Note 1 - Basis of Presentation

The unaudited condensed financial statements have been prepared in accordance with United States generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation. All such adjustments are of a normal recurring nature. The results of operations for the interim period are not necessarily indicative of the results to be expected for a full year. Certain amounts in the prior year statements have been reclassified to conform to the current year presentations. The statements should be read in conjunction with the financial statements and footnotes thereto included in our Form 10-KSB for the year ended December 31, 2006.

The financial statements include our wholly owned subsidiary. All significant inter-company transactions and balances have been eliminated.

Note 2 – Going Concern

The accompanying condensed consolidated financial statements have been prepared assuming that we will continue as a going concern. Our ability to continue as a going concern is dependent upon attaining profitable operations based on the development of products that can be sold. We intend to use borrowings and security sales to mitigate the affects of our cash position, however, no assurance can be given that debt or equity financing, if and when required, will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should we be unable to continue in existence.

Note 3 – Acquisition of subsidiaries

Accordingly, Eworld China is treated as a variable interest entity of the Group and its results are consolidated into those of the Group. For the quarter ended June 30, 2007, we record an impairment of goodwill arising from this transaction of \$545,221.

Note 4 – Convertible Notes

We sold \$1,000,000 in convertible notes with a detachable warrant in the quarter ended March 31, 2007 for net proceeds of \$915,000. We are under the obligation to register the underlying equity with penalty if not declared effective within six months.

On June 11, 2007, the entire amounts of the convertible notes were converted to 1,666,667 shares of common stocks.
