The Company's principal business activity is private placements.

Basis of Presentation - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Recognition of Revenue – The Company follows the revenue recognition guidance that requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies the performance obligation.

Leases - The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. At September 30, 2023, the Company did not have any lease obligations.

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
