CSP SECURITIES, LP
Notes to Financial Statements
December 31, 2022

Note 1 - Organization and Nature of Business

CSP Securities, LP (the "Partnership"), was organized in January 2006 as a Delaware limited partnership. The Partnership is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and Securities Investor Protection Corp. ("SIPC").

On July 1, 2022, Mizuho Americas LLC purchased (i) all of the issued and outstanding limited partnership interests (the "Limited Partnership Interests") of Capstone Partners, LP, a Texas limited partnership ("Capstone LP"), and (ii) all of the issued and outstanding membership interests (the "Membership Interests" and, together with the Limited Partnership Interests, the "Company Interests") of Capstone Partners GP, LLC, a Texas limited liability company and the sole general partner of Capstone LP ("Capstone GP"). Capstone GP and Capstone LP together own 100% of the equity interests in the Partnership.

The Partnership is considered a Non-Covered Firm exempt from 17 C.F.R. § 240.15c3-3 relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5. The Partnership limits its business activities exclusively to private placements of securities.

The Partnership acts as a placement agent for private placement offerings of high-quality investment firms specializing in private equity and other alternative asset investment strategies. The Partnership raises capital for these offerings exclusively from sophisticated institutional and commercial investors.

Note 2 - Significant Account Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Revenue from contracts with customers includes success fees and consulting fees related to best efforts private placement offerings. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Partnership's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Revenue for success fees is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. Success fees are considered variable consideration as the uncertainty is dependent on the timing and amount of the closing, both of which are highly susceptible to factors outside the Partnership's influence. Revenues are recognized once it is probable that a significant reversal will not occur.

Revenue for consulting fees are recognized by the Partnership over time as the performance obligations are simultaneously provided by the Partnership and consumed by the customer.

Translation of Foreign Currencies

Assets and liabilities denominated in foreign currencies are translated at rates of exchange as of the transaction date; statement of income amounts are translated at rates of exchange as of the transaction date. Gains or losses from foreign currency transactions are included in net income.

Income Taxes

For the period January 1, 2022 through June 30, 2022, taxable income or loss of the Partnership is included in the income tax returns of the partners.

Effective July 1, 2022, the Partnership is technically terminated for corporate income tax purposes, and its taxable income or loss is included in the consolidated federal and state income tax returns of Mizuho Americas LLC. The Partnership accounts for income taxes in accordance with ASC 740, Income Taxes ("ASC 740"). ASC 740 prescribes the method to account for uncertainty in income tax positions taken or expected to be taken in a tax return by applying a "more likely than not" ("MLTN") criteria as to whether a tax position will be sustained upon examination, based on the technical merits of the position. Accordingly, the Partnership assesses this likelihood based on the facts, circumstances, and information available at the end of each period. A tax position that meets the MLTN recognition threshold is measured initially and subsequently as the largest amount of tax benefit that will likely be realized upon settlement with a taxing authority that has full knowledge of all the relevant information. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. Deferred tax expenses or benefits are recognized in the Financial Statements at amounts expected to be realized for the changes in deferred tax liabilities ("DTLs") or assets ("DTAs") between years. The Partnership recognizes the current and deferred tax consequences of all transactions in the Financial Statements using the provisions of the currently enacted tax laws. It is a policy to include interest and penalties related to gross unrecognized tax benefits within its provision or benefit for income taxes.

Note 3 - Related Party Transactions

The Partnership and Capstone LP entered into an office and administrative services agreement effective February 1, 2017, for a one-year term, automatically renewable, unless cancelled by either party. The Agreement was cancelled effective October 31, 2022. Under the agreement, Capstone LP provided all management and back-office services required by the Partnership, including, but not limited to administrative services. Capstone LP allocated a pro-rata portion of such expenses incurred by Capstone LP on account of the Partnership. In making such allocation, Capstone LP equated the proportional cost of each facility or service with the proportional use or benefit derived by the Partnership. The agreement required the Partnership to pay a monthly service fee of \$110,000 for January 2022 through October 31, 2022. A one-time discretionary catch-up fee was issued in June 2022 in the amount of \$1,040,000 to true-up for actual expenses incurred by Capstone LP during the 1st half of 2022.

Note 3 - Related Party Transactions (cont.)

The Company and its affiliates share various resources for which they also share the associated costs under a Master Services, Personnel Allocation and Cost Reimbursement Agreement. These are costs allocated to the Company for research, sales commissions, personnel expenses and other operational support and services, primarily from Mizuho Americas Services LLC and Mizuho Securities USA LLC. Amounts allocated to the Company totaled \$5,524,442 for the period July 1, 2022 through December 31, 2022, of which \$963,295 is payable at December 31, 2022.

The Partnership has state taxes payable due to the General Partner of \$217,337 at December 31, 2022.

The Partnership has receivables due from Mizuho Americas LLC for federal and state income taxes totaling \$952,541 and \$53,283, respectively.

Note 4 - Concentration of Revenue

Two registered securities representatives of the Partnership generated approximately 53% of the Partnership's revenue and accounted for approximately 39% of the Partnership's commissions expense for the year ended December 31, 2022. The Partnership is economically dependent upon these registered representatives due to the concentration of services provided by them. The Partnership has \$1,024,112 in commissions payable to these Registered Representatives at December 31, 2022.

Note 5 - Net Capital Requirements

The Partnership is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2022, the Partnership had net capital of \$2,522,681 which was \$2,332,016 in excess of its net capital requirement of \$190,665. The Partnership's net capital ratio was 1.09 to 1.

On April 12, 2022, FINRA notified management that FINRA staff did not feel the Company's contracts with its registered representatives met the criteria described in FINRA Regulatory Notice 21-27, which would allow unsecured receivables not to be deducted from net worth to the extent the Company also has a related payable to its registered representatives. This resulted in the Company's receivables being fully treated as non-allowable assets for the purposes of the net capital computation, which caused the Company to be in net capital deficiency from at least the period December 31, 2021, through April 11, 2022. The Company revised its contracts with its registered representatives on April 12, 2022, at which point the Company was back in compliance with the minimum net capital requirements. The Company was in a net capital deficiency state from December 31, 2021 to April 11, 2022. The Company filed notification under SEA rule 17a-11 with FINRA initially on April 13, 2022, subsequently submitted a revised filing to FINRA on April 26, 2022 amending the "Reason for the Deficiency"; and finally a 3rd revised copy to FINRA and the SEC on April 27, 2022, which included final revised verbiage regarding the "Reason for the Deficiency" as well as the addition of AI violation directly related to the net capital violation (AI was greater than 1,500% of Net Capital). The net capital deficiency and AI violation were cured on April 12, 2022.

CSP SECURITIES, LP
Notes to Financial Statements (cont.)
December 31, 2022

Note 5 - Net Capital Requirements (cont.)

The Company was also in net capital deficiency from June 30 to July 1, 2022. On June 30, 2022, prior to a capital distribution, a net capital computation was completed to ensure sufficient capital for the distribution. This computation failed to account for a portion of the payable that were not eligible for allowable tax treatment which has a material impact on net capital. As a result, the distribution put the Company into net capital deficiency, which was resolved within 24 hours, by July 1, 2022, as a result of receipt of two large outstanding receivable payments. During this period the Company did not engage in the securities business. The Company filed notification under SEA rule 17a-11 with FINRA on July 7, 2022. The net capital deficiency was cured on July 2, 2022.
