MCDONALD PARTNERS, LLC AND SUBSIDIARY

NOTES TO THE FINANCIAL STATEMENTS

1. ORGANIZATION

McDonald Partners, LLC (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and in forty states, including the state of Ohio, and one territory. The Company is a member of the Financial Industry Regulation Authority (FINRA).

The Company will continue in perpetuity unless it is dissolved or terminated pursuant to its operating agreement or involuntarily pursuant to any regulatory action.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and the following single member limited liability companies for which the Company is the sole member: McDonald Management.

Basis of Presentation

The Company is engaged in a single line of business as an introducing broker-dealer, which includes several classes of services, including principal transactions, agency transactions, and investment advisory businesses. All trades are cleared and settled through an independent clearing broker who is responsible for processing and settling customer transactions on a fully disclosed basis. All material intercompany balances and transactions are eliminated in consolidation.

Revenue Recognition

The Company recognizes revenues following a five-step model to a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies the performance obligation.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

MCDONALD PARTNERS, LLC AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

At times during the year, the Company's cash accounts exceeded the related amount of Federal depository insurance. The Company has not experienced any loss in such accounts and believes it is not exposed to any significant credit risk.

The Company considers all financial instruments with an original maturity date of less than 90 days, such as money market deposits, to be cash equivalents.

Restricted Cash and Deposits

The Company has a \$100,000 interest bearing deposit with its clearing broker pursuant to its clearing agreement. This interest bearing deposit was also \$100,000 at the prior year end December 31, 2021 and combined with cash and cash equivalents of \$996,166 and \$1,259,882 at December 31, 2022 and 2021, respectively, are reflected as cash, cash equivalents and restricted cash as of the beginning and end of year in the accompanying consolidated statement of cash flows.

Unearned Rebate

As of December 31, 2022, the Company has recorded an unearned rebate of \$339,286 remaining as part of a \$1,500,000 signing bonus received from RBC upon joining the firm in 2017, which is amortizing on the straight-line method through July, 2024. Amortization of the unearned rebate during 2022 was \$214,286.

Receivables and Credit Policies

Receivables are uncollateralized broker obligations and advisory fees receivable due under normal trade terms requiring payment within 30 days from the report date. The Company generally collects receivables within 30 days and does not charge interest on receivables with invoice dates over 30 days old.

Receivables are stated at the amount billed. Payments of receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoices.

The carrying amount of receivables is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected. FASB ASC 326-20 requires the Company to estimate expected credit losses over the life of its financial assets and certain off-balance sheet exposures as of the reporting date based on relevant information about past events, current conditions, and reasonable and supportable forecasts. Additionally, management estimates an allowance for the aggregate remaining receivables based on historical collectability. In the opinion of management, at December 31, 2022, all receivables were considered collectible except for two amounting \$187,510 which were deducted from allowable receivables.

MCDONALD PARTNERS, LLC AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Receivables and Credit Policies (Continued)

The Company's receivables from broker-dealers and clearing organizations include amounts receivable from unsettled trades, including amounts related to futures and options on futures contracts executed on behalf of customers, amounts receivable for securities failed to deliver, accrued interest receivables and cash deposits. A portion of the Company's trades and contracts are cleared through a clearing organization and settled daily between the clearing organization and the Company. Because of this daily settlement, the amount of unsettled credit exposures is limited to the amount owed the Company for a very short period of time. The Company continually reviews the credit quality of its counterparties.

Property and Equipment

Property and equipment are recorded at cost. Depreciation is provided by the use of the straight-line method over the estimated useful lives of both furniture and fixtures and office equipment of 5-7 years.

Income Taxes

The Company, with the consent of its members, has elected under Ohio law to be formed as a limited liability company. The operating agreement states that the Company will be treated as a partnership for Federal income and state tax purposes. In lieu of paying taxes at the Company level, the members of a limited liability company are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for Federal income or state taxes has been included in these financial statements. The Company has not been notified of any impending examinations and are no longer subject to taxing authorities for years before 2019.

Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Leases

The Company has adopted ASC Topic 842, Leases. The Company is a lessee in several non-cancellable operating leases for office space. The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right of use (ROU) at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate. The implicit rates of our leases are not readily determinable and accordingly, we use our incremental borrowing rate (4.0%) based on information available at the commencement of our leases.

MCDONALD PARTNERS, LLC AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases (Continued)

The Company's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term. The company has recorded an operating lease right-of-use asset of \$659,335, and a lease liability of \$736,260.

See Note 8, "COMMITMENTS AND CONTINGENCIES" for additional information on the Company's leases.

3. REVENUE FROM CONTRACTS WITH CUSTOMERS

Significant Judgements

Revenue from contracts with customers includes commissions and fees from advisory services. The recognition and measurement of revenue is based on the assessment of individual contract terms. The Company did not have any significant judgements in its revenues from contracts with customers for the year ended December 31, 2022.

