Dear Mr. Tyler:

We have limited our review of your filing to those issues we have addressed in our comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Preliminary Proxy Statement on Schedule 14A

1. Discuss why you plan to participate in the Capital Purchase Program or are considering participating.
2. Disclose how you expect to use the estimated proceeds of your proposed sale of securities to the Treasury Department.
3. Please discuss how your participation in the Capital Purchase Program may dilute the interests of your existing common shareholders, including with respect to the

common stock underlying the warrants.

4. Discuss any material effect on your liquidity, capital resources or results of operations if the proposal is approved and the Treasury Department denies your application.
5. Disclose whether you will modify any plans or contracts to comply with limits on executive compensation established by Section 111 of the Emergency Economic Stabilization Act of 2008.
6. We note you have incorporated by reference financial information in your proxy statement. Please provide the pro forma information required by Item 13 of Schedule 14A. You may provide a discussion of the pro forma effect rather than pro forma financial statements. In your discussion, please address the impact of both the minimum and maximum estimated proceeds.
