Securities Authorized for Issuance under Equity Compensation Plans, page 23

1. Please confirm that you will include the information required by Item 201(d) of Regulation S-K under Item 12 (as opposed to Item 5) of Form 10-K. Refer to Response 106.01 of our Regulation S-K Compliance and Disclosure Interpretations located at our website, www.sec.gov.

Item 9A. Controls and Procedures, page 46

2. We note your statement that a "control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures...." Please revise your disclosure to indicate, if true, that your principal executive officer and principal financial officer concluded that your disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives and that your principal executive officer and principal financial officer concluded that your disclosure controls and procedures are effective at the reasonable assurance level you discuss. In the alternative, please remove the reference to the level of assurance of your disclosure controls and procedures. See Section II.F.4 of Management's Reports on Internal Control Over Financial Reporting and Certification of Disclosure in Exchange Act Periodic Reports, SEC Release No. 33-8238, available on our website at [<http://www.sec.gov/rules/final/33-8238.htm>](http://www.sec.gov/rules/final/33-8238.htm).

Financial Statements, page F-1

Consolidated Balance Sheets, page F-5

3. We note from your disclosures in Note 2 that you have owned a controlling interest in GameStop Group Limited since 2003. Please explain to us why you do not present minority interest on the face of your balance sheets or statements of operations to reflect the minority interest holders in this consolidated subsidiary. Also explain to us how your presentation of this consolidated subsidiary in your subsequent Form 10-Q for the fiscal quarter ended May 2, 2009 complies with the guidance in SFAS 160.

Consolidated Statements of Cash Flows, page F-8

4. Unless items presented qualify for net reporting under paragraphs 11-13 of SFAS 95, please revise to present only gross amounts of cash receipts or payments in the financing section of your statement of cash flows.

Note 1. Summary of Significant Accounting Policies, page F-9

Goodwill, page F-10

5. Please provide a more comprehensive accounting policy for measuring impairment. Please specifically disclose how you measure impairment of goodwill and other intangible assets, including such information as your methodology for calculating fair value and, in the case of goodwill impairment, explaining how you determined your reporting units. Please also expand your Critical Accounting Policies related to goodwill and other intangible assets, currently seen on page 28 of your filing. As noted in Section V of our Release No. 33-8350, your Critical Accounting Policies should supplement, not duplicate, the description of accounting policies that are already disclosed in the notes to the financial statements. While accounting policy notes in the financial statements generally describe the method used to apply an accounting principle, the discussion in your Critical Accounting Policies should present your analysis of the uncertainties involved in applying a principle at a given time or the variability that is reasonably likely to result from its application over time. Given the current economic environment, we believe it is important to your investors that you provide a robust discussion of uncertainties and reasonably likely variability related to impairment.

Note 2. Acquisitions, page F-16

6. We note that you allocated 71% of the purchase price of Micromania to goodwill. We also note that you acquired net tangible liabilities in this acquisition, and therefore we assume that the reason you acquired Micromania was to acquire its intangible assets. Please tell us in detail what consideration you gave to the guidance in paragraph 39 and Appendix A of SFAS 141, which require you to determine the existence of all identifiable assets as defined therein and to assign value to such identifiable assets in your allocation of the purchase price. In your response, please specifically address whether you acquired any customer lists or contracts, non-contractual customer relationships, or any other items other than trademarks and lease related intangibles that should be separately recorded. In addition, tell us how you determined the values assigned to the acquired tradename and leasehold rights and interests. If you continue to believe that the majority of the purchase price for this acquisition should be allocated to the acquired goodwill, tell us and provide detailed disclosures in Management's Discussion and Analysis and in the notes to the financial statements of the reasons you were willing to pay such a large premium for this business and what the acquired goodwill represents. Refer to paragraph 51(b) of SFAS 141.

Note 8. Debt, page F-21

7. In order to provide clearer disclosure for investors, please provide a table summarizing the composition of amounts included in the balance sheet caption long-term debt at each balance sheet date. We note your narrative disclosure but believe it may be confusing to

your investors to determine this information from the current narrative, so we are requesting that the disclosure be summarized in tabular form. Please also provide a schedule of maturities for the next five years as required by paragraph 10 of SFAS 47.

Note 11. Commitments and Contingencies, page F-25

8. Please revise management's assessment of the whether your legal proceedings, individually or in the aggregate, will have a material adverse effect on the Company's financial condition or results of operations to also address whether management expects the resolution of these contingencies to have a material adverse effect on your liquidity. Refer to SFAS 5.

Note 12. Income Taxes, page F-26

9. Please explain the nature of the amount presented in your income tax provision captioned "Charge in lieu of income taxes relating to the tax effect of stock-based awards tax deduction". Also tell us why this amount has been presented separately within the tax provision.

Please revise the "Threshold" column under "Estimated Future Payouts Under Non-Equity Incentive Plan Awards" to include the dollar amount associated with the threshold payout that is derived from the information in the table at the bottom of page 21 or tell us why it is not appropriate to do so. If you do not compensate officers for achieving results at the threshold level, please state this.

Compensation Discussion and Analysis, page 18

12. Please ensure that your compensation discussion and analysis precedes the executive compensation tables. Compensation discussion and analysis is intended to put into

perspective for investors the numbers and narrative that follow it. Please refer to the first paragraph in Section II.B.1 of Securities Act Release 8732A.

Key Elements of Compensation, page 19

Stock Options and Restricted Stock, page 23

13. In the penultimate paragraph on page 18 under the heading “Compensation Discussion and Analysis—General” you disclose that “[l]ong-term performance is rewarded through stock options or restricted stock awards and is measured in the performance of the Company’s stock price, which is tied to earnings, growth and other factors.” In the first paragraph under the heading “Role of Compensation Committee in Grants” on page 23 you disclose that “[i]n determining annual stock option or restricted stock grants to executive officers, the Compensation Committee, along with executive management, bases its decision on the individual’s performance and potential to improve stockholder value.” Please describe in more detail the factors considered by the Executive Chairman, the Chief Executive Officer and the Compensation Committee in determining the number of shares of restricted stock to grant to your named executive officers.

Managements’ Discussion and Analysis, page 23

Liquidity and Capital Resources, page 28

15. The types of items we would expect you to include in this discussion and analysis include any decreases in inventory turnover, including clarifying whether such decreases resulted from slowing sales, and the impact of the tightening credit markets. Refer to Item 303 of Regulation S-K.
