Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Compass Professional Services, LLC (the Company), an Illinois Limited Liability Company, as of December 31, 2017, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of the Company as of December 31, 2017 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Jesser, Ravid, Jason, Basso and Farber, LLP

We have served as Compass Professional Services, LLC's auditor since 2005.

COMPASS PROFESSIONAL SERVICES, LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION

1. Organization:

Compass Professional Services, LLC (the Company) was organized under the Illinois Limited Liability Company Act under its original name, Equitec Compass, LLC, on December 3, 2004. The Company was purchased by Volant Holding LLC, (the Member) from John P. LaRocque and Daniel B. Asher (the Former Members) on October 31, 2017. The Company is in the business of Clearing Member Transfer Agreements, which allows for the Company's customers to execute options transactions using the Company as the clearing member, upon which the Company transfers those positions to the customer's clearing member that holds its positions, facilities management, order routing, and executing brokerage and options transactions on the below-listed exchanges. On February 20, 2018, the Company changed its name to Volant Execution, LLC.

The Company is a member of the following exchanges: BOX Options Exchange (BOX), Bats BZX Exchange, Bats EDGX Exchange, C2 Options Exchange, Chicago Board Options Exchange (CBOE), MIAX PEARL, Miami International Securities Exchange (MIAX), NYSE American (AMEX), NYSE Arca (ARCA), Nasdaq BX, Nasdaq NQX, Nasdaq GEMX, Nasdaq ISE, Nasdaq MRX, and Nasdaq PHLX, as well as a member of the Options Clearing Corp. (OCC). The Company is registered as a broker/dealer with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

2. Significant Accounting Policies:

The Company follows the accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles (GAAP) that the Company follows to ensure consistent reporting of the Company's financial condition.

The preparation of the statement of financial condition in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

Fixed assets are stated at cost less accumulated depreciation and amortization. Fixed assets are depreciated over their estimated useful lives ranging from 3-5 years, using the 200% double declining method.

At December 31, 2017, fixed assets are comprised of the following:

Computers	\$36,450
Software	1,732
Accumulated depreciation and amortization	(35,499)
Net book value	\$ 2,683

COMPASS PROFESSIONAL SERVICES, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

2. Significant Accounting Policies - continued:

The Company maintains cash in certain bank accounts insured by the Federal Deposit Insurance Corporation (FDIC). The insurance is currently limited to \$250,000. During 2017, the accounts, at times, may have exceeded their insured limit; however, no losses have been incurred on the accounts.

At December 31, 2017, \$4,333,290 in cash was pledged to the Options Clearing Corporation. The Company may be required to pledge additional funds in the future to satisfy the Options Clearing Corporation's collateral requirements.

The Company extends credit to its customers and generally requires no collateral. As such, the Company is susceptible to credit risk from customers. Management reviews aged receivables on a regular basis, and maintains prudent credit and collection policies to minimize risk.

Accounts receivable are stated at the amounts the Company expects to collect. The Company maintains an allowance for doubtful accounts to recognize estimated losses resulting from the inability of its customers to make required payments. Management considers a variety of factors when determining the collectability of specific customer accounts, such as credit-worthiness, past transaction history, current economic industry trends, and changes in payment terms. Based on management's assessment, the Company provides for estimated uncollectible amounts through a charge to earnings and a credit to valuation allowance. Balances that remain outstanding after the Company has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. As of December 31, 2017, there was no balance in the allowance for doubtful accounts.

The Company is not liable for federal income taxes as it is considered a disregarded entity for federal tax purposes. The Member recognizes the Company's income or loss on its tax return. The Company was subject to Illinois Replacement Tax prior to the change in control. The FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the statement of financial condition. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions will "more-likely-than-not" be sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the "more-likely-than-not" threshold would be recorded as a tax expense or benefit and liability or asset, respectively, in the current year. For the year ended December 31, 2017, management has determined that there were no material uncertain income tax positions. The Company is not subject to examination by United States federal and state tax authorities for tax years before 2014.

