REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of Mitchell Energy Advisors, LLC

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Mitchell Energy Advisors, LLC (the "Company") as of December 31, 2017 and the related statements of operations and member's capital and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

INTERNATIONAL ASSOCIATION OF ACCOUNTANTS AND AUDITORS

Opinion on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained in the Supplemental Schedule required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 under the Securities Exchange Act of 1934. In our opinion, the Supplemental Schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

MITCHELL ENERGY ADVISORS, LLC
NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Business and operations

Mitchell Energy Advisors, LLC (the Company) is a limited liability company organized in the State of Texas, on March 5, 2003 and is a wholly-owned subsidiary of Mitchell Energy Partners, LLC (the Parent). The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA). The Company is engaged in the private placement of debt and equity securities, principally in the oil and gas industry, as well as providing advisory services for mergers and acquisitions and corporate finance.

Management estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash flows

For purposes of the statement of cash flows, cash includes demand deposits, time deposits, certificates of deposit and short-term liquid investments with original maturities of three months or less when purchased. The Company maintains deposits in a financial institution. At December 31, 2017, the Federal Deposit Insurance Corporation (FDIC) provided insurance coverage of up to \$250,000, per depositor, per institution. At December 31, 2017, the Company's cash was not in excess of federally insured limits.

Accounts Receivable

Receivables consist of uncollateralized customer obligations due under normal trade terms. Payments on trade receivables are applied to the earliest unpaid invoices. Management reviews trade receivables periodically and reduces the carrying amount by a valuation allowance that reflects management's best estimate of the amount that may or may not be collectible. As of December 31, 2017, there was no allowance for doubtful accounts.

Furniture, fixtures and equipment

Furniture, fixtures and equipment are stated at cost less accumulated depreciation. Depreciation of furniture, fixtures and equipment is currently being provided using the straight-line method for financial reporting purposes over estimated useful lives of five to seven years and using accelerated methods for tax reporting purposes.

MITCHELL ENERGY ADVISORS, LLC
NOTES TO FINANCIAL STATEMENTS

Investment in limited partnership

The Company received approximately 5% of a limited partnership as compensation for advisory services during the year ended December 31, 2012. The services provided had an agreed upon value of \$500,000 which was used to record the investment in the partnership. The investment is accounted for using the cost method because the Company's investment is less than 5% of the partnership and the Company does not have any influence over the partnership's operating and financial policies. Using a cash flow projection, the Company's management reviewed this investment for potential impairment. Based on its assessment, management determined no impairment or other material decline in value had occurred during the year ended December 31, 2017 and through February 26, 2018.

On April 29, 2016, the Company received a distribution from the investment of \$1,007,385 realizing a profit of \$748,585.

Revenue recognition

The Company earns fees and commissions in connection with the placement and advisory services it provides and recognizes revenue when the Company has completed its contractual obligations and collection is reasonably assured.

Client concentrations

For the year ended December 31, 2017, three clients represented 34%, 33%, and 33% of the Company's total revenues.

Fair value of financial instruments

In accordance with the reporting requirements of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 825, *Financial Instruments*, the Company calculates the fair value of its assets and liabilities which qualify as financial instruments under this standard and includes this additional information in the notes to the financial statements when the fair value is different than the carrying value of those financial instruments. The Company does not have any assets or liabilities measured at fair value on a recurring or a non-recurring basis, consequently, the Company did not have any fair value adjustments for assets and liabilities measured at fair value at December 31, 2017, nor gains or losses reported in the statement of operations and member's capital that are attributable to the change in unrealized gains or losses relating to those assets and liabilities still held during the year ended December 31, 2017.

Fair value measurements

ASC Topic 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and requires certain disclosures about fair value measurements. In general, fair values of financial instruments are based upon quoted market prices, where available. If such quoted market prices are not available, fair value is based upon internally developed models that primarily use, as inputs, observable market-based parameters. Valuation adjustments may be made to ensure that financial instruments are recorded at fair value. These adjustments may include amounts to reflect counterparty credit quality and the customer's creditworthiness, among other things, as well as unobservable parameters. Any such valuation adjustments are applied consistently over time.

MITCHELL ENERGY ADVISORS, LLC
NOTES TO FINANCIAL STATEMENTS

Recent accounting pronouncements

During the year ended December 31, 2017 and through February 26, 2018, there were several new accounting pronouncements issued by the FASB. Each of these pronouncements, as applicable, has been or will be adopted by the Company. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Company's financial statements.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)." This ASU, as amended, provides comprehensive guidance on the recognition of revenue from customers arising from the transfer of goods and services, guidance on accounting for certain contract costs, and new disclosures.

The ASU is effective for the firm in January 2018 under a modified retrospective approach or retrospectively to all periods presented. The firm's implementation efforts include identifying revenues and costs within the scope of the ASU, reviewing contracts, and analyzing any changes to its existing revenue recognition policies. As a result of adopting this ASU, the firm may, among other things, be required to recognize incentive fees earlier than under the firm's current revenue recognition policy, which defers recognition until all contingencies are resolved. The firm may also be required to change the current presentation of certain costs from a net presentation within net revenues to a gross basis, or vice versa. Based on implementation work to date, the firm does not currently expect that the ASU will have a material impact on its financial condition, results of operations or cash flows on the date of adoption.

Subsequent events

In preparing the financial statements, the Company has reviewed, as determined necessary by the Company's management, events that have occurred after December 31, 2017, up until the issuance of the financial statements, which occurred on February 26, 2018.

2. COMMITMENTS AND CONTINGENCIES:

Operating lease

The Company leases its office space under the terms of an operating lease, which expires on June 30, 2018. For the year ended December 31, 2017, rent expense totaled \$73,666 and included maintenance, and other costs as required by the Company's lease. The company is currently in renewal discussions regarding the office lease.

In preparing the financial statements, the Company's management has reviewed its contractual obligations, as they relate to the Company's continued operations, and is not aware of any commitment, contingency or guarantee nor any claim to which the Company is subject to that could result in a material loss or future obligation to the Company.

MITCHELL ENERGY ADVISORS, LLC
NOTES TO FINANCIAL STATEMENTS

3. INCOME TAXES:

The Company is organized as a limited liability company under the provisions of the Internal Revenue Code of 1986 as amended. Accordingly, the financial statements do not include a provision for federal income taxes because the Company does not incur federal income tax liabilities. Instead, its earnings and losses are included in the Member's income tax return and are taxed based on the Parent's income tax rate. Similarly, the financial statements do not include a provision for Texas franchise taxes because they are included in the Parent's Texas franchise tax return.

4. RELATED PARTY TRANSACTIONS:

During the year ended December 31, 2017, the Company's Parent made capital contributions totaling \$7,500.

5. NET CAPITAL REQUIREMENTS:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2017, the Company was in compliance with \$750 of aggregate indebtedness and net capital of \$15,171.

6. RULE 15c3-3 EXEMPTION:

The Company does not hold customer funds or securities and is, therefore, exempt under Rule 15c3-3(k)(2)(i) from preparing the Computation for Determination of Reserve Requirements Pursuant to Rule 15c3-3.

Report of Independent Registered Public Accounting Firm

To the Member of
Mitchell Energy Advisors, LLC

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Mitchell Energy Advisors, LLC identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Mitchell Energy Advisors, LLC claimed an exemption from 17 C.F.R. §240.15c3-3, specifically 17 C.F.R. §240.15c3-3(k)(2)(i) (the exemption provisions) and (2) Mitchell Energy Advisors, LLC stated that Mitchell Energy Advisors, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. Mitchell Energy Advisors, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Mitchell Energy Advisors, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
