Business

US Arma Partners, LP (the "Partnership") is a Delaware limited partnership formed in 2006. ("FINRA"). The Partnership is subject to various governmental rules and regulations including the Net Capital Rule set forth in Rule 15c3-1 of the Securities Exchange Act of 1934. Arma Partners, LLC serves as the general partner of the Partnership. All limited partners of the Partnership are also the members of Arma Partners, LLP ("UK Arma or Affiliate"), a United Kingdom-based limited liability partnership formed in March 2004. UK Arma is a broker-dealer regulated by the Financial Conduct Authority in the United Kingdom. Arma Partners, LLC does not have any capital balance in the Partnership.

Basis of Presentation

The statement of financial condition has been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Cash

Cash consists of cash in deposit accounts with two commercial banks which at times may exceed federally insured limits. The Partnership has not experienced any losses in such accounts. At March 31, 2022, the Partnership held £25,386 in a US bank account denominated in British Pounds equivalent to \$33,340 US Dollars. Changes in unrealized gains and losses on foreign currency denominated accounts are reflected in partners' capital.

Revenue Recognition

Revenue is recognized when, or as, the Partnership satisfies its performance obligations by transferring promised goods or services to customers. A goods or service is transferred to a customer when, or as, the customer obtains control of that good or service. A performance obligation may be satisfied over time or at a point in time. Revenue from a performance obligation satisfied at a point in time is recognized at the point in time that the Partnership determines the customer obtains control over the promised good or service. The amount of revenue recognized reflects the consideration to which the Partnership expects to be entitled in exchange for those promised goods or services.

1. Business and Summary of Significant Accounting Policies (continued)

Revenue Recognition

The Partnership earns consultancy and transaction fees from advisory services for corporate finance activities. The services are provided per the terms of respective service agreements. These contracts result in a single performance obligation upon completion of the transaction process. The fees are contingent on the completion of the contracts. Fees received prior to the completion of the performance obligation are recorded as deferred revenue on the statement of financial condition until such time when the performance obligation is met. There was no deferred revenue as of March 31, 2022. There were no beginning or ending account receivable related to the revenue from contracts with customers.

The Partnership also earns a service income for having and making available the knowledge and capability to provide certain administrative and consulting services, which represents a performance obligation which are provided and consumed simultaneously, to the Affiliate under an expense sharing agreement.

Income Taxes

The Partnership elects to be treated as a pass-through entity for all relevant jurisdictions and therefore files informational income tax returns which attribute taxable income and taxes paid, if any, to the partners.

Management has concluded that the Partnership is not subject to income taxes in any jurisdiction and that there are no uncertain tax positions that would require recognition in the financial statements. Accordingly, no provision for income taxes is reflected in the accompanying statement of financial condition.

If the Partnership were to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax liability would be reported as income taxes.

Management's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analyses of tax laws, regulations and interpretations thereof as well as other factors.

1. Business and Summary of Significant Accounting Policies (continued)

Use of Estimates

The process of preparing the statement of financial condition in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets and liabilities. Such estimates primarily relate to unsettled transactions and events as of the date of the statement of financial condition. Accordingly, upon settlement, actual results may differ from estimated amounts.

Translation of Foreign Currencies

The books and records of the Partnership are maintained in U.S. dollars. Assets and liabilities denominated in foreign currencies are translated at the rates of exchange prevailing at the date of the statement of financial condition. Income and expenses incurred in foreign currencies are translated at the rates of exchange prevailing at the time of the transaction.

Fair value of Financial Instruments

At March 31, 2022, the carrying value of the Partnership's financial instruments including account receivable from affiliates and accounts payable and accrued liabilities, approximate their fair value (level 2) due to the nature of short term maturities.

2. Indemnification

The Partnership enters into contracts that contain a variety of indemnifications for which the maximum exposure is unknown. The Partnership has no current claims or losses pursuant such contracts.

3. Net Capital Requirements

The Partnership is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At March 31, 2022, the Partnership had net capital of \$284,678 which was \$279,678 in excess of its required net capital of \$5,000. 4. Related Party Transactions

The Partnership is party to an expense-sharing agreement with UK Arma.

The agreement provides for the Partnership to reimburse UK Arma for any direct costs and time spent by UK Arma staff and members for performing any services on behalf of the Partnership. The agreement also provides for the Partnership to reimburse UK Arma for the services of consultants who are independent contractors of UK Arma for performing any services on behalf of the Partnership.

Similarly, UK Arma also reimburses the Partnership for time spent by the Partnership's staff and partners or for the services of consultants engaged by US Arma for performing any services on behalf of UK Arma.

At March 31, 2022 the Partnership had a receivable from the affiliate of \$42,536 representing the amounts due from UK Arma for services provided in accordance with the expense sharing agreement.

The Partnership's statement of financial condition may not necessarily be indicative of the Partnership's financial condition had the Partnership operated as an unaffiliated entity of UK Arma rather than as an affiliated entity.

5. COVID-19 risk

The World Health Organization characterized the recent outbreak of the novel coronavirus ("COVID-19") as a global pandemic on March 11, 2020. COVID-19 continues to adversely impact global and domestic commercial activity and has contributed to significant volatility in financial markets. The impact of COVID-19 on the Partnership's financial performance will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions. These developments and the impact of COVID-19 on the financial markets and the overall economy are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy continue to be impacted for an extended period, the Partnership's future financial results may be adversely affected. At this point, however, the severity of such an event is highly uncertain and cannot be predicted.
