Filed October 18, 2007
File No. 000-52602**

Dear Ms. Jennifer Magro:

We have limited our review of your filing to the financial statements only and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

 - The company is responsible for the adequacy and accuracy of the disclosures in the filings;

 - The Company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

Note 4 Trading Activities, page 60

2. We note your disclosure that "Fair values for all other financial instruments for which market quotations are not readily available are based on other measures of fair value deemed appropriate by the General Partner." Please tell us the reported value of your contracts whose values are determined based on models and other valuation methods or valuations made in good faith by management, and how you consider expanding your disclosure to explain those valuation methods. Also, explain to us how you considered the disclosure requirements in FR-61 as it relates to your trading activities in contracts that are not traded on an exchange.

As appropriate, please amend your registration statement in response to these comments. You may wish to provide us with marked copies of the amendment to expedite our review. Please submit a response letter on EDGAR that keys your responses to our comments and provides the requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In addition, please be advised that the Division of Enforcement has access to all
