Note 1 - Industry Operations

Frontegra Strategies, LLC (formerly known as Frontegra Alternative Strategies, LLC) (the “Company”) was formed on March 15, 2005 as a Delaware limited liability company. On February 5, 2018, the Company entered into a purchase agreement with Frontier North America Holdings, Inc. (“Frontier”), whereby Frontier North America Holdings, Inc. purchased a 100% of the sole member’s interest in the Company for \$3 million.

The Company filed its continuing membership application with FINRA and the sale was completed April 2, 2018. The Company is a registered securities broker-dealer engaged in the business of selling mutual funds and promoting interests in limited partnerships, limited liability companies, and other similar private equity products. The Company also acts as the principal distributor of mutual fund shares. The Company is exempt from the reporting requirements under Rule 15c3-3(k)(2)(i).

Note 2 - Summary of Significant Accounting Policies

Aspects of the Limited Liability Company – As a limited liability company, the member’s liability is limited to capital invested. Under its operating agreement, the Company has one class of member interest, and the member’s interest is proportional to the number of equity units acquired by the member to the total number of units issued by the Company. Allocation of profits, losses, and distributions is in accordance with the terms as defined in the operating agreement. The Company shall remain in perpetuity unless sooner terminated, as provided in the operating agreement.

Note 2 - Summary of Significant Accounting Policies (Continued)

Cash – The Company maintains its cash in a bank account, which at times may exceed federally insured limits. The Company has not experienced any losses in such account and believes it is not exposed to any significant credit risk on cash.

Customer Receivables – Receivables are carried at original invoice amount less any estimates made for doubtful receivables. Management determines the allowances for doubtful accounts by reviewing and identifying troubled accounts on a monthly basis and by using historical experience applied to an aging of accounts. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received.

Revenue Recognition – Revenue from contracts with customers includes success-based transaction fees. The Company recognizes revenue when it earns fees on assets raised for investment in mutual funds, limited partnerships, limited liability companies and other similar private equity products. These fees are primarily earned over time and are generally assessed based on a percentage of the average market value of raised assets under management during the period.

The Company adopted the *Provisions of Accounting Standards Update No. 2014-09, Revenue from Contracts with Customers*, using the modified retrospective approach on January 1, 2018 and there was no cumulative effect adjustment recognized.

Income Taxes – The Company is treated as a partnership for federal income tax purposes. Consequently, federal income taxes are not payable by, or provided for, the Company. The member is taxed individually on the Company's earnings.

Note 2 - Summary of Significant Accounting Policies (Continued)

Accordingly, the financial statements do not reflect a provision for income taxes.

The Company has no uncertain tax positions.

Management Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events – The Company has evaluated subsequent events through February 21, 2018, the date the financial statements are issued.

Note 3 - Uniform Net Capital Rule

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The rule also provides that equity capital may not be withdrawn if the resulting capital ratio would exceed 10 to 1. As of December 31, 2018, the Company had net capital of \$808,292, of which \$783,292 was in excess of its required net capital. The Company's ratio of aggregate indebtedness to net capital was 0.0428 to 1.

Note 4 - Major Customer

In 2018, revenues from one customer amounted to 100 percent of the Company's fee revenue. The receivable balance for this customer was \$348,826 as of December 31, 2018.
