Note 1 - Industry Operations

Frontegra Strategies, LLC (the “Company”) was formed on March 15, 2005 as a Delaware limited liability company. The Company is wholly owned by Frontier North America Holdings, Inc. (“Frontier”).

The Company is a registered securities broker-dealer engaged in the business of selling mutual funds and promoting interests in limited partnerships, limited liability companies, and other similar private equity products. The Company also acts as the principal distributor of mutual fund shares. The Company does not claim an exemption from SEC Rule 15c3-3 in reliance upon Footnote 74 of SEC Release No. 34-70073 and as discussed in Question 8 of the related FAQ released by SEC staff.

Note 2 - Summary of Significant Accounting Policies

Aspects of the Limited Liability Company – As a limited liability company, the member’s liability is limited to capital invested. Under its operating agreement, the Company has one class of member interest, and the member’s interest is proportional to the number of equity units acquired by the member to the total number of units issued by the Company. Allocation of profits, losses, and distributions is in accordance with the terms as defined in the operating agreement. The Company shall remain in perpetuity unless sooner terminated, as provided in the operating agreement.

Cash – The Company maintains its cash in a bank account, which at times may exceed federally insured limits. The Company has not experienced any losses in such account and believes it is not exposed to any significant credit risk on cash.

Note 2 - Summary of Significant Accounting Policies (Continued)

Customer Receivables – Receivables are carried at original invoice amount less any estimates made for doubtful receivables. Management determines the allowances for doubtful accounts by reviewing and identifying troubled accounts on a monthly basis and by using historical experience applied to an aging of accounts. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received.

Revenue Recognition – Revenue from contracts with customers includes success-based transaction fees. The Company recognizes revenue when it earns fees on assets raised for investment in mutual funds, limited partnerships, limited liability companies and other similar private equity products. These fees are primarily earned over time and are generally assessed based on a percentage of the average market value of raised assets under management during the period.

Income Taxes – As a single member LLC, the Company is a disregarded entity for federal income tax purposes. Consequently, federal income taxes are not payable by, or provided for, the Company. The Company's earnings are included on the member's tax return. Accordingly, the financial statements do not reflect a provision for income taxes.

Management Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events – The Company has evaluated subsequent events through August 23, 2022, the date the financial statements are issued. Subsequent to June 30, 2022, the Company approved a distribution in the amount of \$1,000,000 to the Member.

Note 3 – Related Party Transactions

The Company has an expense sharing agreement with an affiliated company, Frontier Partners, Inc. ("FP"), which is also owned by Frontier. The affiliated company provides the Company with administrative staff, office space and related operating expenses. The Company does not reimburse all of the affiliated expenses included in the expense sharing agreement. Financial position and results of operations would differ from the amounts in the accompanying financial statements if these related party transactions did not exist. Amounts owed to FP totaled \$0 as of June 30, 2022.

Note 4 - Uniform Net Capital Rule

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The rule also provides that equity capital may not be withdrawn if the resulting capital ratio would exceed 10 to 1. As of June 30, 2022, the Company had net capital of \$1,537,570, of which \$1,532,570 was in excess of its required net capital. The Company's ratio of aggregate indebtedness to net capital was 0.01 to 1.

Note 5 - Major Customer

In the year ending June 30, 2022, revenues from one customer amounted to 93.31 percent of the Company's fee revenue. The receivable balance for this customer was \$158,010 as of June 30, 2022.

Frontegra Strategies, LLC's management is responsible for compliance with 17 C.F.R. §240.15c3-3 and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Frontegra Strategies, LLC's compliance with SEC Rule 15c3-3. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in 17 C.F.R. §240.15c3-3 under the Securities Exchange Act of 1934.
