With
Independent Auditor's Report

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
1964 Global, LLC

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of 1964 Global, LLC (the "Company") as of June 30, 2021, the related statements of operations, changes in member's equity, and cash flows for the year then ended and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of June 30, 2021, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement to the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The information contained in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the information in Schedules I, II and III reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the accompanying schedules. In forming our opinion on the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented

in conformity with 17 C.F.R. §240.17a-5. In our opinion, the aforementioned supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Company's auditor since 2008.

1964 Global, LLC
NOTES TO FINANCIAL STATEMENTS
June 30, 2021

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business: 1964 Global, LLC (the "Company") is a registered broker dealer whose primary business is in the private placement of taxable debt and equity and the consulting advice that normally accompanies those activities. Since 2006, the Company has been approved as a securities broker by the Securities and Exchange Commission ("SEC") in addition to being a member of the Financial Industry Regulatory Authority ("FINRA") and registered with the state of New York. As a limited liability company, the member's liability is limited to his investment.

Cash and Cash Equivalents: The Company considers all cash and money market instruments with a maturity of ninety days or less to be cash and cash equivalents.

The Company maintains its bank accounts in high credit quality financial institutions. Balances at times may exceed federally insured limits.

Property and Equipment: Property and equipment consists of office furniture, equipment and leasehold improvements which are recorded at cost. Depreciation is provided by use of straight-line methods over the estimated useful lives of the respective assets.

Income Taxes: The Company is a single-member limited liability company and is not recognized as a reporting entity under the Internal Revenue Code for taxation purposes. Accordingly, the Company does not file a separate income tax return. The effects of the Company's operations are passed through to the member for taxation purposes.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10 (ASC 740-10), Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a return.

The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

Revenue Recognition: Revenue from contracts with customers includes underwriting income, placement and advisory services. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

1964 Global, LLC
NOTES TO FINANCIAL STATEMENTS
June 30, 2021

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (continued):

The Company provides placement and advisory service related to capital raising activities. Revenue for advisory arrangements is generally recognized at the point in time that performance under the agreement is completed (the closing date of transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgement is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract.

The Company engages in underwritings of securities for entities that want to raise funds through a sale of securities. Revenues are earned from fees arising from securities offerings in which the Company participates as an underwriter. Revenue from underwritings is recognized on the trade date (the date on which the securities are purchased from the issuer). The Company believes that the trade date is the appropriate point in time to recognize revenue for securities underwriting transactions as there are no significant actions which the Company needs to take subsequent to this date and the issuer obtains the control and benefit of the capital markets offering at that point.

The Company additionally provides advisory services in assisting customers with improving bond ratings with various agencies. Revenue pertaining to these services is recognized when the Company satisfies its performance obligation by transferring the promised service to its customers. The Company's performance obligation is satisfied at a point in time when the Company has determined that the customer obtains control over the promised service.

Use of Estimates: The Company maintains its accounting records on an accrual basis and follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (FASB), to ensure consistent reporting of financial condition, results of operation, and cash flows.

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Securities Owned: Securities owned consist of investments in publicly traded common stock that are valued at fair value. The resulting difference between cost and fair value is included in the statement of operations. Proprietary securities transactions are reported on the trade date.

Date of Management's Review: Subsequent events were evaluated through the date the financial statements were issued.

NOTES TO FINANCIAL STATEMENTS

NOTE B - NET CAPITAL

The Company, as a registered broker dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2021, the Company had net capital of \$273,866, which was \$268,866 in excess of its required minimum net capital of \$5,000 and its ratio of aggregate indebtedness to net capital was 0.01 to 1.00.

NOTE C- FAIR VALUE MEASUREMENTS

The Company's investments in common stocks are carried at fair value based on quoted market sources.

FASB ASC 820, Fair Value Measurement, defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1: quoted prices in active markets for identical assets or liabilities the Company has the ability to access at the measurement date.
- Level 2: inputs (other than quoted prices) that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability developed using estimates and assumptions which reflect those that market participants would use. (The unobservable inputs are developed based on the best information available in the circumstances and may include the Company's own data)

The following table presents the Company's fair value hierarchy for those assets measured at fair value on a recurring basis as of June 30, 2021.

