NOTES TO PRO-FORMA FINANCIAL STATEMENTS
November 30, 2005

NOTE 1. GENERAL ORGANIZATION AND BUSINESS

Fresh Harvest Products, Inc. (the Company) was incorporated under the laws of the state of New York on November 26, 2003. The Company was organized to market and distribute (both domestic and imported) a line of organic food products.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES

The relevant accounting practices are listed below.

Accounting Basis

The basis is United States generally accepted accounting principles.

Earnings per Share

The basic earnings (loss) per share is calculated by dividing the Company's net income(loss) available to common shareholders by the weighted average number of common shares during the year. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted as of the first of the year for any potentially dilutive debt or equity.

The Company has not issued any options or warrants or similar securities since inception.

Dividends

The Company has not yet adopted any policy regarding payment of dividends. No dividends have been paid during the period shown.

Income Taxes

The provision for income taxes is the total of the current taxes payable and the net of the change in the deferred income taxes. Provision is made for the deferred income taxes where differences exist between the period in which transactions affect current taxable income and the period in which they enter into the determination of net income in the financial statements.

Advertising

Advertising is expensed when incurred. There has been no advertising during the period.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3. GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. However the Company has no current source of revenue, or operations. Without realization of additional capital, it would be unlikely for the Company to continue as a going concern.
