REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Fresh Harvest Products, Inc.

We have audited the accompanying balance sheet of Fresh Harvest Products, Inc. as of April 30, 2006, and the related statements of operations, stockholders' equity and cash flows for the six months ended April 30, 2006, and the statements of operations, stockholders' equity and cash flows from inception on November 26, 2003 through April 30, 2006. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fresh Harvest Products, Inc. as of April 30, 2006 and the results of its operations and its cash flows for the six months ended April 30, 2006 and the period from inception on November 26, 2003 through April 30, 2006, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company's recurring losses and lack of operations raises substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO FINANCIAL STATEMENTS
April 30, 2006

NOTE 1. GENERAL ORGANIZATION AND BUSINESS

Fresh Harvest Products, Inc. (the Company) was incorporated under the laws of the state of New York on November 26, 2003. The Company was organized to market and distribute (both domestic and imported) a line of organic food products.

The Company has been in the development stage since inception and has no operations to date. The Company has merged with Serino 1, Corp., a public reporting New Jersey corporation. The Company has since become a New Jersey corporation.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES

The relevant accounting are listed below.

Accounting Basis

The basis is United States generally accepted accounting principles.

Earnings per Share

The basic earnings (loss) per share is calculated by dividing the Company's net income(loss) available to common shareholders by the weighted average number of common shares during the year. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted as of the first of the year for any potentially dilutive debt or equity.

The Company has not issued any options or warrants or similar securities since inception.

Dividends

The Company has not yet adopted any policy regarding payment of dividends. No dividends have been paid during the period shown.

Income Taxes

The provision for income taxes is the total of the current taxes payable and the net of the change in the deferred income taxes. Provision is made for the deferred income taxes where differences exist between the period in which transactions affect current taxable income and the period in which they enter into the determination of net income in the financial statements.

Advertising

Advertising is expensed when incurred. There has been no advertising during the period.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business.
