REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Member of
McMorgan & Company Capital Advisors, LLC
San Francisco, California

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of McMorgan & Company Capital Advisors, LLC (the "Company") as of December 31, 2018 and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of McMorgan & Company Capital Advisors, LLC as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Change in Accounting Principle

As described in Note 2 to the financial statements, the Company has changed its method of accounting for revenue in 2018 due to the adoption of Accounting Standards Update No. 2014-09 ("ASU 2014-09"), Revenue from Contracts with Customers ("Topic 606"). Our opinion is not modified with respect to that matter.

Armanino LLP

The accompanying notes are an integral part of these financial statements.

MCMORGAN & COMPANY CAPITAL ADVISORS, LLC

Notes to Financial Statements

December 31, 2018

1. Organization

McMorgan & Company Capital Advisors, LLC (the "Company"), was incorporated on October 1, 2012 ("Inception"), in the State of Delaware. The Company is a registered broker-dealer with the Securities and Exchange Commission (the "SEC"), is a member of the Financial Industry Regulatory Authority, Inc. (the "FINRA"), and is a wholly-owned subsidiary of McMorgan & Company LLC (the "Parent"). The Company is in the business of providing investment management services to employee benefit plans. The Company also provides solicitation, support, and client relations services to certain retirement/benefit plan investment advisory clients in the Taft-Hartley market space.

2. Summary of Significant Accounting Policies

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates based on assumptions about current and sometimes future economic and market conditions, which affect reported amounts and related disclosures in the Company's financial statements. Although the Company's estimates contemplate current conditions and how management expects them to change in the future, as appropriate, it is reasonably possible that future actual conditions could be different than anticipated in those estimates. Significant estimates include the collectability of placement fee receivable.

Cash and cash equivalents

Cash and cash equivalents consist of demand deposits and are recorded at cost, which approximates fair value. The Company considers short-term, highly liquid investments with an original maturity date of three months or less to be cash equivalents.

Placement fee receivable

Placement fee receivable is presented net of estimated uncollectible amounts. The normal payment terms are generally 30 to 90 days from the invoice date, which are billed according to the agreement terms. The Company records an allowance for estimated uncollectible accounts in an amount approximating probable losses. Individual uncollectible accounts are written off against the allowance when collection of the individual accounts appears doubtful. As of December 31, 2018, management believes all receivables are collectible.

2. Summary of Significant Accounting Policies (continued)

Revenue recognition

Placement fees are earned upon the successful conclusion of placement engagements and throughout the life of the engagement until the account is terminated.

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers ("Topic 606") ("ASU 2014-09"), which amends the existing accounting standards for revenue recognition. ASU 2014-09 is based on principles that govern the recognition of revenue at an amount an entity expects to be entitled when products or services are transferred to customers. ASU 2014-09 is now effective for the Company's fiscal year beginning January 1, 2018. The Company adopted the provisions of this guidance on January 1, 2018 using the modified retrospective approach. The Company has performed an assessment of its revenue contracts and has not identified any material changes to the timing or amount of its revenue recognition under ASU 2014-09. Therefore, there is no cumulative effect adjustment in the accompanying financial statements. The Company's accounting policies did not change materially as a result of applying the principles of revenue recognition from ASU 2014-09 and are largely consistent with existing guidance and current practices applied by the Company.

Income taxes

The Company is organized as a limited liability company, which is treated as a disregarded entity for federal tax purposes. Under limited liability company rules, substantially all income tax liabilities flow through to the Member, with the exception of certain state taxes. Federal, state, and local income taxes have not been provided for in these financial statements to the extent the Member of the Company is responsible for reporting its allocable share of income, gains, deductions, losses, and credits on its respective individual tax returns. The Company files income tax returns in the U.S federal jurisdiction and the state of California. Generally, the Company is subject to examination by federal (or state and local) income tax authorities for three years from the filing of a tax return.

Subsequent events

Subsequent events are events or transactions that occur after the statement of financial condition date but before financial statements are issued. The Company recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of financial condition, including the estimates inherent in the process of preparing the financial statements. The Company's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of financial condition but arose after the statement of financial condition date and before financial statements are issued. Management has evaluated events and transactions for potential recognition or disclosure through February 19, 2019, the date the financial statements were issued.

MCMORGAN & COMPANY CAPITAL ADVISORS, LLC
Notes to Financial Statements
December 31, 2018

3. Related-Party Transactions

As of October 1, 2012, the Company entered into an Expense Sharing Agreement with its Parent, whereby the Company will reimburse the Parent for payroll and certain administrative costs. These costs, including other expenses paid by the Parent on behalf of the Company, totaled \$675,834 for the year ended December 31, 2018, and are included in compensation and operating expenses on the accompanying statement of operations, of which \$ 75,666 is included in the liabilities section of the Statement of Financial Condition as of December 31, 2018.

4. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2018, the Company had net capital of \$331,604, which was \$325,198 in excess of its required net capital of \$6,406. The Company's ratio of aggregate indebtedness to net capital at December 31, 2018, was 0.29 to 1.

5. Concentrations

The Company has cash and cash equivalents in the form of deposits, which, from time to time, may exceed depository insurance limits. The Company has not experienced any losses in such accounts and believes they are not exposed to any significant risk of loss.

Five customers accounted for 85% of revenue and four customers accounted for 93% of the placement fee receivable for the year ended and as of December 31, 2018.

6. Defined Contribution Plan

Employees are eligible to participate in a 401(k) defined contribution plan administered by the Parent. The Parent matches 50% of an employee's contribution up to 6% of eligible compensation. In addition, the plan allows for a profit sharing contribution that is a discretionary contribution determined annually by the Parent. If made, the profit sharing contribution is based on a percentage of the employee's eligible earnings. The employer match and profit sharing expense allocated to the Company amounted to \$22,619 for the year ended December 31, 2018. The expense is covered by the Expense Sharing Agreement and is included in compensation expense on the accompanying statement of operations.
