Note 2. Accounting Standards and Significant Accounting Policies

Revenue Recognition, page 10

1. We note that prior to the adoption of ASC 606, you capitalized direct sales commissions when they could be associated specifically with non-cancelable subscription contracts, and now, you capitalize all incremental sales commissions. Please describe the additional commission fees that you are now capitalizing, and tell us how you determined that these are incremental costs of obtaining a contract. Refer to ASC 340-40-25-2.

2. We note you amortize your commission costs over a period of benefit that you have determined to be five years while your subscription contracts are generally three years or longer. Please help us understand how you determined that five years was the appropriate period of benefit. In this regard, tell us how you considered renewals. Please clarify whether additional sales commissions are paid upon contract renewal and, if so, whether such amounts are commensurate with the initial commissions. Please also reconcile your considerations to your disclosure on page 46 that your ability to predict renewals is limited. Refer to ASC 340-40-35-1.

Form 8-K furnished June 1, 2017

3. Please disclose how you calculated the tax effects of your non-GAAP Net Income (Loss) adjustments and tell us how you determined that such calculations are consistent with the guidance in Question 102.11 of the Non-GAAP C&DIs. In this regard, your tax adjustment should include current and deferred income tax expense commensurate with your non-GAAP measure of profitability.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Brittany Ebbertt, Staff Accountant, at (202) 551-3572 or me at (202) 551-3499 with any questions.

Sincerely,

/s/ Kathleen Collins
