Schedule TO

Summary Term Sheet

May I tender Shares in this Offer for which I have requested, or for which I plan to request, redemption under the Company's share redemption program..., page 4

1. Please clarify the steps, if any, that shareholders must follow in order to participate in the current offer if they previously submitted shares for tender pursuant to the company's redemption plan. For example, please clarify whether shareholders must withdraw any shares previously submitted for redemption in order to participate and tender shares in the current offer.

2. Please disclose whether the company plans on retiring any securities, holding the securities in its treasury or disposing of the securities that are acquired in the offer. If the company plans on disposing the securities, please specify how. Refer generally to Rule 13e-1(a)(5).

This Offer, page 10

3. Refer to disclosure in which you state that the company reserves the right to “terminate...this Offer, regardless of whether any conditions set forth in Section 12 have not been satisfied.” On page 26, you reserve the right to terminate the offer “regardless of whether or not any of the events set forth under the Conditions above shall have occurred or shall be deemed by the Company to have occurred ...” The disclosure in this section and Section 12 is ambiguous and creates the implication that the company may conduct an illusory offer in potential contravention of Section 14(e). As the company is aware, the company may terminate the offer only if the conditions to the offer have not been satisfied or waived at or prior to expiration. Please revise.

Section 12. Conditions of this Offer..., page 23

4. A tender offer may be conditioned on a variety of events and circumstances, provided that they are not within the direct or indirect control of the offeror. The conditions must be drafted with sufficient specificity to allow for objective verification that the conditions have been satisfied. The condition regarding whether the completion of the offer “may impair” the company’s status as a REIT is unclear. Further, the determination of whether the condition has been triggered appears to be left to the sole discretion of the company. Please revise the cited condition by providing objectively verifiable parameters that the company would consider in making a determination as to whether its REIT status “may be impaired”. Also, please include an objective standard, such as a standard of reasonableness, against which the filing persons’ discretion may be judged.
5. When an offer condition is triggered by events that occur during the offer period and before the expiration of the offer, the company should inform holders of securities how it intends to proceed promptly, rather than wait until the end of the offer period, unless the condition is one where satisfaction of the condition may be determined only upon expiration. Your disclosure in the last paragraph implies that you may not promptly inform holders of the occurrence of a condition and reserve the right to assert the condition even after the occurrence of subsequent events that could be deemed to “cure” the condition. Please revise the disclosure to clarify that you will promptly inform holders of securities when offer conditions are triggered.

Extension of the Tender offer; Termination; Amendment, page 26

6. Please refer to comment 3 above. The company may not “in its sole discretion, at any time...and regardless of whether or not any of the...Conditions ...shall have occurred or shall be deemed by the Company to have occurred, ...terminate the Offer and not accept

for payment...Shares...” Please revise the language.
