To the Board of Directors and Member of MVP Financial, LLC

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of MVP Financial, LLC as of December 31, 2019 and the related statement of operations, changes in member equity(deficit), and cash flows for the year then ended and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of MVP Financial, LLC as of December 31, 2019, and the results of its operations and its cash flow for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Explanatory Paragraph – Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has an accumulated deficit and no ongoing sources of revenue. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

The accompanying notes are an integral part of these financial statements.

1. Nature of business

MVP Financial, LLC (the “Company”) is a Delaware limited liability company incorporated on January 15, 2004 whose sole member is Steven Perlstein (“Member”). The liability of the Member for the losses, debts and obligations of the Company is generally limited to his capital contributions. The Company is registered as a broker-dealer with the Securities and Exchange Commission (“SEC”) and the Financial Industry Regulatory Authority, Inc. (“FINRA”).

On September 19, 2019, the Company’s Member entered into an agreement with a third party to sell 100% of the Company to the third party subject to FINRA approval of the change of control and other considerations. In connection therewith, the third party paid Mr. Perlstein \$70,000 and Mr. Perlstein contributed capital to the Company in the amount of \$70,000. The transaction has not closed as of February 28, 2020.

The Company is restricted from conducting a securities business and it did not conduct a securities business in 2019, due to insufficient net capital.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Company have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates and the differences could be material

Going Concern

The Company has no ongoing sources of revenue. Its continued existence is dependent on the successful conclusion of ongoing negotiations with an outside group which has indicated an interest in providing a capital infusion through equity ownership in the Company. Absent such capital infusion, there is substantial doubt that Company would be able to meet its continuing obligations for at least one year from the issuance of these financial statements (see Note 1).

Revenue Recognition

Effective January 1, 2018, the Company adopted ASC Topic 606, Revenue from Contracts with Customers (“ASC 606”). The new revenue recognition guidance requires an entity to follow a five-step model to recognize revenue in order to depict the transfer of promised

goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

The Company earned \$16,800 in revenue during the year from consulting services to one customer.

Cash Equivalents

The Company considers all highly liquid investments purchased with remaining maturities of three months or less to be cash equivalents. The Company did not have any cash equivalents at December 31, 2019.

Income Taxes

The Company is treated as a disregarded entity for income tax purposes. Earnings/losses are included in the Member's personal income tax returns and taxed depending on his personal tax situation. Therefore, no provision or liability for federal income taxes has been included in the financial statements. The Company believes that it has appropriate support for any tax positions taken and, accordingly, does not have any uncertain tax positions that are material to the financial statements. Management believes its tax returns are no longer subject to taxing authority examinations for years prior to 2015.

3. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1, the "Rule"), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, as both defined, shall not exceed 15 to 1. In accordance with the Rule, the Company is required to maintain defined minimum net capital equal to the greater of \$5,000 or 1/15 of aggregate indebtedness.

At December 31, 2019, the Company had net capital, as defined, of negative \$25,445, which compared to the requirement of \$5,000 results in a deficiency of \$30,445. Aggregate indebtedness at December 31, 2019 totaled \$27,472. The percentage of aggregate indebtedness to net capital was (107.97)%.

The Company was not in compliance with its net capital requirement at any time during the year ended December 31, 2019. As a result of the net capital deficiency, FINRA may impose certain fines and penalties on the Company. As of the date these financial statements were available to be issued, the likelihood and amount of these fines and penalties is undeterminable.

4. Subordinated Loan

The Company entered into a \$50,000 subordinated loan agreement which is not available for net capital purposes with a related party individual in 2009. The loan accrues interest at 12% per annum, with no specified repayment terms and is due on demand. As of December 31, 2019, total outstanding principal and accrued interest were \$25,000 and \$1,000,

respectively. Interest expense incurred on this loan totaled \$3,000 for the year ended December 31, 2019.

5. Concentrations of Credit Risk and Other Matters

The Company believes that it has no material credit risk concentrations at December 31, 2019.

6. Capital Contributions of Member

The Company's Member contributed \$94,747 in additional capital during the year ended December 31, 2019.

7. Subsequent Events

Subsequent events were evaluated through February 28, 2020 which is the date the financial statements were available to be issued.

On February 25, 2020 the Company's Member contributed \$50,000 in additional capital.

On February 26, 2020, the Company repaid its \$25,000 subordinated loan with interest of \$1,500 which had accrued through that date.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Member of MVP Financial, LLC

We have reviewed management's statements, included in the accompanying Exemption Report for SEC Rule §15c3-3 Reserve requirements, in which (1) MVP Financial, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which MVP Financial, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (the "exemption provisions") and (2) MVP Financial, LLC stated that MVP Financial, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. MVP Financial, LLC management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about MVP Financial, LLC compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