Amounts payable, if any, to the clearing broker are collateralized by cash held with the clearing broker. See Note 3.

Management has evaluated subsequent events through March 9, 2018, the date on which the statement of financial condition was available to be issued. See Note 11.

COMPASS PROFESSIONAL SERVICES, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

3. Due from/to Clearing Broker:

The balance due from/to the clearing broker generally includes net receivables and payables for settled trades, cash and margin balances held at the clearing broker. The Company earns or pays interest from/to its clearing broker based upon the federal funds rate computed on a daily basis on credit/debit balances. Amounts due from/to the clearing broker at December 31, 2017 consisted of cash/margin accounts totaling a net receivable balance of \$60.

4. Fair Value of Financial Instruments:

Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information may be available. For other assets and liabilities, observable market transactions and market information may not be available. However, the objective of a fair value measurement is in both cases the same – to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions.

The three levels of inputs that are used to measure fair value are as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date;

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 – Unobservable inputs for the asset or liability.

5. Guarantees:

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these agreements is unknown, as this would involve future claims that may be made against the Company regarding circumstances that have not yet occurred. However, management considers the likelihood of a material loss related to these agreements to be remote.

6. Concentration of Credit Risk:

The Company does not proprietarily trade securities for its own accounts; however, if in the course of executing customer transactions an error is made, it is cleared through Goldman, Sachs and Co., the Company's clearing broker. In the event this counterparty does not fulfill its obligation, the Company may be exposed to risk. The risk of default also depends on the creditworthiness of the counterparties to these transactions. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

COMPASS PROFESSIONAL SERVICES, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

7. Subordinated Debt with Related Parties:

The Company had entered into satisfactory subordination loan agreements under Appendix D to Rule 15c3-1 under the Securities Exchange Act of 1934 with affiliated parties. The proceeds of these loans were used by the Company almost entirely without restriction, and the claims of the lenders of these agreements were irrevocably subordinate to all claims of all other present and future creditors of the Company. Pursuant to Rule 15c3-1, the Company was permitted to treat the amount of the debt as non-aggregate indebtedness liability and add the amount back to net capital. The interest rate on these loans was the prime rate plus 5%. At December 31, 2017, all subordinated debt had been repaid in full.

8. Net Capital Requirements:

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. (The rule of the applicable exchange also provides that equity capital may not be withdrawn or cash distributions paid if the resulting ratio would exceed 10 to 1). Under this rule, the Company is required to maintain "minimum net capital" equivalent to \$100,000 or 6 2/3% of "aggregate indebtedness," whichever is greater, as these terms are defined. At December 31, 2017, the Company had net capital of \$3,318,697, which was \$3,178,582 in excess of its required net capital. On March 9, 2018 the Company discovered that previously issued financial statements did not include the correct minimum capital requirement as required under Rule 15c3-1. As a result the Company's excess net capital decreased by \$40,115.

9. Related Party Transactions:

a) Accounts Receivable:

Accounts receivable includes receivables of \$3,332 from various affiliates.

b) Short-term Loans Payable:

The Company has a \$3,500,000 revolving loan agreement with Volant Holding, LLC. Notes drawn under the loan agreement are payable on demand, with interest due from time to time at the prime rate plus .5%. Prior to the change in ownership, the Company entered into separate \$1,000,000 revolving loan agreements with Daniel Asher Trust and John LaRocque Venture Trust. Notes drawn under the agreement were payable on demand, with interest due from time to time at the prime rate plus 5%.

10. Commitments and Contingencies:

In the normal course of business, the Company is subject to various claims, litigation, regulatory and arbitration matters. Although the effect of these claims and matters cannot be determined, management of the Company believes, after consultation with legal counsel that the resolution of these claims and matters will not result in any material adverse effect upon the Company's financial condition.

Subsequent to December 31, 2017, the Company had no capital withdrawals.
