Registration Statement on Form 10
Filed June 25, 2008
File No. 000-53289**

Dear Mr. Sawtell:

This is to advise you that a preliminary review of the above registration statement indicates that it materially fails to comply with Rule 8-02 of Regulation S-X, which applies to registration statements on Form 10 filed by smaller reporting companies after February 4, 2008. Rule 8-02 of Regulation S-X requires that you include an audited balance sheet as of the end of each of the most recent two fiscal years along with audited statements of income, cash flows and changes in stockholders' equity for each of the two fiscal years preceding the date of the most recent audited balance sheet. In this regard, we note that you only provided an audited balance sheet for one fiscal year. For this reason, we will not perform a detailed examination of the registration statement and we will not issue comments. Please revise your filing to include audited balance sheets as of the end of each of the most recent two fiscal years.

You are advised that the registration statement will become effective through operation of law on August 25, 2008, and, if it becomes effective in its present form, we would be required to consider what recommendation, if any, we should make to the Commission.

We suggest that you consider submitting a substantive amendment correcting the deficiencies or a request for withdrawal of the registration statement before it becomes effective.
