1. We note your disclosure that because all earnings from your continuing foreign operations are permanently reinvested and not distributed, your income tax provision does not include additional United States taxes on those foreign operations. Please revise your liquidity section of MD&A to disclose the amount of cash and short term investments held by foreign subsidiaries; a statement that the company would need to accrue and pay taxes if repatriated; and a statement that the company does not intend to repatriate the funds. Also, in light of the significant reconciling item due to differences of foreign taxes from U.S. statutory taxes in the statutory tax rate reconciliation disclosed in Note 10, please identify for us the countries for which this reconciling item relates. Finally, please revise Note 10 to disclose the cumulative amount of earnings of foreign

subsidiaries in which U.S. income taxes have not been provided because they are considered to be permanently reinvested.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
