(Address of principal executive offices)

Indicate by check mark whether the registrant files or will file annual reports under cover Form 20-F or Form 40-F.

Form 20-F [☒] Form 40-F [☐]

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1): _____

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7): _____

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submitted to furnish a report or other document that the registrant foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's "home country"), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and, if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

Indicate by check mark whether by furnishing the information contained in this Form, the registrant is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes [☐]

No [☒]

If "Yes" is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b):

NEWS

FOR IMMEDIATE RELEASE

JET GOLD CLARIFIES TECHNICAL DISCLOSURE OF NASKEENA COAL PROJECT

Vancouver, B.C. – September 14, 2007 — Robert L. Card, President of Jet Gold Corp. (the “Company”), reports that as a result of a review by the British Columbia Securities Commission (BCSC), the Company is issuing the following news release to clarify recent technical disclosure relating to the Naskeena Coal Project near Terrace, B.C.

Specifically, the Company reported in a news release dated January 25, 2007, that the Naskeena Coal Project contains “an inferred resource of 200 million tonnes of high-grade smokeless thermal coal,” based on a report written by G.F. Monckton, Geologist, in 1913.

The Company was required to file a technical report compliant with National Instrument (NI) 43-101 reporting standards within 45 days to support disclosure of this historical resource. The Company was unable to provide a suitable report within the required timeframe, and therefore retracts all resource estimates as they are not supported by a compliant NI 43-101 technical report and should not be relied on. A Qualified Person has not done sufficient work to classify any historical estimate as current mineral resources.

The Company also wishes to report that a 43-101 report on the Naskeena Coal Project, did not verify the existence of the historic estimate, is nearing completion and will be filed on SEDAR when completed. The Company will also be issuing a news release summarizing results and recommendations and confirming the continuation of drilling, which is expected in October 2007.

Brian Simmons P.Eng., an independent person to the Company, is a qualified person as defined by National Instrument 43-101, reviewed the content of the news release

All statements, other than statements of historical fact, in this news release are forward-looking statements that involve various risks and uncertainties, including, without limitation, statements regarding the potential extent of mineralization and reserves, exploration results and future plans and objectives of Jet Gold Corp. These risks and uncertainties include, but are not restricted to, the amount of geological data available, the uncertain reliability of drilling results and geophysical and geological data and the interpretation thereof, and the need for adequate financing for future exploration and development efforts. There can be no assurance that such statements will prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. These and all subsequent written and oral forward-looking statements are based on the estimates and opinions of management on the dates they are made and are expressly qualified in their entirety by this notice. The Company assumes no obligation to update forward-looking statements should circumstances or management's estimates or opinions change.

NEWS

FOR IMMEDIATE RELEASE

TSX.V: JAU

JET GOLD CORP AND LEEWARD CAPITAL SUSPENDING MYANMAR OPERATIONS

Vancouver, B.C. – September 28, 2007 – Robert L. Card, President of Jet Gold Corp. reports that Jet Gold and Leeward Capital have decided to suspend their exploration operations in Myanmar and withdraw from the Set Ga Done Gold Property. This action is dictated by the recent political instability and the inability of Quad Energy S.A. to fund the exploration program.

The companies have operated successfully in Myanmar for many years. We have employed Myanmar geologists and geotechnical staff for the last five years in our exploration programs. We have co-operated with the Department of Geological Survey and Minerals Exploration (DGSE) in evaluating the gold potential of Myanmar. However, recently it has been increasingly difficult to operate under the inflexible and bureaucratic rules imposed on our operations.
