### ***Opinion on the Financial Statement – Statement of Financial Condition***

We have audited the accompanying statement of financial condition of Commonwealth Australia Securities, LLC as of June 30, 2018, including the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of June 30, 2018 in conformity with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

The financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit of this financial statement in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

**1. Organization and Business**

Commonwealth Australia Securities, LLC (the “Company” or “CAS LLC”), is a Delaware Limited Liability Company whose sole member is the Commonwealth Bank of Australia (the “Member”).

The Company is a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”). The Company is registered with the Commodity Futures Trading Commission (“CFTC”) and is a member of the National Futures Association. The Company brokers or arranges the sale of fixed income products through the Member to major U.S. institutional investors. It may also engage in a variety of other business customarily undertaken by broker-dealers or futures Introducing Brokers.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reported period. These estimates and assumptions are based on judgement and available information. Actual results could differ from these estimates.

**Cash and cash equivalents**

Cash and cash equivalents includes an unrestricted time deposit of \$15,000,000 with an affiliated entity, Commonwealth Bank of Australia. The term is for three months which ends August 21, 2018 and earns interest at 2.15% per annum. The carrying value of the time deposit approximates fair value due to its short-term nature and negligible credit risk, and is classified as level 1 within the estimated fair value hierarchy. It is not an allowable asset for net capital purposes. The remaining cash is held at one major financial institution and therefore is subject to the credit risk at this financial institution. Management does not consider the Company to be at any significant risk with respect to its cash.

**Income Taxes**

As a single member limited liability company, the Company is treated as a division of the Member for federal and state income tax purposes, not as a separate taxable entity. The Company is included in the federal, state and local income tax returns filed by the Member. Income taxes are calculated as if the Company filed on a separate return basis, and the amount of current tax or benefit calculated is either remitted to or received from the Member.

The Company recognizes and measures tax positions taken or expected to be taken and guidance on derecognition, and classification, of interest and penalties. A tax position is recognized as a benefit only if it is “more likely than not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely to being realized on examination. For tax positions not meeting the “more likely than not” test, no tax benefit is recorded.

The Company’s policy on classification of interest and penalties related to uncertain tax positions is that such interest or penalties are classified as income taxes.

**3. Related Party Transactions**

The Company has an agreement with the Member whereby the Member executes and settles fixed income transactions for the Company. Occasionally the transactions with others do not settle on the designated settlement date resulting in amounts receivable from or payable to customers, brokers and dealers, including the Member. At June 30, 2018, there were three unsettled transactions, all of which settled prior to July 4, 2018. These are reported as Receivables from customers and Payables to brokers and dealers on the Statement of Financial Condition. The Company also earns fees on fixed income transactions based on an allocation of the Member's revenue. For the year ended June 30, 2018, \$495,518 was receivable from the Member at June 30, 2018.

The Member provides certain operating and administrative services to the Company. Such services include payroll and facility charges. The Company has employees who also perform duties for other Commonwealth Bank of Australia subsidiaries in New York. As a consequence, payroll services, occupancy and office technology costs are allocated by the Member as part of the service level agreement. Employees of the Member and its affiliates perform duties for the Company which are encompassed in the service agreement. For the year ended June 30, 2018, \$472,915 was payable to the Member at June 30, 2018.

The Company shares revenue earned on private placement transactions with affiliates. For the year ended June 30, 2018, \$10,476 was payable to the Member at June 30, 2018.

The Company has entered into an Investment Management Agreement with the Member whereby the Company receives a fee for the provision of investment management services to clients of the Member. At June 30, 2018, such fees, net of costs, of \$2,924 was receivable from the Member.

The Company is included in the federal, state and local income tax returns filed by the Member. At June 30, 2018, \$114,144 is due to the Member related to income taxes.

**4. Regulatory Requirements**

The Company is subject to Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1(a)(2)(i)) and the Commodity Futures Trading Commission's Regulation 1.17, which both require the maintenance of minimum net capital, as defined, equal to the greater of \$250,000 or 6 2/3% of aggregate indebtedness. At June 30, 2018, the Company had net capital of \$4,607,458 which exceeded the required net capital of \$250,000 by \$4,357,458.

The Company is registered as a futures introducing broker with the Commodity Futures Trading Commission.

**5. Commitments and Contingencies**

In the normal course of business, the Company indemnifies and guarantees certain service providers against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, there are no claims currently pending for which indemnification could be sought and, accordingly, the Company has not recorded any contingent liability in the financial statements for these indemnifications.

**6. Subsequent Events**

The Company has evaluated subsequent events in the preparation of this financial statement through August 29, 2018, the date this financial statement was issued. There were no material subsequent events to report.
