Dear Mr. Foley:

We have limited our review to only your financial statements and related disclosures and do not intend to expand our review to other portions of your document. In our comments, we ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. Item 7. Management's Discussion and analysis of Financial Condition and Results of Operations, page 31

Critical Accounting estimates, page 35

Reserve for Claim Losses, page 35

1. You list several factors at the bottom of page 36 and the top of page 37 that caused you to differ in your reserve estimate from what the actuary determined. These "four critical assumptions" appear to be what could potentially impact your reserve in a more detailed manner than the more general sensitivity analysis that

you provided. In a disclosure type format, please identify and describe those key assumptions that materially affect the estimate of the reserve for loss and loss adjustment expenses. In addition, quantify each of your key assumptions and, if applicable, explain the changes in these assumptions during the operating periods presented.

2. Please revise your discussion to include by name the independent actuary referred to in this disclosure.

Consolidated Financial statements, page 57

Notes to Consolidated Financial Statements, page 66

A. Summary of Significant Accounting Policies, page 66

Revenue Recognition, page 72

Specialty Insurance, page 72

3. Please clarify for us what you mean when you say the flood insurance is recognized “when the policy is reported” and how this policy complies with GAAP.

Derivative Financial Instruments, page 77

4. Please explain to us the changes that you made to the warrants previously accounted for as derivatives that allowed them to be governed by SFAS 115. Include any specific references to the authoritative literature that supports this treatment.

M. Employee Benefit Plans, page 99

Stock Option Plans, page 99

5. Please explain to us what is meant by an “intrinsic value swap” as it relates to the new options and restricted shares issued as part of the SEDA. Include a discussion of how the fair value before the modification compared to the fair value after the modification. Refer to paragraph 53 of SFAS 123R.
