NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies

Nature of Operations

N4 Financial, Inc. (the "Company"), a California corporation, is a private placement and introducing broker-dealer, registered with the Financial Industry Regulatory Authority ("FINRA"), and licensed by the Securities and Exchange Commission ("SEC"). The Company primarily derives execution and referral fees from a limited number of institutional clients.

During 2018 no execution or referral fees were earned by the Company.

Government and other Regulation

The Company's business is subject to significant regulation by governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as detailed in the Financial Accounting Standards Board's Accounting Standards Codification ("ASC").

Cash Equivalents

The Company considers all demand deposits held in banks and certain highly liquid investments with maturities of 90 days or less, other than those held for sale in the ordinary course of business, to be cash equivalents.

Investment Income

Interest is recognized on the accrual basis.

Income Taxes

The Company's Parent files a consolidated income tax return in which the Company is included as a fully owned subsidiary. Therefore, the Company is not required to make an income tax provision. As of December 31, 2018, the Company's Parent federal and state tax returns generally remain open for the last three years.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

N4 Financial, Inc.

NOTES TO FINANCIAL STATEMENTS

2. Revenue Recognition

In May 2014, FASB issued ASU 2014-09, Revenue from Contracts with Customers: Topic 606, to supersede nearly all existing revenue recognition guidance under GAAP. ASU 2014-09 also requires new qualitative and quantitative disclosures, including disaggregation of revenues and descriptions of performance obligations. The Company adopted the provisions of this guidance on January 1, 2018 using the modified retrospective approach. The Company has performed an assessment of its revenue contracts as well as worked with industry participants on matters of interpretation and application and has not identified any material changes to the timing or amount of its revenue recognition under ASU 2014-09. The Company's accounting policies did not change materially as a result of applying the principles of revenue recognition from ASU 2014-09 and are largely consistent with existing guidance and current practices applied by the Company.

There was no impact to retained earnings as of January 1, 2018, or to revenue for the twelve months ended December 31, 2018, after adopting Topic 606, as revenue recognition and timing of revenue did not change as a result of implementing Topic 606.

2. Net capital requirements

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the Company to maintain a minimum net capital equal to or greater than \$5,000 and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1, both as defined. At December 31, 2018, the Company's net capital was \$207,198 which exceeded the requirement by \$202,198.

3. Related party transactions

The Company has an Expense Sharing Agreement with Synthym, Inc., its parent company. During 2018 the shared expenses included in the Statement of Operations were \$7,900.

4. Concentration of credit risk

In the normal course of business, the Company maintains its cash balances in financial institutions, which at times may exceed federally insured limits. The Company is subject to credit risk to the extent any financial institution with which it conducts business is unable to fulfill contractual obligations on its behalf. Management monitors the financial condition of such financial institutions and does not anticipate any losses from these counterparties.

5. Subsequent events

These financial statements were approved by management and available for issuance on the date of the Independent Registered Public Accounting Firm Report. Subsequent events have been evaluated through this date. There were no subsequent events requiring disclosures and or adjustments.

Report of Independent Registered Public Accounting Firm

To the Board of Directors of N4 Financial, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) N4 Financial, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which N4 Financial, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (exemption provisions) and (2) N4 Financial, Inc. stated that N4 Financial, Inc. met the identified exemption provisions throughout the fiscal year ended December 31, 2018 without exception. N4 Financial, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about N4 Financial, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) (exemption provisions) of Rule 15c3-3 under the Securities Exchange Act of 1934.
