impact our business, financial condition, liquidity, results of operations, or prospects will depend on numerous evolving factors that are out of our control and that we are not able to predict at this time.

Note 8 - Uncertain Tax Positions

The Company's federal, state, and local tax returns are subject to possible examination by the taxing authorities until expiration of the related statutes of limitations on those tax returns. In general, the federal and state income tax returns have a three-year statute of limitations. The Company would recognize accrued interest and penalties associated with uncertain tax positions, if any, as part of the income tax provision.

Note 9 - Subsequent Events

These financial statements were approved by management and available for issuance on February 27, 2021. Subsequent events have been evaluated through that date.