Commissions

The Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges the customer a commission. Commissions and related clearing expenses are recorded on trade date. The Company believes that the performance obligation is satisfied on settlement date because that is when all parties have agreed to price and execution, and all monies and securities have settled in the contra accounts and ownership of said monies and securities have transferred fully.

Advisory Fees

The Company provides advisory services on managed assets. Revenue for advisory services is recognized on a continual basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fees are based on a percentage of clients' assets under management. Fees are received either monthly or quarterly and are recognized as revenue in the month or quarter that relates specifically to the services provided in that period, which are distinct from the services provided in other periods.

MCDONALD PARTNERS, LLC AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3. REVENUE FROM CONTRACTS WITH CUSTOMERS (Continued)

Costs to Obtain or Fulfill a Contract with a Customer

The Company may record as an asset certain costs incurred to obtain revenue contracts with its customers, such as sales commissions paid to employees for obtaining new contracts with clients. These costs are amortized to expense over the period of time that the services are expected to be provided to the customer.

There were no such assets between January 1, 2022 and December 31, 2022.

4. NET CAPITAL PROVISION OF RULE 15c3-1

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital balance, as defined, under such provisions.

The Company's minimum capital requirement is the greater of \$50,000 or 6 2/3% of aggregate indebtedness, as defined, under Securities and Exchange Commission Rule 15c3-1(a)(1)(i) and 15c3-1(a)(2)(iv), as it does not maintain customer accounts. The Company exceeded net capital requirements as of December 31, 2022. Net capital fluctuates on a daily basis; however, at December 31, 2022, the minimum net capital and excess net capital were \$101,146 and \$1,785,336, respectively.

In addition to the minimum net capital provisions, Rule 15c3-1 requires that the Company maintain a ratio of aggregate indebtedness, as defined, to net capital, of not more than 15 to 1. The Company was in compliance with this requirement.

5. RELATED PARTY TRANSACTIONS

The Company is the sole member McDonald Management LLC that serves as general partner and manager to seven private funds (the "Funds"): MP DPI LLC, MP127 LLC, MPCF II LLC, MPCF III LLC, MPCF LLC, Eden Rock Montenegro LLC, and ERM Resort LLC.

MCDONALD PARTNERS, LLC AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

5. RELATED PARTY TRANSACTIONS (Continued)

McDonald Management LLC, is the manager of the remaining seven private funds. For the Funds, McDonald Management LLC receive no compensation from the funds for their advisory services aside from reimbursement of its reasonable expenses.

The Company does pursue claims and incur costs in its role as general partner or manager of the Funds against third parties that are not usual and customary in nature primarily to protect investor assets and also, if in the best interest of the Company. During 2022, the Company recognized significant expense for legal and other costs in connection with pursuing litigation related to investments made by two of the Funds. This litigation involves an entity for which three of the Company's current members or officers are on the entity's board of directors. The litigation is not against the entity itself. Arbitration cases discussed in Note 8 (Contingencies) also involve these investments.

The Company did serve as placement agent at the time the funds were formed and received placement fees of 3% to 5% of the gross proceeds of the offerings. The Company received at the time the Funds were formed compensation as placement agent in the form of warrants and future rights to Class B units. The Company has presently assessed the value of any warrants or future ownership rights at \$0 based on the early stages of development of the related entities.

6. FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

In the normal course of business, the Company's customer activities involve various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

7. PROPERTY AND EQUIPMENT

8. COMMITMENTS AND CONTINGENCIES

Leases

The Company has obligations as a lessee for office space, with initial non-cancellable terms in excess of one year. The Company classified these leases as operating leases. These leases generally contain renewal options for periods ranging from two to five years. Because the Company is not reasonably certain to exercise these renewal options, the optional periods are not included in determining the lease term, and associated payments under these renewal options are excluded from lease payments. The Company's leases do not include termination options for either party to the lease or restrictive financial or other covenants. Payments due under the lease contracts include fixed payments plus, for certain of the Company's leases, variable payments. The Company's office space leases require it to make variable payments for the Company's proportionate share of the buildings taxes, insurance, and common area maintenance. These variable lease payments are not included in lease payments used to determine lease liability and are recognized as variable costs when incurred.

The components of lease cost for the year ended December 31, 2022 are as follows:

Operating Lease Cost	<u>\$289,962</u>
Total Lease Cost	<u>\$289,962</u>

Amounts reported in the consolidated balance sheet as of December 31, 2022 were as follows:

Operating leases:	
Operating lease ROU assets	\$659,335
Operating lease liabilities	\$736,260
Weighted Average remaining lease term	2.95 years

Other information related to leases as of December 31, 2022 were as follows:

Maturities of lease liabilities under non-cancellable operating leases as of December 31, 2022 are as follows:

2024	220,748
2025	225,158
2026	<u>56,567</u>
Totals	<u>\$783,669</u>

Contingencies

The Company resolved the open arbitration case in 2022. As a result, the Company was ordered to buy back two investments from an investor. As of December 31, 2022, the company was not involved in any open cases.
