In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. Form 10-K for the Fiscal Year Ended December 31, 2008

Consolidated Statement of Changes in Stockholders' Equity, page F-6

1. We note that you have not presented share activity in your Consolidated Statement of Changes in Stockholders' Equity. Please disclose this activity as required by Rule 5-02.30 of Regulation S-X.

Note 12 – Long-Term Debt, page F-26

2. You disclose that as of October 27, 2008 all of your 8.625% Senior Notes Due 2015 and Senior Floating Rate Notes Due 2014 were exchanged for substantially identical notes that are registered under the Securities Act of 1933. It appears that

you need to follow the guidance in Item 503(d) and Item 601(b)(12) of Regulation S-K, which requires entities with registered debt to present a ratio of earning to fixed charges and to provide as an exhibit a statement that sets forth the computation.

Exhibits

3. We note that your Section 302(a) Certifications located at Exhibits 31.1 and 31.2 do not conform to the requirements of Item 601(b)(31) of Regulation S-K, as you have omitted the language pertaining to your responsibility for internal control over financial reporting, required in the introductory section of paragraph 4. Please revise your certifications to include the appropriate representations.

Engineering Comments

Notes to Consolidated Financial Statements, page F-7

Supplemental Information on Oil and Gas Producing Activities (Unaudited), page F-42

Reserve Quantity Information, page F-46

4. We note the 32% net positive revisions for your year-end 2008 proved reserves. Please explain the details – location, reserve estimation method, reserve development status, recovery improvement process etc - of the positive, performance-based component of your 453 BCFE net increase.

Changes in the Standardized Measure of Discounted Future Net Cash Flows from Proved Oil and Gas Reserves, page F-48

5. Line item (g) in paragraph 33 of FAS 69 requires the disclosure of “previously estimated development costs incurred during the period”. Your disclosure, “Development costs incurred”, presents figures identical with the historical costs incurred on page F-43, not the previously estimated development costs contemplated in FAS 69. Please explain to us how you will comply with FAS 69.
