Tabular Disclosure of Contractual Obligations, page 51

1. We note that you report having \$8.9 billion in aircraft and engine purchase commitments as of December 31, 2018, although in the second paragraph on page 50, and in financial statement Note 27 on page F-65, you indicate this amount is based on aircraft list prices, rather than the specific terms of your agreements.

The disclosures you provide under Item 5.F of Form 20-F should reflect the amounts you are required and expect to pay under your purchase obligations, and should include details of any provisions that are necessary to understand any material uncertainty or variability in the timing and amounts of the specified obligations.

actual amounts of contractual commitments for the acquisition of property, plant and equipment to comply with paragraph 74(c) of IAS 16.

Please describe the measures you will take to ensure that future disclosures conform with these requirements. Tell us the amounts of aircraft and engine purchase commitments as of December 31, 2018, and describe the changes you propose for the table of contractual obligations and the corresponding note to your financial statements.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Mark Wojciechowski, Staff Accountant, at 202-551-3759 or Jenifer Gallagher, Staff Accountant, at 202-551-3706 with any questions.
