PARK MADISON PARTNERS, LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2022

1. ORGANIZATION AND NATURE OF BUSINESS

Park Madison Partners, LLC (the "Company") was formed on January 20, 2006 and is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA"). The Company provides placement agent services primarily to domestic and international real estate investment funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The Company recognizes revenue on its management and advisory contracts on a pro-rata basis over the term of the contract, which approximates when services are performed, in compliance with the newly effective revenue recognition rules.

Revenues for retainers received in connection with placement engagements will be recognized as services are performed, in compliance with the recently effective revenue recognition rules. The Company believes services are performed approximately in line with when retainers are received, similar to management and advisory contracts. Therefore, retainers will be recognized pro-rata over the life of the retainer agreement.

Revenue for success fees earned for placement services is recognized upon either the closing of the associated funds, or a written commitment from the investor, as applicable, calculated in either case as a percentage of the capital commitment made by an investor. However, If the Company is still obligated to provide any services post close, revenue will be recognized per the recently effective revenue recognition rules.

In some cases, based on the contract, the receipt of some portion of a success fee may be paid subsequent to the date the success fee is earned. In certain cases, interest accrues at the contracted stated rate for any period in which a placement fee receivable is outstanding. The accrued interest is included in the amount reflected as placement fees receivable. In any event, revenue earned in this case will be recognized per the recently effective revenue recognition rules. No interest has been charged on success fee staged payments during 2022.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations

Three clients accounted for approximately 64% of investment advisory and private placement revenue for the current year.

The Company maintains cash with financial institutions. Funds deposited with a single bank are insured up to \$250,000 in the aggregate by the Federal Deposit Insurance Corporation ("FDIC"). At times, cash balances may be in excess of balances insured by FDIC. At year end amounts over the insurance limit were approximately \$3.52 million.

The Company also maintains cash and securities with a financial institution that is a member of the Securities Investor Protection Corporation ("SIPC"). Securities held by that institution on behalf of the Company are protected by SIPC up to \$500,000, which includes up to \$250,000 of protection for cash. At times the value of the Company's account may exceed the SIPC insurance limits. At year end securities in this financial institution exceeded SIPC insurance limits by approximately \$1.68.

Equipment, Furniture and Fixtures

Depreciation and amortization are provided on the straight-line method over the estimated useful lives.

Cash and Cash Equivalents

The Company considers all money market accounts and liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Fair Value Measurements

Fair value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels, as described in Note 3.

FOR THE YEAR ENDED DECEMBER 31, 2022

Income Taxes

The Company is treated as a disregarded entity for federal and state income tax purposes and, therefore, does not record a provision for income taxes, except as noted following. Accordingly, the members report their share of the Company's income or loss on their income tax returns.

Income taxes are determined on an asset and liability approach for financial accounting and reporting of income taxes. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each year end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company follows the standards for establishing and classifying any tax provisions for uncertain tax positions and recognizing any interest and penalties. The Company's policy is to recognize accrued interest and penalties related to unrecognized tax benefits as income tax expense. The Company is no longer subject to federal or state and local income tax examinations by tax authorities for years before 2019.

Use of Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Policy on Doubtful Accounts

The Company records an allowance for bad debts on receivables the Company deems uncollectible. Placement fees receivable are recognized and carried at net realizable value less an allowance for doubtful accounts. It is the policy of management of the company to review the outstanding accounts receivable as well as the bad debt write-offs and collections experienced in the past, economic factors, specific customer information, and current credit considerations to establish an allowance for doubtful accounts for potentially uncollectible amounts. Accounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts.
