This Letter of Transmittal is for use by all Electrolinks shareholders (collectively, the “**Shareholders**”, each being a “**Shareholder**”) of the common stock of Electrolinks (collectively, the “**Electrolinks Shares**”) in connection with the completion of the terms and conditions of the Business Combination Agreement and Amalgamation Agreement each of which is dated September 18, 2007 (herein referred to collectively as the “**Agreement**”) as entered into between High End, Power Grid Networks Ltd. (herein referred to as “**Power Grid**”) and Electrolinks.

In this regard the Shareholder hereby initially acknowledges and understands the following matters resulting from the terms and conditions of the Agreement:

I. On September 18, 2007 High End, Power Grid and Electrolinks entered into the Agreement whereby High End agreed to issue, exchange and deliver an aggregate of 21,584,183 shares of High End common stock (collectively, the “**High End Shares**”) to the Shareholders on a pro rata basis, entitling each Shareholder to a one half (½) share of High End common stock for each one (1) common share of Electrolinks common stock on the closing date defined in the Agreement, as on or before November 9, 2007 or as determined by the parties thereto (the “**Closing Date**”) in exchange for a one hundred percent (100%) ownership interest in Electrolinks in an aggregate of 43,168,366 shares. High End will not issue fractional shares in exchange for the Electrolinks Shares, rather High End will round fractional shares, if any, up to the next whole High End share.

BUSINESS COMBINATION AGREEMENT

PAGE - 30 -

II. The Agreement was approved by the shareholders of High End pursuant to a Special Shareholders Meeting dated November __, 2007 and by the shareholders of Electrolinks pursuant to a Special Shareholders Meeting dated October __, 2007. The High End Shares will be issued to each respective shareholder of Electrolinks in exchange for the Electrolinks Shares pursuant to the securities transaction exemptions afforded by Section 4(2), and/or Regulation S of the Securities Act. The High End Shares will be restricted securities each bearing a restrictive legend.

III. The Shareholder does hereby agree to assign, transfer and set over the Electrolinks Shares in exchange for the High End Shares in accordance with those terms and conditions provided in the Agreement.

IV. On the Closing Date, by virtue of the Agreement and without any action on the part of High End, Power Grid, Electrolinks, or the Shareholders:

1. each two Electrolinks Shares of Electrolinks common stock issued and outstanding immediately prior to the Closing Date, excluding any treasury shares held by Electrolinks, if any, will be converted into the right to receive one High End Share (the “**Common Stock Exchange Ratio**”) of fully paid and non-assessable shares of High End common stock and, where applicable, rounded up to the nearest whole number of High End common stock;
2. Electrolinks Shares will be exchanged for certificates evidencing High End Shares in accordance with the allocation procedures set forth herein and upon the surrender of such certificates in accordance with the provisions set forth hereinbelow; and
3. all Electrolinks Shares held in the treasury, if any, immediately prior to the Closing Date will be canceled and extinguished without any conversion thereof.

V. If required under the Canada Business Corporation Act (the “**Act**”), and notwithstanding any other provisions of the Agreement to the contrary, Electrolinks Shares that are outstanding immediately prior to the Closing Date and which are held by Shareholders who shall have not voted in favor of the Agreement or consented thereto in writing and who will have demanded properly in writing payment for such shares in accordance with the Act (collectively, the “**Dissenting Shares**”) will not be converted into or represent the right to receive the High End Shares. Such Shareholders will be entitled to receive payment of the value of the Electrolinks Shares held by them in accordance with the provisions of such sections of the Act, except that all Dissenting Shares held by Shareholders who shall have failed to perfect or who effectively shall have withdrawn or lost their rights to appraisal of such Electrolinks Shares under such sections of the Act shall thereupon be deemed to have been converted into and to have become exchangeable, as of the Closing Date, for the right to receive High End Shares, upon surrender, in the manner provided for hereinabove, of the certificate or certificates that evidence such Electrolinks Shares.

VI. In the event of any stock split, combination, reclassification, recapitalization, exchange, stock dividend or other distribution permitted under the Agreement and payable in High End Shares with respect to shares of High End common stock (or if a record date with respect to any of the foregoing should occur) during the period between the date of the Agreement and the Closing Date, then the Common Stock Exchange Ratio will be appropriately adjusted to reflect such stock split, combination, reclassification, recapitalization, exchange, stock dividend or other distribution.

VII. As a result of the foregoing the Shareholder hereby also acknowledges and understands that this Letter of Transmittal and other ancillary documents in respect of the same are intended to create a binding legal obligation between the Shareholder and each of High End, Power Grid and Electrolinks.

VIII. The Shareholder also understands that certain Electrolinks Shareholders' common stock share certificates may already be kept in the Electrolinks Corporate Minute Book. Those Shareholders whose certificates are in the possession of Electrolinks may utilize this Letter of Transmittal without the obligation of enclosing certificates for their Electrolinks Shares.

Please read carefully the attached instructions before completing this Letter of Transmittal. If you have any questions with respect to completing this Letter of Transmittal, please contact management of Electrolinks or your financial advisor as referenced herein.