	Fair Value			
	Measurements Level 1		Level 2	Level 3
	<u>June 30, 2021</u>	<u>Valuation</u>	<u>Valuation</u>	<u>Valuation</u>

NOTE D – PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

Leasehold improvements	\$ 359,864
Office equipment	38,787
Furniture and fixtures	<u>30,061</u>
	428,712
Less accumulated depreciation	<u>(306,945)</u>
Net property and equipment	<u>\$ 121,767</u>

NOTE E - RELATED PARTY TRANSACTIONS

The Company utilizes office space located in New York that is owned by its sole member pursuant to a month-to-month arrangement. During the year ended June 30, 2021, the Company paid approximately \$1,378 to or on behalf of the sole member for use of this space. The leasehold improvements included in property and equipment are in the member-owned office space that is occupied by the Company.

In addition, the Company utilizes office space located in Louisiana occupied by its sole member pursuant to an informal agreement. The Company was not allocated any of the cost of this space during the year ended June 30, 2021.

The Company operates from office space located in Florida that is owned by its member at no cost to the Company pursuant to a month-to-month arrangement.

The due from related party at June 30, 2021 represents advances to a sister company owned by the Company's member. The advances are non-interest bearing and due on demand.

Financial position and results of operations would have differed from the amounts in the accompanying financial statements if the aforementioned related party transactions did not exist.

NOTE F – PREPAID EXPENSES AND OTHER ASSETS

Approximately \$39,600 in prepaid expenses and other assets consist of various pieces of collectible art that are recorded at cost. No depreciation has been recorded due to the lack of determinable economic life. Approximately \$61,000 in prepaid expenses and other assets consist of membership in a private jet club that allows access to a number of flight hours that are to be used in the future.

1964 Global, LLC
NOTES TO FINANCIAL STATEMENTS
June 30, 2021

NOTE G – CONCENTRATIONS

During fiscal year 2021, the Company had one customer that accounted for all of underwriting revenue.

NOTE H – CONTINGENCIES

The Company is subject to arbitration and litigation in the normal course of business. The Company and its member are subject to a complaint from a former customer seeking to bar the Company from pursuing collection action related to fees the Company alleges that it earned in prior years. The member believes that the cost to settle this matter will not have a significant adverse effect on the Company's financial position.

NOTE I – LEASES

As mentioned in Note E, the Company leases office space located in New York and Florida on a month-to-month basis from its sole member in addition to utilizing office space located in Louisiana occupied by its sole member pursuant to an informal agreement. The Company has elected, for all underlying classes of assets, to not recognize right of use (ROU) assets and lease liabilities for short term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. The Company recognizes lease costs associated with short term lease on a straight-line basis over the lease term.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
1964 Global, LLC

We have reviewed management's statements included in the accompanying Broker Dealers Annual Exemption Report in which (1) 1964 Global, LLC did not claim an exemption from Rule 15c3-3 in reliance upon Footnote 74 of the 2013 Release, and (2) 1964 Global, LLC stated that 1964 Global, LLC met the identified conditions for such reliance throughout the most recent fiscal year without exception. 1964 Global, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about 1964 Global, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in Footnote 74 of the 2013 Release.

Rubio CPA, PC

1964 GLOBAL, LLC'S EXEMPTION REPORT

We, as members of management of 1964 Global, LLC (the "Company"), are responsible for complying with Rule 17a-5, "Reports to be made by certain brokers and dealers". We have performed an evaluation of the Company's compliance with the requirements of Rule 17a-5 and the exemption provisions in Rule 15c3-3(k) (the "exemption provisions") and of the 2013 Release adopting amendments to Rule 17a-5, including Footnote 74 of the 2013 Release.

We have determined that the Company does not meet any of the exemption conditions of paragraph (k) of Rule 15c3-3 (i.e., paragraph (k)(1), (k)(2)(i) or (k)(2)(ii)) but also (1) does not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Exchange Act Rule 15c2-4 ("Rule 15c2-4"); (2) does not carry accounts of or for customers; and (3) does not carry PAB accounts (as defined in Rule 15c3-3) and therefore is covered by Footnote 74 of the 2013 Release.

Accordingly, based on our evaluation we make the following statements to the best knowledge and belief of the Company:

1. We reviewed the provisions of Rule §15c3-3 and related guidance stated in the SEC Staff's FAQ and confirmed that the Company relied on Footnote 74 of the 2013 Release.
2. The Company conducted business activities involving placement and advisory services to customers and the consulting advice that normally accompanies those activities throughout the year ended June 30, 2021 without exception.
3. The Company met the identified conditions for such reliance throughout the period July 1, 2020 to June 30, 2021 without exception.
