**Pediment Gold Corp. Announces Unit Private Placement**

**VANCOUVER, British Columbia, September 18, 2009** – Pediment Gold Corp. (TSX:PEZ and OTCBB:PEZGF) (the “Pediment” or the “Company”) announces that it has entered into an agreement with a single arm’s length subscriber to issue by way of a private placement 3,223,000 units at a price of \$0.75 per unit for gross proceeds of \$2,417,250 (the “Units”). The subscriber is a prominent Mexican businessman with extensive business dealings and investments, including Mexican based mining operations. Gary Freeman, Pediment’s President and CEO, states that the Company is pleased to have the support of influential business people in Mexico in support of Mexico’s growth in the mining sector.

Each Unit will comprise one common share and one-half of one share purchase warrant. Each whole warrant will be exercisable to acquire one additional common share at a price of \$0.90 per share for a period of 18 months from the closing date. The Company will pay a finder’s fee in respect of the placement of the Units in the form of a cash fee of 6.0% of the gross proceeds of the offering and 257,840 finder’s warrants, each finder’s warrant being exercisable to acquire one additional Unit at a price of \$0.83 per Unit for a period of 18 months from the closing date.

The offering is subject to certain conditions including, but not limited to, the receipt of all necessary approvals, including the acceptance of the Toronto Stock Exchange.

**Forward-Looking Statement Cautions:**

This press release contains certain “forward-looking statements”, as defined in the United States Private Securities Litigation Reform Act of 1995, and within the meaning of Canadian securities legislation, relating to a proposed unit private placement. Such statements include, without limitation, statements regarding the need to secure regulatory approvals in order to complete the closing. Although the Company believes that it will complete the closing, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are statements that are not historical facts; they are generally, but not always, identified by the words “expects,” “plans,” “anticipates,” “believes,” “intends,” “estimates,” “projects,” “aims,” “potential,” “goal,” “objective,” “prospective,” and similar expressions, or that events or conditions “will,” “would,” “may,” “can,” “could” or “should” occur, or are those statements, which, by their nature, refer to future events. The Company cautions that forward-looking statements are based on the beliefs, estimates and opinions of the Company’s management on the date the statements are made and they involve a number of risks and uncertainties. Consequently, there can be no assurances that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. The Company undertakes no obligation to update these forward-looking statements if management’s beliefs, estimates or opinions, or other factors, should change. Factors that could cause future results to differ materially from those anticipated in these forward-looking statements include, the Company’s inability to secure subscriptions from investors to complete the proposed financing in whole or in part, a management decision to change the use of proceeds based on changing circumstances, the volatility of metals prices, the possibility that exploration efforts will not yield economically recoverable quantities of metals, accidents and other risks associated with mineral exploration and development operations, the risk that the Company will encounter unanticipated geological factors, the Company’s need for and ability to obtain additional financing, the possibility that the Company may not be able to secure permitting and other governmental clearances necessary to carry out the Company’s exploration and development plans. The reader is urged to refer to the Company’s reports, publicly available through the Canadian Securities Administrators’ System for Electronic Document Analysis and Retrieval (SEDAR) at [www.sedar.com](http://www.sedar.com), and the U.S.

Securities and Exchange Commission's Electronic Data Gathering and Retrieval (EDGAR) System at [www.sec.gov](http://www.sec.gov), for a more complete discussion of such risk factors and their potential effects.
